MAYOR
Honorable Mark D. Boughton

PUBLIC WORKS DIRECTOR
Antonio Iadarola, P.E.

September 26, 2016

Honorable Mayor Mark D. Boughton
Honorable Members of the Danbury City Council
155 Deer Hill Avenue
Danbury, CT 06810

RE: Monthly Report for August 2016

Dear Mayor Boughton and Members of the City Council:

I am pleased to present the Public Works Department report for the month of August.

Many residents have expressed their appreciation for the outstanding paving work achieved by the Highway Division staff. In order to cause the least amount of disruption to the traveling public, some of the work has been performed at night. The crews would work all night and then perform their other assigned tasks during the day. It takes a lot of teamwork to execute this monumental task.

During the month of August, 31,564 pounds of e-waste was collected. This service is at no cost to the residents of the City. I strongly urge everyone to take advantage of this program.

Our Capital Projects summer work is in full force and we are making great progress. All of the Public Works Divisions have planned summer projects which are well underway. These projects have been executed on top of their regularly scheduled work activities. Planning and preparations is on track to accomplish as much paving as possible.

Please take a few moments to review the Division reports for a full scope of the many activities and projects in which the Public Works Department are engaged.

Should you have any questions regarding any of the separately submitted division reports, please call me at 203-797-4537.

Construction Services Report submitted by Thomas Hughes III, Superintendent:

Park Avenue School: The boiler replacement has been completed. The boilers were test fired and boiled out during the second week of August. The project was completed on schedule and within budget. The boilers will be tuned in during the October recess when the temperatures reach 50 degrees.

Mill Ridge Artificial Field: The field is substantially complete the ribbon cutting ceremony was held on 8/25/15. The project was completed on schedule and within budget. We are processing a change order for additional landscape screening on the westerly end of the field. The retainage has been reduced to 2% and will be held till August of 2016.

Danbury High School Addition & Alteration Project: Construction Services worked with the design team and the Construction Manager to develop the project designs and bid packages. Phases One, Two and Three have been awarded. On June 13th we started construction on Phase's One, Two & Three, work scheduled for the summer of 2016 has been completed. The school fire suppression system and new fire alarm system have been accepted by the Fire Marshall. Phase Four (Freshman Academy Building) bids were opened on July 19th. Rizzo performed the scope reviews Phase Four site construction has started we are continuing to excavate and install the soil retention system.

Kenosia Avenue Bridge: . ConnDot has notified the City of Danbury that the structure is need of immediate repair. Construction Services has assisted the Engineering Department with posting the bridge and setting temporary warning devices for protection of the traveling public along the bridge structure and approaches. Construction Services Division is developing a scope of work to repair the concrete fascia on the upstream and downstream sides of the bridge structure. RHS Consultants has been awarded the repair design. RHS Consultants is a structural engineering firm on our City on-call bid list. We met with RHS onsite and expect the structural repair plan early August.

City of Danbury Dog Park: Construction Services is acting as the general contractor for this project using our in-house resources. The project is currently under construction. We have completed the site work including the fencing. The top soil placement and hydro seeding have been completed. We are allowing the turf to establish itself at this time. The City of Danbury Parks Department prepared the top soil surface for Hydro Seeding fine grading and removing stones. We would like to thank Nelson Lopes and his crew from the Parks Maintenance Division for their assistance and expertise. The Dog Park was designed by the City of Danbury Engineering Division.

Triangle Street Bridge Over the Still River: We are working with the Engineering Department and in the process of hiring a structural engineer from our City On Call Bid to evaluate the bridge and design necessary structure repair methods..

Engineering Report Submitted by Antonio Iadarola, P.E., Acting City Engineer:

The following assessment projects are the only projects pending on the list based on residents' petitions. Our office will evaluate these projects and will notify benefitted property owners.

1. Butternut Lane, Bayberry Lane and Boxwood Lane Sanitary Sewer Extension: Working on preliminary design and cost estimate.
2. Hawley Road Extension Sanitary Sewer Extension: Working on preliminary design and cost estimate.

Crosby Street Bridge: Contracts specifications, design and permits for the bridge have been completed. Our office obtained wage rates for bidding. The Bridge was bid out and awarded to Dayton Construction Company. Work on the bridge has started and is expected to be completed this spring. The project is approximately 99%

completed. A final walk-through with the State of Connecticut and Contractor was conducted and final punch list items have been established. City is waiting on one punch list item to be resolved prior to complete sign-off.

Westville Avenue Neighborhood Improvements:

In house design and survey to Westville Avenue from Hakim Street to Lake Avenue is complete and will be funded by CDBG. Work will include new sidewalks, drainage and intersection modifications and alignment to Westville Avenue and Highland Avenue. Waiting on utility work to be completed, State wage rates and approval from CDBG administrator to release the project out to bid.

Expansion of Danbury High School: The City hired one of our On-Call Architects to develop a master plan and facilities study for reorganizing/constructing an addition to the freshman quadrant at Danbury High School and developing improvements on various components to the building. City officials met with the Board of Education to discuss the scope of the project. The project was presented to City Council and referred to an Ad Hoc committee. Ad Hoc met and voted in favor of the expansion and will be presented to City Council for a vote. Our office is assisting in preparing the necessary documents for State applications and bonding information. The City Council voted on the funds and referred it to a referendum which was passed. The City applied for the State grant and solicited proposals from On-Call Architects for the work. The Architects proposals were submitted and reviewed. Interviews with prospective architects were completed and two architects were selected for the work and contracts have been signed. The RFQ for Construction Manager was bid out and qualifications have been received and reviewed.

Our office reviewed the qualifications and proposals. Interviews were conducted to select the most qualified Construction Manager. Schematic design has started for various parts of the building. Phase I (roof replacement) has been reviewed by the State and is out to bid. Phases II and III have been presented and received State approval and are out to bid. Phases IV and V plans have received site plan approvals, and Phase IV has been approved by the State. Phases I, II and III are under construction. Phase IV bids have been received and opened. The contracts for Phase IV have been awarded.

Various School Roofs:

1. Broadview Middle School: under design.

This roof will be designed by the City's On-Call Contractor.

Dog Park:

Our office prepared the necessary civil design and survey required for site plan approval along with filing all permits to construct the park. Construction is nearly complete and should be completed in October as soon as the grass is ready.

Various Bridges:

The scope of work to replace Reservoir Street Bridge and rehabilitate Jefferson Avenue Bridge has been prepared and submitted to our On-Call Bridge Engineers for design. Projects were awarded and we will work on in-house survey for the Bridge Engineers to design replacement bridges. Other bridges are still in permitting and design phases. Construction on the Backus Avenue Bridge near Miry Brook Road was completed and the road is open to traffic. The City hired one of our on-call consultants to design the necessary repairs for the Kenosia Avenue Bridge over Lake Kenosia. The analysis for the Kenosia Avenue Bridge has been completed and the consultant is working on the design for the parts that need to be replaced. Reservoir Street Bridge and Jefferson Street Bridge are under design and permitting is underway. Reservoir Street Bridge has received EIC approval and continues to progress through the permitting process.

Danbury Memorial Park:

The City hired a Landscape Architect to design the park which will be located next to the Police Station Building. All survey work was done in-house. Plans and specifications are 100% complete. Our office reviewed the documents and the project will be bid out soon.

Still River Channel from Patriot Street to Jansen Street:

Our office has been working with our on-call consultant, the Army Corp of Engineers and the CT State DEEP to secure the necessary approvals to start Phase II of the maintenance to the Still River Channel. CT State DEEP has completed their review of the project and issued their letter of approval.

Still River Channel at the West Street Bridge:

The City hired a consultant to prepare the necessary plans and submit the required permits to reduce the flooding on West Street near the existing overhead railroad bridge on West Street. The project will involve removing sediment from the channel and under the bridge and look into protecting the channel embankment from further deterioration. The City's consultant is working on securing the permits warranted for the project and design for the embankment.

Traffic Engineer and his Technicians: are reviewing several road improvement projects with the State of Connecticut D.O.T. and are working on various land-use development plans. They are also handling public complaints and routine repairs and maintenance of traffic control signal devices and pavement markings.

Staff Engineers: are reviewing various site plans, water and sewer applications, special exception applications, and subdivision applications for various land-use approvals of on-going development projects throughout the City. Field inspections of sanitary sewer, water mains and new roads are performed regularly on various developments including the large Reserve Development by Toll Brothers. The Staff Engineers also review various drainage problems which may include site visits, analysis and design.

Survey Crew verifies various R.O.W., and prepares surveys and easements for in-house design of City Projects, and assists other divisions in locating utilities in the field.

Should you have any questions regarding this report or any other issues related to our Engineering Division, please do not hesitate to contact me at (203) 797-4641.

Highway Division Report submitted by Tim Nolan, Superintendent of Public Services:

The month of August was a very busy month for the Highway Division. The construction crews repaired and replaced drainage upgrades on Three Partners Road, Hamilton Drive, Fanton road, Delno Drive, Crofut Street, Mendes Drive, Miry Brook Road, Mill Ridge Road, Sleepy Hollow Road, Franklin Street Extension, Great Meadow Road, Deer Hill Avenue and New Street. They also assisted the contractor with milling and paving on Deer Hill Avenue, New Street, Kennedy Avenue, Elm Street, Rose Street Segar Street, Bittersweet Drive and Charcoal Ridge Drive South.

Repairs began on Cedar Drive, Lakeview Avenue and Aunt Hack to prepare for upcoming paving projects. Highway Division personnel prepped and paved areas around the new fire training facility. Our asphalt crew and paving contractor started the curb and apron installations on Bittersweet Drive, Charcoal Ridge Drive South, Pondfield Road, Indian Head Road and Powder Horn Ridge. Backfilling the newly paved roads was completed immediately after the curb and aprons were installed.

Multiple locations were prepared for multiple road races and downtown events during the month. Two pothole crews were out on a daily basis repairing potholes, aprons and curbs from previous winter damage. Many of the apron repairs and replacements were performed to eliminate various types of flooding issues. After a significant storm event, the Highway Division partnered with the Forestry Division with the clean-up at various locations

within the City. The sweepers were deployed to carry out clean-up activities to remove wash-outs from the heavy rains. Repairs to wash-out areas were completed at several locations.

The sign crew replaced twenty-five (25) signs and made numerous repairs due to accidents and vandalism. A weed whacking crew trimmed and cleaned numerous guard rail areas around the City. Roadside mowing continued to improve site lines in various locations.

Trash cans are emptied and litter and illegal dumping collected on a daily basis in the downtown area. The recycling truck remains a popular destination for the residents.

Should you have any questions regarding this report, please feel free to contact me at 203-797-4605.

Parks Maintenance Report submitted by Tim Nolan, Superintendent of Public Services:

During the month of August, the Parks Maintenance Division mowed and trimmed all of the school properties, islands, cemeteries and parks. All of the City parks are maintained on a weekly basis for the many recreational and sporting activities that take place. All of the parks are patrolled for litter and raked daily to insure a safe, clean environment for the residents to enjoy. The flowers and new plantings were watered multiple times due to the dry weather.

A strong emphasis was placed on preparing the schools for the opening of the new school year. School playground equipment was inspected, repaired and mulched. Two or three times a week, the Hatters Park Pavilion is set up and cleaned for any scheduled events.

On Mondays and Fridays, the crews are busy with the preparation and cleaning of the City Center Green and Kennedy Park for the weekend activities. Trash removal at city parks and playgrounds is performed continuously throughout the week.

Should you have any questions regarding this report, please feel free to contact me at 203-796-1558.

Forestry Division Report submitted by Mark Miller, Foreman:

During the month of July, the crew performed a large amount of tree work. Removals, cut-backs and pruning was performed at the following locations: Westville Avenue Extension, Spruce Mountain Road, Morgan Avenue, East Pembroke Road, Field Road, Pleasant Street, Hayestown Avenue School, Mill Ridge School, King Street School, Broadview Middle School Lakeview Drive, Cedar Drive, Kennedy Avenue, Pleasant Street, Park Avenue, Cally Lane and Butternut Lane.

The crew responded to tree calls at the following locations: Jefferson Avenue, Old Newtown Road, Stillman Avenue, Hoyt Street, Shelter Rock road, West Redding Road and Bear Mountain Road.

Should you have any questions regarding this report, please contact me at 203-797-4609.

Public Buildings Report submitted by Sean Hanley, Superintendent of Public Buildings Division:

City Hall: Work on various room renovations is complete.

City Hall café remodeling has begun with painting and flooring purchase orders issued.

Security upgrade plans are in process.

Carpet replacement has been applied for and will be scheduled; future replacements have been quoted and will be budgeted.

Danbury Public Schools: Currently continuing projects with the BOE funded by a grant received by them.

Chiller replacements at RPMS and BMS have been scheduled.

Boiler cleaning has been completed

Boiler maintenance has been scheduled.

Roof and exhaust fan seasonal pm has been scheduled.

Octagon House: Preliminary use plans have been presented along with hazardous material reports.

Old Library: Cooling tower has been replaced.

Second floor flooring has been applied for and will be scheduled.

Library: Painting has been completed; future work has been quoted and will be budgeted.

In process of scheduling roll down door installation for Innovation Café area.

Outside security camera project purchase order in process; work scheduled to begin.

Recording studio door scheduled for install.

Parks: The Chow house at Farrington has been vacated and is presently being touched up for future rental.

The spray parks, out buildings and fountains have been scheduled for shut season shutdown.

General: The majority of time the Maintenance Mechanics spent this month was associated with School repairs along with cooling related issues, lighting / electrical and plumbing repairs.

Requests for Maintenance Service: Attached please find the statistical report of repairs and maintenance work that the Public Buildings Mechanics engaged in during the month of August 2016.

In the month of August we received 204 new work requests and completed 177 work requests. In reviewing this report, you will find the repair time that was expended in major work categories. Also listed is the total number of work order hours completed.

Public Building mechanics were engaged in Mechanical work/repairs with a total of 280.50 person-hours dedicated to this service. The next largest area of concentration was in general electrical work, utilizing 248.50 person-hours of labor. Plumbing repairs came in as the third highest category with 116.00 person-hours.

Should you have any questions regarding this report, please do not hesitate to contact Sean Hanley at 203-797-4584.

Public Utilities Report submitted by David Day, PE, Superintendent of Public Utilities:

Enclosed is the monthly report to the Common Council for activities that took place in August 2016. Also attached is the Public Utilities Vehicle Maintenance Report.

As of September 16, 2016 there are 57 hydrants out of service. I will be happy to review the information with you.

Sincerely,

Antonio Iadarola, P.E.

Director of Public Works
