RE: Estimated DMEA Contract

Currently, we are in arbitration with the DMEA, and we will not receive a decision until September. Under the accounting rules and regulations, we are required at year end to estimate the amount that will be due and payable to DMEA members for the fiscal year July 1, 1992 through June 30, 1993. The estimated cost of the total due is \$43,392. As a result of the freezing of the budget this past fall, funds are available within various departments to absorb a major portion of this cost. Internal transfers have been made and there remains a balance of \$24,404 that must be appropriated by the Common Council to the various departments as listed on the attached sheet. Therefore, at the special meeting that you will be having in June, I would request that the Common Council transfer \$24,404 from the following departments:

Personnel Department		
Regular Salaries	02-01-185-010100	\$10,000.00
Finance Department		
Unemployment Insurance	02-09-131-073000	5,000.00
Airport		
Regular Salaries	02-13-001-010100	9,404.00

Once again, I would request that the Common Council approve this at its special meeting so that these funds are in place for our year-end closing.

REPORT

Honorable Members of the Common Council

Re: Request to Purchase Computer Equipment

The Common Council Committee appointed to review the request from the Fire Department to purchase computer equipment met on June 16, 1993 at 7:40 P.M. in Room 432 in City Hall. In attendance were committee members Scalzo and Dean Esposito. Also in attendance were Councilman John Esposito, ex-officio, Director of Finance Dominic Setaro, Supervisor of Computer Operations Frank Mastriani and Assistant Fire Chief Thomas Morris. A motion was made by Dean Esposito to waive the rules. Seconded by Mr. Scalzo so that an explanation of the request could be heard by all present. The motion carried unanimously.

Assistant Chief Morris gave a detailed explanation of the existing computer equipment at Fire Headquarters and the other stations and how it was now being used. He further emphasized the need for the requested purchase of software and hardware to develop a local network system at headquarters and the other stations, and at a future time, the Volunteer Fire Department. Mr. Scalzo asked if the upgrade at this time would be compatible with future needs and if the amount of \$1,930 would meet the needs to upgrade the computer network system. Assistant Chief Morris stated that it would be sufficient for current plans.

Mr. Mastriani was asked if the request was compatible with the City's present and future plans and if the monies requested were reasonable to upgrade the network system. He gave a thorough clarification of the City's computer operations and its future needs and plans and that the Fire Department was going in the right direction. He further stated that the amount requested was proper for the equipment to be purchased. Mr. Setaro explained that the request will go to the Purchasing Department for prices of the equipment. He further detailed the function of a committee formed to review all aspects of current and future computer operations in all City departments.

After further discussion, Dean Esposito made a motion to approve the request and transfer \$1,930 from the Danbury Fire Alarm Ordinance Revenue Account to the Fire Department Communication Account pending certification from the Director of Finance. The motion was seconded by Mr. Scalzo. Motion passed unanimously.

Re: Landfill Permit and User Fee Resolution

Dear Mayor and Common Council Members:

Please find attached a revised copy of the resolution considered and acted upon by the Common Council at its meeting of May 27, 1993. Please note that we have modified the language contained in Subsection (f) on the first page of the resolution. The proposed amendment would allow the issuance of forty \$2.00 RSW coupons free of charge to City residents who own passenger vehicles bearing Disabled Veteran, Handicapped Permit or POW registration plates.

Bear in mind that until now, people with these kinds of registration plates had been permitted to dispose of refuse at the Danbury landfill free of charge. Now that the RSW coupon system has been put in place, it was felt that some corresponding mechanism was needed in order to continue the present practice. The Public Works Department has advised us that the issuance of forty \$2.00 RSW coupons, allowing for the disposal of up to one ton of refuse, would be equivalent to the current arrangement.

If you have any questions regarding this proposed amendment, please feel free to contact us.

Sincerely,

Eric L. Gottschalk
