To City Council,

I would like to put forth for consideration Bagelman to take space in the Library Café for a trial period of 6 months. At that time, we will re-evaluate to see if the space is working for both parties. I believe Bagelman will have great success at the library and in the downtown area. The company is highly regarded by patrons and staff of the city. This would be a wonderful asset to the downtown area. Thank you for your consideration.

Sincerely,

Katie Ventura
Library Director

June 24, 2016

Bagelman (Brookfield and Padanaram locations) accepts the Danbury Library's offer to open a café on the premises for a six, month trial period. After this trial, Bagelman and Katie Verntura will evaluate the volume of business and discuss a plan going forward. The initial cafe hours will be 9a-5p but can be adjusted based on trends and customer feedback. The menu will include bagels, cream cheese, deli sandwiches (including an assortment of bread and rolls), salads, paninis, and wraps. In addition, the café will offer hot coffee, Snapple and Tropicana juices.

Bagelman will maintain a clean space and abide by all Health Department regulations.

Thank you,

Marc Froehlich
President
