COMMON COUNCIL PUBLIC WORKS COMMITTEE REPORT

Honorable Mayor James E. Dyer
Honorable Members of the Common Council

AUG 11 1982

Re: Proposal for Road Improvements.

The Public Works Committee studied the road plan submitted by the Mayor. The original plan was for an amount in excess of \$13,000,000. The committee reviewed this plan with the City Engineer, the Superintendent of Highways and the Director of Public Works. A new plan of \$9,202,000 is now being presented. The reduction in cost was effectuated by the elimination of a few of the lowest priority proposals and the elimination of road widening and curb improvements in several of those remaining.

The low priority eliminations include Triangle Street, Backus Avenue, Miry Brook Road and Kenosia Avenue. The Eagle Road project is also being dropped because of problems with the owner of the property, the railroad company and the State. Widening and curb improvements have been taken away from the Balmforth Avenue, Maple Avenue, Osborne Street, West Street and Lake Avenue projects.

A new consultant firm, C.E. Maguire, Inc., has been retained by the City. Representatives from this Firm outlined their plans for implementing the various parts of the proposal and the presentation of it to the community.

The most important aspects of the road plan are still in effect and can be implemented for the \$9,202,000 presented. The committee strongly endorses this plan and recommends the Common Council accept it so it may go to Public Hearing and be placed on a ballot so the citizens of Danbury can vote for acceptance.
