Hon. Members of the City Council
155 Deer Hill Avenue
Danbury, CT 06810

Dear Members of the City Council:

During the Public Safety Budget Meeting prior to the approval of our City Budget a brief yet concerning discussion was held pertaining to the need for increased financial assistance from the City to all of our Volunteer Fire Departments. The largest concern of the Volunteer Council is in regard to their escalating insurance premiums. Both the Mayor and the Director of Finance felt that the City may have several innovative ways to assist the Departments in these areas.

We formally request that you designate an Ad Hoc Committee to examine the possibilities and that the Director of Finance, Corporation Counsel, the Fire Chief, a representative from the Mayor's Office and the President of the Danbury Volunteer Fireman's Council be present.

Sincerely,

Councilman Joe Cavo
City Council President

Councilman Gregg Seabury
Council Majority Leader

Councilman Jack Knapp
Council Legislative Leader
