Sterling Construction Management LLC
345 Queens Grant Road
Fairfield, CT 06824

March 29, 2010

Mayor and City Council
City of Danbury
155 Deer Hill Avenue
Danbury, CT 06810

Dear Mayor and Council Members,

We respectfully request a time extension regarding approval of application for the installation of sanitary sewer and/or water main extension for Reynolds Road lots owned by Sterling Construction. The extension of time is requested due to the extraordinary impact we have incurred due to the life threatening illness and subsequent death of my partner/owner. I have spoken with City Engineer, Mr. Khouri, who has agreed to work with us through this project.

Respectfully,
Sterling Construction Mgmt, LLC
