**Re: Agreement for Safety Improvements at the Intersection of
Fifth Avenue and Osborne Street
State Project No. 34-344
Federal-Aid Project Nos. PE: 1034 (117) CN: 1034 (118)
City Project No. 10-31**

Dear Mayor Boughton and City Council Members:

The City of Danbury proposed to install a traffic light at the above mentioned intersection and applied to the State of Connecticut for Federal safety enhancement funding under the Hazard Elimination Component of the Surface Transportation Program to improve the above-mentioned intersection. The project was approved by the State of Connecticut and forwarded the agreement to be executed by the City. Copies of the agreement are on file in the Office of the Legislative Assistant and the Office of the Corporation Counsel.

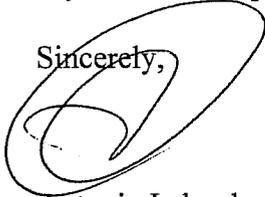

Design of the traffic light is anticipated to be completed in the spring of 2012 and after the State approves the traffic light plan, public hearing and advertisement will take place in the summer of 2012. Construction is expected to be completed by the end of 2012 if all approvals are in place.

Improvements to the above intersection are estimated to cost \$400,000, and the City's share is \$40,000. Finance Director, David St. Hilaire, has verified that the City's share is available under Danbury Neighborhood Bond Traffic Plans item 7000.335.

We hereby request that the City Council authorize Mayor Mark D. Boughton to sign this agreement.

If you have any questions, please feel free to give me a call.

Sincerely,
