January 4, 2012

Members of the City Council:

It is my pleasure to submit for your confirmation the name of Bruce R. Tuomala as the City of Danbury's Economic Development Coordinator.

Bruce has an extensive business background, most recently as the Managing Director of Sisu Group, a private business strategy consulting company in New Milford.

Bruce has been a Global Account Director for AT&T British Telecom and an International Sales Director for 3M Optical Communications before establishing his own company.

Bruce has a degree in Business from the University of Southern California.

He has a broad background in dealing with companies of all sizes. I am confident he will serve our City well as its Economic Development Coordinator.

Sincerely,

A handwritten signature in black ink, appearing to read "ye" followed by a stylized flourish.

Mark D. Boughton
Mayor
