Danbury, CT 06810

Re: Purchase of property by the City of Danbury
EXECUTIVE SESSION

Dear Council:

The City is interested in acquiring some property in the downtown area comprising land and building, for development and/or conversion to public use. To do so, I will be asking that you provide me with authority to discuss the particulars, conduct some due diligence and then negotiate and return to you with a proposal to purchase the site.

Considering this is a proposed purchase and we do not want to affect the market pricing during the process, we will provide you with detailed information at an executive session prior to any go-ahead.

Thank you for your authorization toward this effort.

Sincerely,

Mark D. Boughton,
Mayor
