Re: Coalition on Phosphorous
Update and Review

Dear Council Members:

Since the last time this matter came before you in mid 2012, several developments and some progress has occurred. My office, the Superintendent of Public Utilities and the Office of the Corporation Counsel would like to provide you with a brief overview of the present status of the City's engagement with DEEP and others toward treatment issues regarding phosphorous in the water pollution control system.

We look forward to a short presentation, followed by any questions or issues that you wish to discuss.

A resolution for your adoption is also attached. Please contact my office with any concerns or questions prior to the Council meeting.

Sincerely

Mark D. Boughton, Mayor

RESOLUTION

19-1

CITY OF DANBURY, STATE OF CONNECTICUT

_____ A.D. 2013

RESOLVED BY THE CITY COUNCIL OF THE CITY OF DANBURY

WHEREAS, having heard the presentation regarding the matter of phosphorous management in the water pollution control system, together with the retainage of special counsel to the corporation counsel, cooperative efforts and financial needs as outlined.

NOW, THEREFORE BE IT RESOLVED THAT authority is hereby granted to Mayor Mark D. Boughton and designated municipal officials and Corporation Counsel and special counsel to the Corporation Counsel to proceed with collaborative, multi-town efforts to further secure the interests of the City of Danbury in the matter of phosphorous removal and management, including discussions, cooperation, funding and commitments as required.

BE IT FURTHER RESOLVED THAT actions in furtherance of this matter taken prior to this authorization be and hereby are ratified.
