Danbury, CT 06810

Re: Amendments to Ordinances
Sewer and Water Assessments Procedures
Public Works Assessment Procedures

Dear Mayor and Council:

Please refer to an ad hoc committee proposed **ordinance** changes for sewer, water and public improvement assessments projects and procedures to accomplish among others, the following purposes

1. Making the Code sections more uniform;
2. Providing for additional and adequate hearing procedures;
3. Authorizing the recapture of certain preliminary costs under certain circumstances;
4. Establishing a benchmark for approval of projects based on resident survey response percentages;
5. Language clarifications/corrections.

The proposed ordinances will be presented by the time the committee meets to consider these amendments.

You will also be asked to consider a new **resolution** addressing moratoria on re-introduction of previously submitted and denied assessment applications. That will also be made available by the time the committee meets.

Again, kindly refer these issues to a committee, at which session this office, together with others, will be available to explain the changes to you and answers your questions.

Please do not hesitate to contact us in the event you have any questions.

Very truly yours,

Laszlo L. Pinter
Deputy Corporation Counsel
