Re: Housatonic Habitat for Humanity Subdivision
Extension of Bayberry Lane

Dear Mayor Boughton and Members of the Council:

I write on behalf of Housatonic Habitat for Humanity, Inc. ("Habitat"), to request the City Council to (1) accept as a City road the cul-de-sac/extension of Bayberry Lane constructed by Habitat in connection with its development of a three-lot subdivision at Bayberry Lane and Churchill Road, and (2) accept a drainage easement with respect to the drainage from Bayberry Lane. As-built maps will be delivered to the Engineering Department as soon as they are available, and copies of the necessary documentation will be delivered to the appropriate reviewing departments.

If the Council has any questions or requires anything further, please let me know.

Very truly yours,

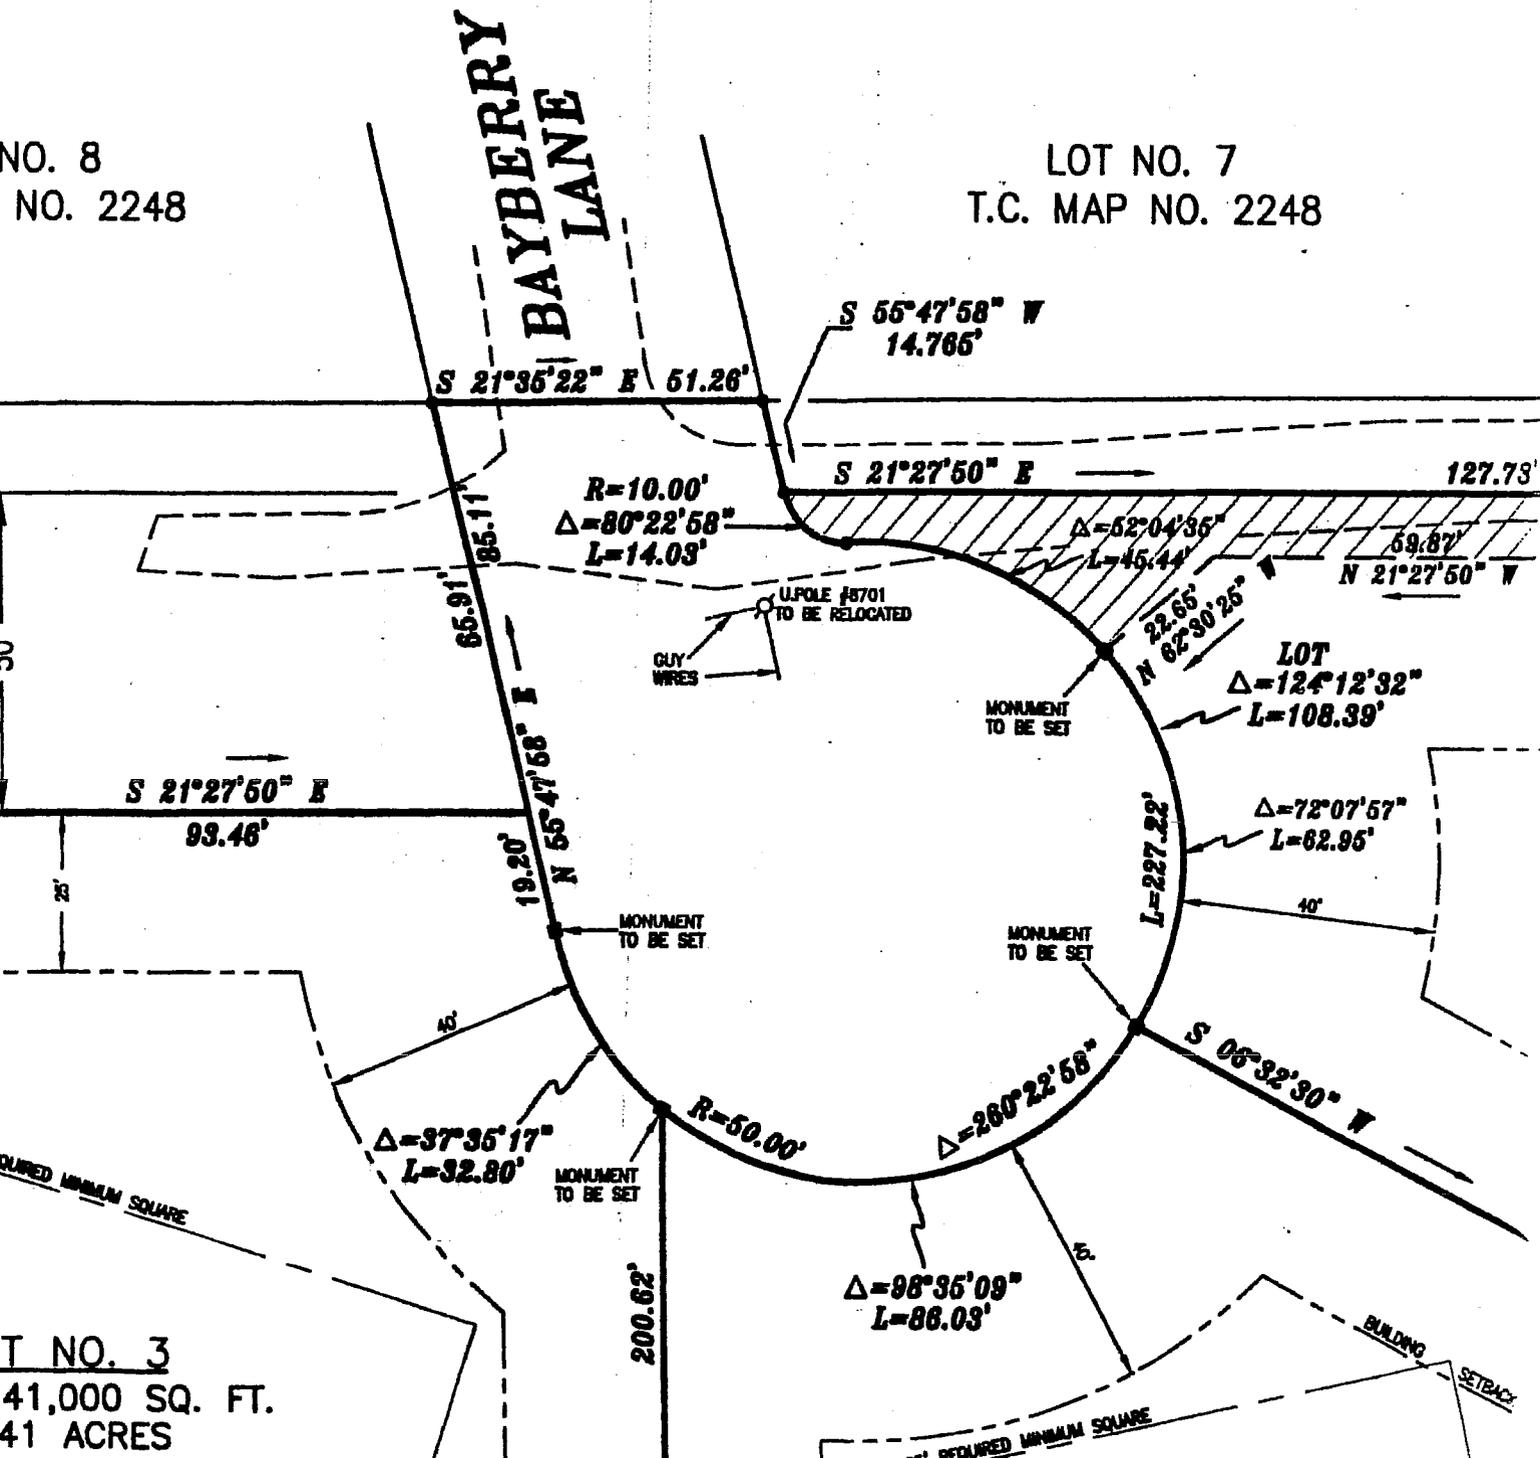

Camille DeGalan
