

LAKE KENOSIA COMMISSION

Minutes of the March 30, 2010 Meeting

Commission members present: Leslie Ballard daSilva, Carol Elder, Steve Landau (arrived late), Patty McCarthy, Regina Ofiero, Renee Paley-Bain, K.T. Shartouni

Others present: Jack Kozuchowski

Chairperson Regina Ofiero called the meeting to order at 5:40 p.m. The minutes of the February meeting were approved as written.

Regina turned the meeting over to Jack for his update. Brian is ready to put the newsletter on the web site, once we make a few changes. Reliable Excavating is still ready to go ahead with the buffer garden work, but the permit needs to be modified first. Three bids have been received for the suction harvesting.

A motion was made and seconded to have Enviro Science give us a presentation at our June meeting. After discussion, the motion passed. It would also be helpful to have Larry Marsicano (Executive Director of the Candlewood Lake Authority) present to give his report on the success or failure of the weevil use.

Jack then gave his in-service presentation on "Environmental Permitting in the Lake Kenosia Watershed", which was interesting and informative.

Leslie passed out information about a Lake Bottom Blanket, which can be used to prevent weeds from growing, and a 1991 Lake Kenosia Commission fund raising letter.

Our next meeting will be Monday, April 26th at 5:30 p.m. The agenda will be to discuss and approve the newsletter for the web site and a discussion on how to spend the rest of this year's budget. Please let Regina know whether or not you will be attending. The meeting was adjourned at 7:12 p.m.

Respectfully submitted,

Carol Elder
Secretary
