Danbury, CT 06810

RE: \$3,500 Donation to Still River Alliance from Kimchuk Corporation

Dear Mayor Boughton and Members of the Danbury City Council:

As you know, the Health Department's Greenway Consultant (Jack Kozuchowski) has been working with the Still River Alliance to recruit "Still River Stewards" to adopt a section of the Greenway, subsidize a needed function for sustaining the Greenway or to provide a donation.

We have recently made a presentation to the Kimchuk Corporation where we requested their assistance in removing tree blockages and debris that accumulated behind these garbage dams on the Greenway. Kimchuk was gracious to offer a \$3,500 donation for this sustainability function to keep the River navigable and to remove the eyesore of accumulated garbage behind these blockages.

Therefore, I respectfully request the City Council accept this donation of \$3,500. from the Kimchuk Corporation.

Sincerely,

Scott LeRoy MPH, MS

MAY 20 2013

May 20, 2013

Mr. Scott LeRoy, Director of Health and Human Services
155 Deer Hill Avenue
Danbury, Connecticut

Dear Mr. LeRoy:

I recently attended a slideshow that was presented by your greenway consultant, Mr. Jack Kozuchowski. The presentation invited the Kimchuk Corporation to join the Still River Stewardship program. Mr. Kozuchowski specifically requested funding to remove river blockages from our property downstream along the Still River Greenway to the blockage on the River behind Loewe's Theater.

I am happy to contribute to this effort and I pledge Kimchuk's support, adopting the function of maintaining the navigability of the River from Kimchuk, downstream through the Still River Greenway. To facilitate this pledge, I offer the City of Danbury this donation of \$3,500. to remove the river blockages in 2013.

Respectfully Yours,

Jim Marquis, President

Kimchuk, Inc.
