Danbury, Ct. 06810

Dear Mayor Boughton & Honorable Members of the City Council,

On February 07, 2012 the City Council approved the attached resolution regarding the rehabilitation of the Rotating Beacon, the replacement of a control panel in the ATC, the installation of signs on Taxiway R and markings for Taxiway R.

The resolution authorized the following spending limits Federal Share \$719,000.00, State of Ct. share \$28,380.00 and a local match of \$9,460.00 for a total of \$756,840.00.

I am requesting that the resolution be amended as follows Federal Share \$ \$809,000.00, State of Ct \$35,880.00 and a local match of \$11,960.00 for a total of \$856,840.00.

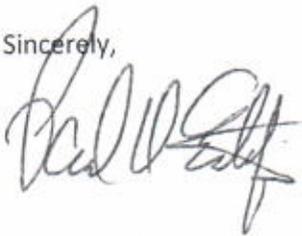

The additional City of Danbury match of \$2,500.00 will come out of the operating budget of the 2013/2014 fiscal year.

This request is being made as Federal dollars to amend our grant became available allowing us to put items back into the project that we have to leave out on the original submittal.

The Control Panel in the Air Traffic Control Tower was installed in 1991 and the Pilot Control Lighting unit was installed in 1985. We are unable to get parts for both of these items and lately they have been breaking down.

Sincerely,
