Re: Request for City Council endorsement
of HVCEO Grant Applications to CT OPM

Date: July 19, 2012

State grants have become available to implement shared services on a regional basis. As directed by HVCEO the staff has been preparing grant applications for state funds to design some regional services for our area. Both applications will enhance services in Danbury.

This particular grant program requires municipalities to endorse the regional applications. Towards that end, could you please place the attached resolution on your City Council agenda and request approval.

I will be pleased to attend the meeting to explain the process and answer questions. I am available any evening other than between August 13 thru 24.
