Re: WIC Amendment

PROGRAM IMPACT:

The Connecticut Farmer's Market Nutrition Program is a Federal program administered by the Connecticut Department of Agriculture and jointly funded by the State of Connecticut and the US Department of Agriculture. This program is designed to provide a supplemental source of fresh fruits and vegetables for participants of the Women, Infant and Children (WIC) who are certified by a Nutritionist to have a nutritional risk factor. The program also promotes agricultural diversification by stimulating the demand for Connecticut grown fresh unprocessed fruits and vegetables at local farmer's markets. Connecticut Farmers' Market Nutrition Program vouchers can only be used at authorized farmers' markets and for eligible purchases from State certified farmers' market vendors.

All recipients of the CT Farmers' Market Nutrition Program are current participants in the Special Supplemental Food Program for Women, Infants and Children (WIC).

FISCAL IMPACT:

The Connecticut Department of Agriculture has agreed to reimburse the Danbury WIC Program at a rate of \$.50 per eligible WIC client. Eligible participants are those people over the age of one year, enrolled in the WIC program for any part of the 2010 distribution period for a total of \$1062.00. The funds will be used for staff salaries and fringe benefits, specifically FICA, to compensate for the additional workload and hours in the administration of the Farmers' Market Program. There are no direct City personnel, benefit, equipment or other costs associated with these funds. No future costs are anticipated.

The issuance of Farmers' Market Program vouchers will be conducted beginning June 2010 and ending September 2010.

Thank you,
