**CITY OF DANBURY
CONNECTICUT**

A BRIEF HISTORY OF DANBURY

"Danbury's location has been the key to its success." This statement remains as true today as it was when Danbury served as a supply depot for the Patriots in the Continental Army during the American Revolution. Eight families from the Norwalk and Stamford areas settled in Danbury in 1684. The founding fathers, Thomas Barnum, James Beebe, James Benedict, Samuel Benedict, Francis Bushnell, Judah Gregory John Hoty, and Thomas Taylor wanted to name their new town, Swampfield, but in October 1687 the general court decreed that the town would be named after Danbury in Essex, England. Trade flourished between Danbury and the coastal towns. As Danbury grew, local farmers had a surplus of food, but were unable to supply all of the goods required by its residents, which early on established a need for a turnpike. Later, as farms were being established in outlying areas, paths and trails branched out from the original main street of the town. Eventually, Danbury became a hub for travel and business, being equidistant from New York and Hartford, and at the intersection of the north-south route from Litchfield County to Long Island Sound.

After the British looted and burned Danbury (known as "Tyron's Raid") in April of 1777, fewer people farmed the land. Danbury became a base of trade for the local craftsmen, who produced hats, combs, hoes, harnesses, cloth, tin ware and clocks. The first hat factory was established in 1780, and Danbury acquired the nickname: "The Hat City" (but was also known as the "Hat City of the World") because of its hat manufacturing industry. The industry flourished throughout the 1800's until a general economic slowdown in the 1890's precipitated a gradual decline in the hatting industry. However, the industry was somewhat revived by orders from the federal government during World War I and the fashion trends of the 1920's. The Great Depression was the beginning of the final decline of the hatting industry and the last hat factory closed in 1987. It is estimated that the City's hatting industry produced over 5,000,000 hats per year at the peak of the industry. Most of the factories were located along the banks of the Still River, which was an important part of the hat manufacturing success since large quantities of water were needed for the process.

As new businesses and manufacturing shops developed in the center of town, they became distinct from the rural community, and Main Street and the surrounding area were granted borough privileges in 1822. Just prior to World War I, most of the growth was in the central business district, while the town remained rural and agricultural. With the introduction of the automobile, improvements were made to main highways and new State routes were constructed. The new roadsides attracted additional business: gasoline stations, repair garages, produce stands, refreshment stands, just to name a few. In the 1920's and 1930's, farming declined and the rural areas saw many changes: roads were paved, city people began to build homes in the countryside, and the Wooster School was established. The automobile also gave individuals the option to travel outside of the central business district, and new shopping centers and smaller businesses were developed outside of town. Danbury was incorporated on April 19, 1889, but it was not until 1965 that the Town of Danbury and the City of Danbury merged into what is today's City of Danbury.

Population in Danbury steadily grew from its first settlement, though the town experienced a decline prior to World War I. Population began to increase again in the 1920's, jobs increased, and Danbury retained its notoriety as a regional trading center. Candlewood Lake, the largest body of fresh water in Connecticut, was also created during this decade, which eventually led to the development of homes, seasonal cottages and farms. Lake front acreage was highly sought after by speculators and developers, and subsequently many lakefront communities were established. In 1928, several local aviators purchased Tucker Field (near what is now the Danbury Fair Mall) and leased the property to the town for an airport, which is now known as Danbury Municipal Airport.

After World War II, Danbury experienced a major housing boom. In two decades, the population increased by 67%. According to the Housatonic Valley Council of Elected Officials, "The boom in residential growth reflected not only the outward expansion of the New York metropolitan area and easy accessibility of the Danbury area for commuting to other centers, but also a significant turnaround in Danbury's economy."

In the ten-year period between the 2000 census and the 2010 census, the population increased by 8.1% (state population increased by 4.9%). In today's Danbury, the City must continue to invest in maintaining its high quality of municipal services as more homes, condominiums, and apartment buildings are constructed to meet the increase in population and the growth in economic development.

Seal of Danbury

"We have Restored" and "Let Us Go Forward" are the mottoes on the official Seal of Danbury. "We have Restored" is the central motto and appears on the red diagonal band across the shield. The second motto appears in the beak of the phoenix rising from the fiery crown at the top of the shield. The seal also depicts: Establishment of the railroad in 1852, the hatting industry (symbolized by the derby hat), Wooster Monument, a reference to the British burning of Danbury in 1777, water symbolizing the flood of 1869 caused by a break in the Kohanza Reservoir dam, and the elm trees signifying Elmwood Park.

CITY OF DANBURY, CONNECTICUT

Danbury is the largest city in northern Fairfield County and the 7th largest City in Connecticut. Danbury has been recognized, for the third year in a row, as the safest large city in Connecticut and the 4th safest in all of New England. The City is 44.3 square miles (42.1 square miles of land and 2.2 square miles of water) and has 241 miles of streets. Traversed by I-84 and Route 7, and adjacent to I-684, Danbury is easily accessible to New York City, Hartford and Norwalk, all of which are within 60 miles. Danbury is also accessible by Danbury Municipal Airport.

According to the 2000 Census, Fairfield County is one of the wealthiest counties in the United States and Danbury is one of the wealthiest cities, with a median household income of \$53,664. Danbury, with a population of 80,893, is diversely populated. Residents represent more than 60 nationalities, and students entering Danbury public schools speak over 45 different languages. Danbury is a hub for retail shopping, and the Danbury Fair Mall remains the largest mall in New England.

Cultural activities abound in the City through the Ives Authority for the Performing Arts– the largest outdoor concert venue in Western Connecticut, Richter Park – containing one of the top 25 public golf courses in the country, Candlewood Lake – the largest man-made lake in New England, Tarrywile Park and Mansion and several other smaller sites, museums and festivals.

The City was incorporated in 1889 and operates under a Charter that was last revised in November 2009. The City is governed by a Mayor, who serves a two-year term, and a twenty-one member City Council, two from each of the seven City wards, and seven at-large. The current City Council consists of 15 Republicans and 6 Democrats. The Mayor is the chief executive and the City Council is the legislative body.

The City of Danbury's municipal government provides a full range of services including education, police, fire, planning and zoning, construction and maintenance of highways, streets, storm and sanitary sewers and infrastructure, health and social services, parks and recreational activities, cultural events and a municipal airport. Approximately 2,100 full-time municipal and Board of Education employees provide services to the Danbury community.

The Members of the City Council
The Citizens of the City of Danbury

I am pleased to present the adopted budget for the fiscal year commencing July 1, 2011 and ending on June 30, 2012.

INTRODUCTION

Once again, the citizens of Danbury can take pride in our City's accomplishments and remain confident that the future of our City is bright. Danbury is recognized throughout the country as a City on the rise. As in the past, Danbury's success is attributable to a number of factors, but ultimately what sustains our success is the quality of life we enjoy in our City.

Quality of life translates to providing a first rate educational system for our students; providing comprehensive recreational opportunities to our citizens; and promoting a vibrant and exciting cultural life in our community.

To enhance this, Danbury has been recognized, for the third year in a row, as the safest large city in Connecticut by the annual CQ Press survey of major U.S. Cities. We are ranked the 4th safest in all of New England and 57th in the nation. And, while unemployment has trended higher, the Danbury area remains the lowest in the state at 8.0%. Our sewer and water rates continue to remain among the lowest in Connecticut. We were again rated by Connecticut Magazine as one of the top cities to live in - improving in every category measured in the study.

Preserving a superior quality of life that we are fortunate enough to enjoy here in Danbury doesn't come easily nor should it ever waiver, especially during difficult economic times. We are reminded each time we pass through many of our once great neighboring communities throughout New England who waived at a time when they needed to stand firm to protect and preserve their quality of life. Preserving Danbury's quality of life means continuing to invest in and properly maintain: (1) the City's infrastructure -- with ongoing drainage, sidewalk, and road improvement projects; (2) our school buildings -- by investing in energy efficiency projects to reduce long-term costs and replacing roofs and making repairs as needed; (3) our transportation network; and (4) recreational facilities. Yet, such infrastructure investments must be done within a framework that does not create an undue burden on our taxpayers.

The initial 2011-2012 budget requests from all general fund departments totaled \$222.9 million, which is an increase of \$13.6 million from the 2010-2011 Adopted Budget: \$118.1 million from the Board of Education (\$4.2 million increase from 2010-2011 Adopted Budget); and \$104.8 from City Departments (\$9.4 million increase from 2010-2011 Adopted Budget). However, of the \$9.4 million requested increase from the City, only \$2.4 million was from the individual departments. The additional \$7 million is for increased expenditures relating to pensions, employee benefits, debt service and capital requests. The department's requests represented a 4.6% increase from their FY 2010-2011 adopted budgets; however, FY 2011-2012 will eliminate 12 vacant positions and cut departmental spending by just over \$200,000 or 0.5%.

The overall \$6.67 million increase in expenditures is confined almost exclusively within these elements: Pension costs (\$2.4 million); Schools (\$1.0 million); Insurances (\$0.4 million); and Debt Service (\$3.1 million). The cost increases associated with other expense items have been offset by cost savings or usage reduction through efficiencies thus enabling the city to do more with less.

The adopted FY 2011-2012 Capital Budget includes borrowing of \$3.0 million for the following projects which have been deemed necessary at this time: School repairs and artificial turf replacement (\$1.0 million); Highway Street/Drainage Improvements and Equipment (\$1.0 million); 2012 Revaluation (\$0.5 million) and replacement of underground storage tanks (\$0.5 million). Other Capital items funded directly through the general fund include, without the use of borrowing: Purchase and Outfitting of Patrol and Detective Vehicles (\$0.25 million); Purchase/Lease Agreement for energy efficient projects including boilers at BOE (\$0.5 million); Purchase/Lease Agreement for Fire Apparatus -- 2 Pumpers (\$0.15 million); Purchase Fire Apparatus -- Airpacs (\$0.1 million); and replace septic system at airport and environmental testing as mandated (\$0.1 million). In previous budgets, some of these non-routine types of capital items may have been funded through borrowing and not funded directly in the general fund or may have been funded within the individual department line.

Cost savings and cost avoidance strategies, which have been used during the past three budgets, will be continued for the FY 2011-2012 Adopted Budget. Specifically, the City has eliminated 10 vacated positions and continues to defer filling another 34 positions thus saving \$2.0 million in the current budget; many of these positions will remain unfunded in the adopted FY 2011-2012 budget. I have continued to defer all hiring unless there is a significant overtime cost impact on our budget. Additionally, the inventory of all City assets is being evaluated to determine its role in Danbury's future and, if necessary, to strategically sell unneeded and idle assets. Such idle assets or properties can be redeveloped for other purposes which will likely yield property tax revenues. For example, the "old police station" buildings were sold last month (June 2011) for \$2.3 million to Union Savings Bank for

the construction of a new branch and eventually Senior Housing Apartments. The 2011-2012 Adopted Budget has anticipated the sale of 13 acres from the "Reserve", which has been appraised for more than \$4.0 million, but I have conservatively budgeted revenues of \$2.9 million. Although these "one-time" revenues are budgeted, the City's conservative budgetary practice has always been to make certain offset provisions exist within the budget so as not to be excessively dependent on these "one-time" revenues when such items are occasionally included within a budget. The offset provisions may be included within the expenditures, other revenues and/or through strategic management of the balance sheet. The underlying goal pertaining to this strategy is to provide financial mobility and stability for the City while focusing on minimizing the tax burden on the property owners.

The citizens of Danbury have been incredibly supportive as we engaged in ongoing initiatives to control costs. We remain well positioned to weather the lingering economic challenges, and your City will be an even leaner and more efficient organization after the implementation of the FY 2011-2012 Adopted Budget.

CITYWIDE MISSION AND POLICY OBJECTIVES

Statement of Mission

The City of Danbury's mission is to ensure a superior quality of life for its citizens by providing the most cost effective municipal services while preserving the cultural, historical and natural resources of the City. We are committed to working with citizens to enhance Danbury's position as a premier place to live, work and raise a family in a traditional yet progressive community.

Each year, department heads are instructed to review their individual department mission to ensure that the essence of the citywide mission statement is an integral component of the budget development process. This year, they were asked to reflect their mission statements and goals in context of these difficult economic times and to focus on the most cost effective and efficient means of delivery of services while maintaining the highest level of commitment in meeting our citizens' needs. Specifically, departments were asked to evaluate the effectiveness of their programs and processes to gauge the level of success and to offer "out of the box" solutions or alternatives.

The Department of Finance Budget Team was instructed to cross analyze every budgetary line item by department, division, and citywide to search for additional opportunities for budgetary reductions, containment and to squeeze out any remaining unnecessary excess from the budget to minimize the taxpayers' burden. The Finance Department continues to regularly meet with department heads and key personnel to discuss targeted cost saving opportunities. Several other cost saving or cost avoidance initiatives include: evaluating the employee use of city vehicles, switching City's phone system to VoIP, and researching the possible use of CNG (compressed natural gas) and being a local provider. Continuous cost reduction and containment will require the implementation of "best practices" and modernizing the work flows and processes with new software and hardware. However, the costs of the new systems will supplant the costs of the old system with minimal impact to the IT budget but tremendous value will be added across the City organization in improved efficiency, reduced handling, less paper, and reduced "lost time". The City is also forming strategic alliances and partnerships with other communities and businesses in our efforts to reduce and contain costs or improve services when in the City's interests to do so. The departments continue to exceed expectations by tightly managing their budgets, working together to lower costs, and taking the initiative to seek out saving opportunities.

Finding more efficient ways to run government is no longer a nice “catch phrase,” it remains a necessity in how we conduct our business. I am proud and grateful that my dedicated department heads have answered and continue to answer that call for doing “more with less” now for the fourth consecutive year. Each department’s mission incorporates the administration’s goal of providing high-quality, cost-effective municipal services while educating residents about the programs and services being offered by the City of Danbury. The adopted budget for FY 2011-2012 continues this commitment with additional performance measurements in the City’s budget presentation.

Public Safety

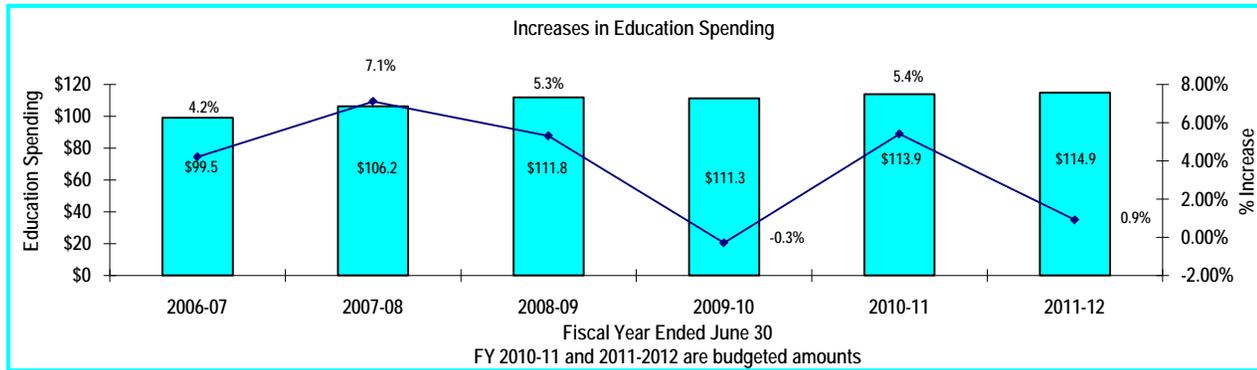

The FY 2011-2012 budget continues our commitment to public safety. The FY 2011-2012 Adopted Budget is about \$0.1 million more than the FY 2010-2011 Adopted Budget. The public safety capital purchases of \$505,000 separately listed in the 2011-2012 Adopted Budget include: \$249,180 Patrol/Detective Vehicle Replacement Program; \$100,000 AirPac Replacement Program; and \$155,820 lease (annually, for seven years) of two pumpers purchased last year.

Although the financial impact has not been considered in the FY 2011-2012 Adopted Budget, I am pleased and excited to report an initiative to form alliances with Northwest communications and with neighboring communities to create a Regional Dispatch Center at the new Police Station headquarters. It will be the first true regional dispatch center in the State of Connecticut and will serve as a model program in dispatching the fire, police and emergency (ambulance) service calls throughout the region. Ongoing funding and reimbursements funding for transition will be available from the State. An innovative idea and solution like this helps Danbury stay on the top by leading us forward into a safer and more affordable future. Stay tuned in as more great ideas are rolled out and watch as those ideas are turned into real results and benefits for all Danbury taxpayers and residents.

Education

Fostering a first rate education system is a key component to ensuring that Danbury is a premier place to raise a family, and requires a financial commitment that takes many forms. Studies have shown that a more comfortable physical environment is a more conducive environment for learning. This year, the City will be investing in improving the physical building at the Board of Education while keeping energy efficiency also in the forefront. By doing so, our objective is to stabilize our operating costs, specifically energy costs, in the future. Funding the school system at reasonable levels allows the district to achieve its educational goals for students. I am proud of the accomplishments of our school system and I am confident that the budget increases over the last eight years have contributed to its success. Over these years, spending on education has increased by \$33.2 million or 40.6%. The Board of Education budget will increase by \$1.0 million to \$114.9 million in FY 2011-2012.

The capital budget includes the annual funding for the purchase/lease amount of \$500,000 for an energy efficiency project at the Danbury Schools, which includes the replacement of boilers. The capital budget also includes a borrowing of \$0.6 million for replacement of the artificial turf at DHS Cotty Field, and \$0.4 million for repairs at the Alternative School.

Livable Neighborhoods & Cultural Resources

The UNIT responds to quality of life complaints through enforcement and education. Enforcement actions and remediation are published on the City's website. Additionally, residents are educated on the City's zoning regulations and new property owners receive a welcome packet describing the "Do's and Don'ts" of living in our City.

A couple of years ago, I expanded and reorganized the UNIT. This strategy has proven to be highly effective and efficient by all measures. The Unit Team has addressed 1,289 calls or issues, again having a significant impact on resolving quality of life complaints from our citizens. CityLine 311, a part of our UNIT operation, fielded and responded to approximately 9,000 calls last year.

Community Services

The Community Services section is now in its third year. The Community Services FY 2011-2012 Budget totals \$456,275, representing a 10% reduction from a year ago. It includes the following: Danbury Downtown Council/CityCenter Danbury (\$33,050), Volunteer Center (\$6,075), and the United Way of Western Connecticut (\$417,150). Most grant agencies that have received direct funding from the City in the past must now apply for funds through the United Way. To ensure that the limited amount of funds are effectively utilized and for its intended purposes, we partnered with the United Way of Western Connecticut. The United Way established a committee of community volunteers to interview applicant agencies, review the applications, and determine if the agency is within the goals of the City.

With these funds, United Way, distributed money to 25 city agencies that, in turn, helped 22,945 residents. The program has been successful and will go forward without format change.

The United Way's Mission Statement has identified the following essential components for a community which helps create opportunities and advance the common good for local communities: Economics, Health, and Education.

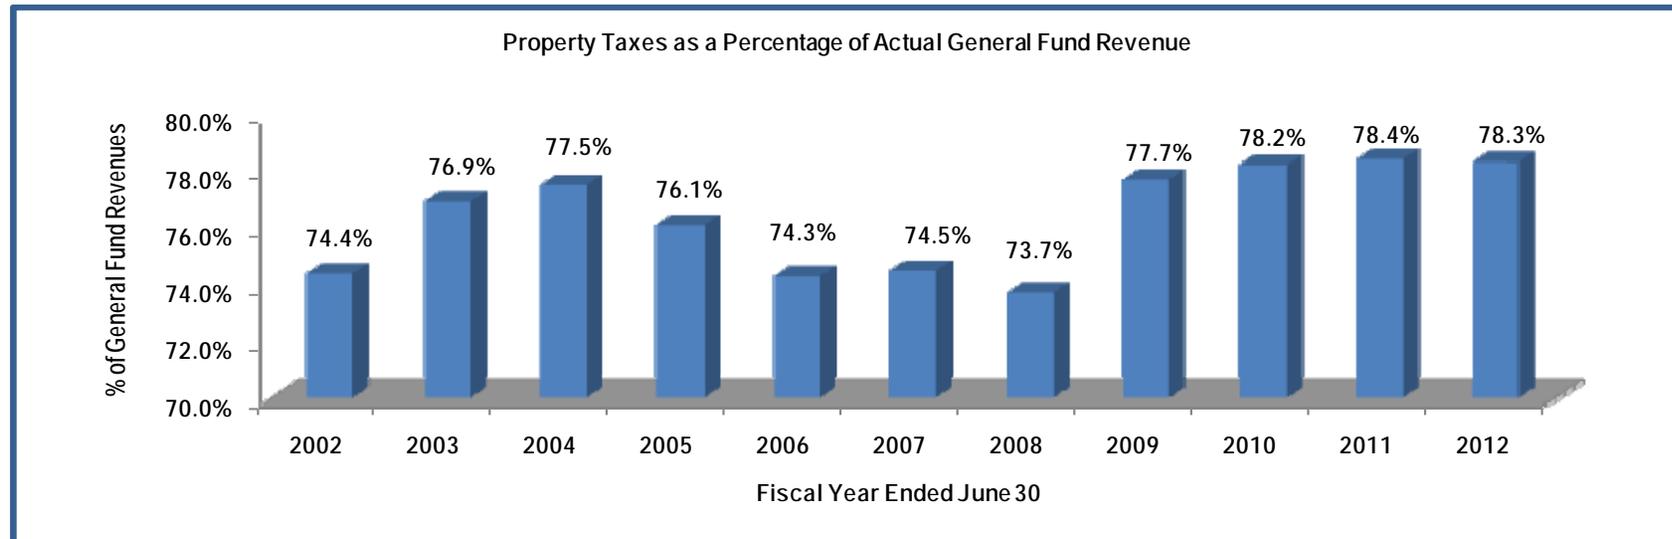

Once again, certain agencies that were previously funded in the grant sections will now be funded, although reduced in some cases, through the department that provides the most similar function: Explorers Danbury Police Department, Danbury Animal Welfare Society, Inc. - the Animal Fund; The War Memorial provides on-call citywide emergency shelter - Civil Preparedness; Women's Center, Danbury Youth Services and CT Institute for Communities - Health and Human Services Department; Council of Veterans - Veterans Department; and the Westerners - the Department of Recreation.

ECONOMIC CONSIDERATIONS & FINANCIAL POLICIES

There are economic considerations and financial policies that are key drivers for the City of Danbury and the development of the budget. These factors include the City's grand list of taxable properties and the reliance on the property tax to finance city government, overall economic conditions in the City, and financial policies concerning undesignated fund balance and debt management.

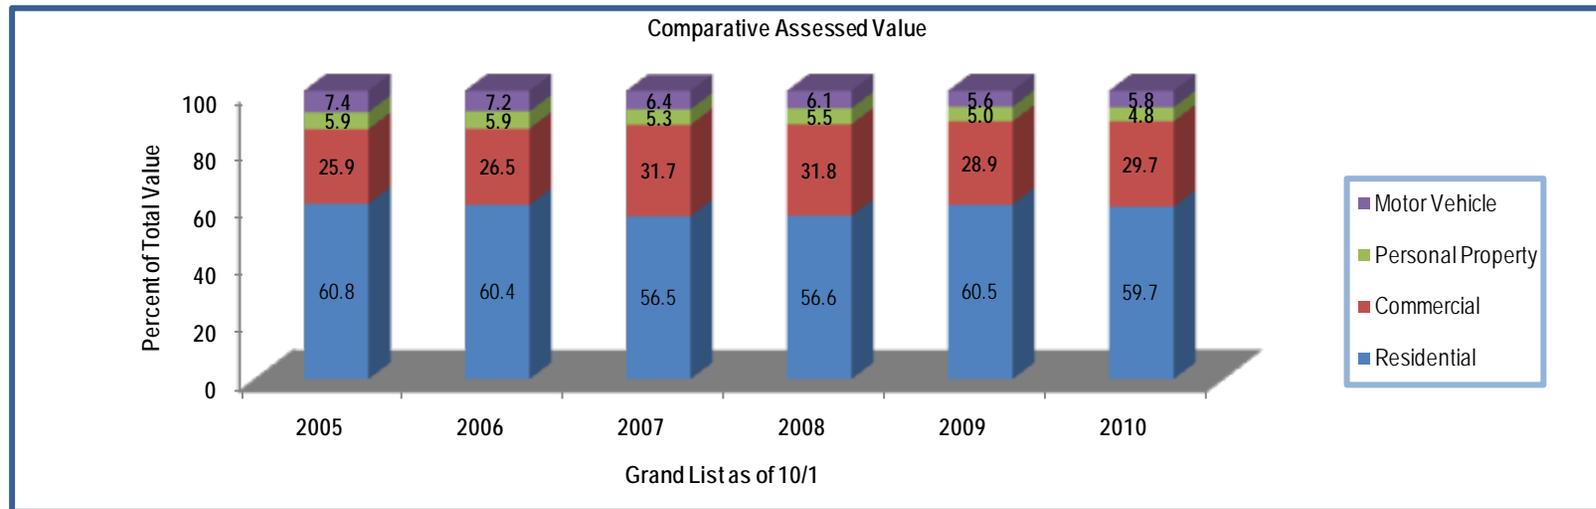

Property Taxes & Grand List Growth

For FY 2011-2012, property taxes will account for 78.3% of total revenue for the City. This is higher than before the recession began a few years ago but slightly down from last year. The FY 2011-2012 Adopted Budget includes increases in other revenues such as: intergovernmental (State Aid) (\$0.6 million), licenses & permits (\$1.1 million), and charges for services (\$0.5million). The FY 2011-2012 Adopted Budget reduces the fund balance appropriation to \$2.4 million to ensure the city maintains the targeted goal of 10% unreserved fund balance. The revenue (cuts/additions) proposed in the governor's budget have been utilized and will have a net impact to intergovernmental revenues and conveyance tax (Licenses and Permits) of \$0.1 million and \$0.7 million, respectively. Additionally, the FY 2011-2012 Adopted Budget reduces "other revenues", which have been dropping significantly since the beginning of the recession but appears to have leveled off. Meanwhile, the City continually seeks opportunities to identify additional sources of new revenue and to reduce costs in order to return to the normal percentage levels of property taxes as a percentage of general fund revenue. The extent to which property taxes make up total revenues will fluctuate depending on the composition of those non-property tax revenues and the costs necessary to provide services. In recent years, State aid and other revenues have decreased while the City's costs have continued to go up for pension costs, Board of Education, health insurances, and other capital needs. The FY 2011-2012 Budget will fund increases for the BOE, Public Safety, and Health and Welfare of \$1.0 million, \$118,000 and \$89,000 for total budgets of \$114.9 million, \$27.9 million and \$1.4 million respectively. The Public Works Budget was flat funded at \$9.3 million while all other General Fund Operating Divisions have had their budgets reduced by 2.5% or \$391,000.

*2011 Adopted; 2012 Adopted

The grand list of taxable properties includes residential real estate, commercial and industrial real estate, motor vehicles and business personal property. The property revaluation of October 2007 resulted in a significant inflation in property values that would have increased the tax burden beyond reasonable levels. Implementing the revaluation in a single year would have resulted in a dramatic tax burden; thus, we implemented a phase-in of the revaluation to reduce the impact on property owners. Normally, this strategy allows the City to raise additional tax revenues and minimize the effects each year of the revaluation as the tax base grows while stabilizing tax rates. However, the economic recession, credit crunch and housing market crisis has caused a slight decline (.16%) in our tax base as compared to last year. Any continuation of a phase-in would have caused a sudden and substantial tax increase to the City residents without producing any additional property tax revenue in a time when such an increase could not be afforded by the taxpayers. Many cities throughout Connecticut faced the same issue, and as a result, the Connecticut State Legislature two years ago passed SB 997 – An Act Concerning a Municipal Option to Delay Revaluations. Like many other Connecticut cities, Danbury opted to delay the second year of the phase last year. However, the SB 997 Act allows only a delay of the implementation for up to two years not to abandon the phase in. Consequently, as per state requirements, the City continued to phase-in the revaluation last year, but delayed the phase-in this year. However, to ease the burden of increasing property taxes resulting from the phase-in for senior citizen property owners on limited fixed incomes, I introduced legislation, which was adopted by the City Council, for income qualified senior citizen property owners to freeze their taxes at the current levels. This proposed legislation has a sunset provision of the next revaluation in 2012.

As illustrated in the table below, the revaluation took effect for the October 1, 2007 grand list, however, as per state statute, the phase-in was permitted to be delayed the following year then continued for the October 1, 2009 grand list.

Clearly, the City of Danbury has not been isolated to the impact of the nationwide recession. Although the total dollar values and the number of permits are the lowest in several years, it is important to note that the residential market seems to have hit bottom and is beginning to recover while the commercial market seems to be recovering. Most of the revenues for building permits, fees and revenues associated with real estate transactions, such as conveyance tax, have been adjusted in the FY 11-12 Adopted Budget to reflect current year activity trends with the Governor's proposed amendments to the conveyance tax.

Fund Balance

The City's policy is to maintain a General Fund undesignated fund balance of between 5% and 10% of General Fund expenditures. While the City believes it is important to maintain reserves at reasonable levels, accumulating an excessive fund balance is not good public policy. If fund balance as a percentage of General Fund expenditures exceeds the target of 10%, a portion of that should be returned to the taxpayers in the form of a reduced mill rate. The City's undesignated fund balance totaled a healthy amount of 10.2% of General Fund Expenditures or \$21,250,848 for FY ended June 30, 2010. The budget for FY 2011-2012 incorporated a planned use of fund balance of \$2.4 million, bringing the percentage of undesignated fund balance to 9.0%, well within the City's target of 5% to 10%.

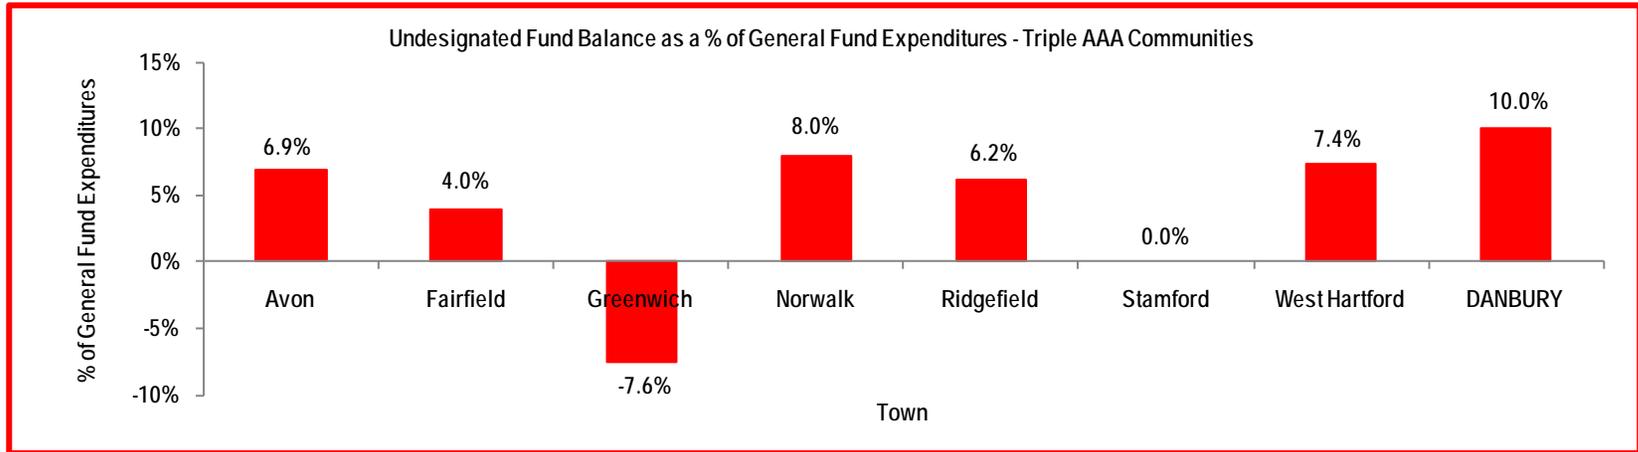

When the City's policy regarding undesignated fund balance is compared with other communities in Connecticut, we are similarly positioned with municipalities with higher credit ratings than our own. A comparison with triple AAA rated communities in the State of Connecticut supports the City's policy of an undesignated fund balance of 5% to 10% of General Fund expenditures, and reinforces our position that returning excess fund balance back to the taxpayers in the form of lower taxes is good public policy.

I am very proud to report that Standard & Poor's, the largest of the three major rating agencies, upgraded the rating for the City of Danbury, two years ago, which will lower the net interest cost for future debt issuances resulting in savings of future tax dollars. Standard & Poor's states that the ratings reflect the City's:

- Strong and diverse economy located in Fairfield County, featuring extremely strong per capita market value and high per capita retail sales;
- Income levels above national averages;

- Sound financial operations and conservative management practices; and
- Moderate debt burden, coupled with a manageable capital improvement plan (CIP)

Capital Financing and Debt Management

In recent years, the City of Danbury has received approval from the voters for an aggressive capital improvement program geared toward upgrading the City's infrastructure and to position our City for the 21st Century. In 2004, the voters approved the 21st Century Bond package, the focus of which was to rebuild our schools. In 2005, the voters approved the Danbury Neighborhood Bond, which upgraded our parks and playgrounds and provides our citizens with additional recreational opportunities. In May 2006, the voters approved another bond proposal, the Danbury Public Safety Bond. This bond provided the necessary funding to construct a state-of-the-art police headquarters. In 2007, the voters approved the Open Space Bond to provide funding for such initiatives as: to preserve open space; additional public improvement projects including parks/streetscape enhancements and to purchase capital equipment; and a fire sprinkler system at Danbury High School.

In proposing these capital project investments, the City does so within a framework of capital financing policies designed to ensure that the debt associated with these projects does not place undue pressure on the mill rate and our taxpayers. The City's capital financing policies were developed using guidelines and best practices. The City's current capital policy standards are:

- Debt service as a percent of expenditures should not exceed 10%.
- Debt per capita should not exceed \$1,900 and increase at 3% per year.
- Debt as a percentage of fair market value shall not exceed 1.5%.

It is anticipated that the debt associated with all of these projects will be issued by FY 2011-2012. During that time, the debt ratios described above are as follows:

- Debt Service as a percentage of general fund expenditures will peak at 7.7% in FY 2012-2013 and declines to 5.0% by FY 2018-2019. This is well within the cap of 10% outlined in the policy.

The City will continue to increase its outstanding debt over the next year to adequately finance remaining projects approved from previous bond issues. Outstanding debt is projected to peak in FY 2012-2013 at \$134.0 million when all of the debt has been issued and will decline to \$79.1 million in FY 2019-2020 as the debt is paid down. The following table illustrates the projected outstanding debt and its impact on debt service as a percentage of expenditures, debt per capita, and debt to fair market value.

Fiscal Year	Outstanding Debt as of June 30	Debt Service as % of Expend.	Debt per Capita	Debt as % of Fair Market Value

The City continually evaluates the validity of its capital financing policy by comparing our debt ratio benchmarks with those of other cities and towns. It is evaluated against triple AAA communities in the State of Connecticut as well as the surrounding communities in western Connecticut. Using those comparisons, the City of Danbury can determine whether its debt capacity is within the guidelines that evaluate the overall financial condition of the City. Based on the following table, the City of Danbury is well positioned and can easily take on the debt associated with its aggressive capital improvement program.

SUMMARY OF THE ADOPTED BUDGET

The total general fund spending plan for FY 2011-2012, including the Board of Education, is \$215,919,397. This represents an increase of \$6.67 million over the current year adopted budget of \$209,248,000. Spending by the Board of Education will increase by \$1.0 million. Net revenue from all sources other than current property taxes total \$46,748,153, leaving a net balance expected to be raised from local taxes of \$169,171,244 (after considering a \$1.0 million allowance for uncollectable taxes/tax appeal adjustments). Based on an assumed grand list of \$7.85 billion after considering Board of Assessment Appeals, the mill rate needed to support the adopted budget is 21.69 mills. This represents an increase in the mill rate of .73 mills, or 3.49%.

On the City side of the FY 11-12 Adopted Budget, overall spending will increase by \$5.7 million due primarily to non department specific expenditures such as: \$2.4 million increase in required annual contributions to the Employee Pension Plans, \$0.4 million increase in overall employee benefits and \$3.1 million increase in debt service. The net departmental budgets for FY 11-12 will be less by almost \$200,000. Departments will be required to absorb any cost increases and seek out the most efficient and effective measures for delivery of services.

BUDGET ASSUMPTIONS

Revenues:

- Since the beginning of the recession, tax collections percentages have been closely monitored and all necessary actions have been taken to ensure that tax revenue projections are achieved such as: selling current year tax liens, selling older inactive accounts (liens), hiring a new collection agency and instituting a “boot” program for unpaid/unregistered vehicles. The City has vigorously defended the tax assessment roll in nearly 100 commercial tax appeals since the last revaluation and has been successful in protecting the taxpayers’ interests. Although the City provided for a \$600,000 allowance for tax appeals in the current year budget; more commercial tax appeals were settled in the current year than anticipated and many had multiple year settlements which adversely impacted the current year budget. However, the projected negative impact to tax revenues is expected to be about \$1.0 million for the current year which is \$400,000 less favorable to the budget. Consequently, I am recommending an increase of \$400,000 to \$1.0 million for the allowance for uncollectible taxes and tax appeals for the FY 11-12 budget.
- The budget assumes that State aid will increase by \$0.1 million from current levels.
- The FY 11-12 Adopted Budget assumes revenue of \$2.9 million generated from the sale of City assets.
- The use of appropriated Fund Balance will be reduced from \$2.5 million in the FY 10-11 Adopted Budget to \$2.4 million in the FY 11-12 Adopted Budget.
- The current level of undesignated fund balance is \$21.25 million or 10.2% of this year’s budget. This amount is exclusive of the \$2.5 million that has been designated for FY 2010-2011 Adopted Budget.

The future revenue challenges continue to be: the uncertainty of the financial situation at the state and their ability to maintain their commitment level of funding at the budgeted amounts; the ongoing recession and its impact the City’s tax collection rates and “other revenues”; and the timing of the State mandated 2012 revaluation and the impact to the grand list.

Expenditures:

Funding for most departments has been cut or flat or received only the necessary increases to enable them to meet their core mission. In fact, many departments absorbed the contractual salary and cost increases while continuing to provide the same high level of service.

- After several years of decreasing annual required contributions (ARC) to the Employee Pension Plans, the ARC amount increased by \$2.4 as a result of the 2008 Wall Street melt down; \$1.1 million of this amount are contributions on behalf of Board of Education employees.
- Although our health insurance renewal rates were relatively low (1%), an additional \$0.4 million in overall employee benefits is still required specifically for current and retiree health insurance, prescription plans, worker's compensation, and other insurances.
- Reflected in the FY 10-11 Adopted Budget general fund debt service was \$1.4 million one-time savings from the bond refunding of nearly \$38 million, which generated a total of \$1.8 million in overall total present value savings. Consequently, year-to-year comparative increases of \$3.1 million are inflated by the last year's one-time savings of \$1.4 million combined with this year's projected new debt issue.
- Additionally, as a budgetary control measure, the funding of 10 vacant positions has been defunded and eliminated from the departments saving approximately \$800,000. Less than half of the 34 vacant positions will be funded in the Employee Service Benefit lines in the FY 2011-2012 Adopted Budget with the highest priority given to Public Safety positions and those positions which can only be cost justified.
- The non-routine capital goods or services purchased (including lease/purchase agreements) directly from the General Fund appropriations have been separated to highlight these important projects and also to smooth out the year-to-year trends in the departments for comparative purposes.
- The budget includes a contingency of \$450,000 for unanticipated expenses throughout the year.

The expenditure pressures and challenges to future budgets will be from the following: increased annual required contributions (ARC) into employees pension plans due to the Wall Street crash of 2008; increasing costs for health and prescription coverage insurances for current and retired employees, and the unknown financial impact resulting from negotiations with all unions for new contracts, which will expire on 6/30/2011.

BUDGET OVERVIEW AND MAJOR INITIATIVES

GENERAL FUND

General Government

- The FY 2011-2012 Adopted Budget is \$160,434 less than last year's adopted budget for General Government.

- The hiring freeze, which I instituted three years ago, remains in effect on all non-essential positions and resulted in 2 positions remaining open for most of the year in General Government after permanently cutting 2.5 positions. This cost control measure saved approximately \$150,000 for this fiscal year for general government support.
- Capital funding of \$500,000 has been included for the Public Buildings Department purposes to replace underground storage tanks (UST) at City Hall, Fire Department headquarters and the Airport, as required by CTDEP.
- Additional capital borrowing of \$500,000 is being proposed to permit the Assessor's Office to begin the state mandated revaluation process of the 2012 revaluation. Danbury's last revaluation was effective October 1, 2007, and the state requires that such revaluations be completed every five years.

Public Safety

- The FY 2011-2012 Adopted Budget for Public Safety is \$117,914 more than the FY 2010-2011 Adopted Budget.
- The FY 11-12 Adopted Budget includes additional funding for overtime (\$120,000) and other contractual increases.
- Capital funding of \$249,180 is provided to purchase and outfit police cruisers and detective vehicles.
- Capital funding of \$100,000 has been provided to fund the lease/purchase of fire safety apparatus (Air Pacs), and capital funding of \$155,820 was included to fund the annual purchase lease agreement for 2 new replacement pumpers for the Fire Department.
- One vacant position has been cut in the UNIT, thus saving approximately \$75,000.

As was the case in the FY 2010-2011 Adopted Budget, the FY 11-12 Adopted Budget does not include a general fund subsidy to the Ambulance Fund. In fact, the Ambulance Fund has been self sustaining for the last several years.

Public Works

- The FY 2011-2012 Adopted Budget for Public Works remains at the same level as the FY 2010-2011 Adopted Budget.
- Three vacant positions have been cut – one each in Highway, Parks Maintenance and Engineering, resulting in approximately \$200,000 in savings. The three remaining vacant positions, which were left unfilled for most of the year due to the hiring freeze, resulted in approximately \$150,000 in savings for the current year.

Social Services Agencies

- The Community Services section is now in its third year. This replaces the former “grants” section. The Community Services FY 2011-2012 Budget totals \$456,275, representing a 10% reduction from a year ago. It includes the following: Danbury Downtown Council/CityCenter Danbury (\$33,050), Volunteer Center (\$6,075), and the United Way of Western Connecticut (\$417,150). Most grant agencies that have received direct funding from the City in the past must now apply for funds through the United Way. To ensure that the limited amount of funds are effectively utilized and for its intended purposes, we partnered with the United Way of Western Connecticut. The United Way established a committee of community volunteers to interview applicant agencies, review the applications, and determine if the agency is within the goals of the City.

Education

- The FY 11-12 Adopted Budget will include an appropriation for the Board of Education of \$114,895,291 million, an increase of \$1.0 million from the FY 2010-2011 Adopted Budget. The Board of Education had requested \$118.1 million, an increase of \$4.2 million. I realize that this will not be an easily achievable goal to close the funding gap especially after being flat funded last year. Nevertheless, the standard will continue to be set high for the Board of Education to partner with the City to slow the spending growth trend to levels the community can afford. I firmly believe that by continuing to work together, the City and BOE staff can reduce, if not eliminate, the gap through various cost cutting measures, maximizing efficiencies and revenues.

Libraries

- Funding to the Danbury Public Library decreased by nearly \$93,300 for FY 2011-12 primarily due to the elimination of two full time vacant positions.

Culture/Recreation

- The Department of Recreation FY 2011-2012 Budget is lower by \$24,000 mostly due to the reduction of funding in overtime/part-time salaries and outside services. Funding for most of the Authorities and Commissions has been reduced by 10%.

Recurring Costs

- The City's contribution to the pension fund is budgeted at \$7,677,000, an increase of \$2,398,000.

Debt Service

- The FY 11-12 Adopted Budget for Debt Service is \$16,647,650, an increase of \$3,054,343. The City's ongoing capital improvement program will continue to drive debt service expenditures.

Capital Plan

- The FY 11-12 Adopted Budget Capital Plan totals \$1,100,000. Capital items funded without the use of borrowing and funded directly through the general fund include: Purchase and Outfitting of Patrol and Detective Vehicles (\$0.25 million); Purchase/Lease Agreement for School energy efficiency projects, including Boilers at Danbury High School, Broadview, King Street and Stadley Rough Elementary School (\$0.5 million); Purchase/Lease Agreement for Fire Apparatus – 2 Pumpers (\$0.15 million); Purchase Fire Apparatus – Airpacs (\$0.1 million); and Replace Underground Storage Tanks per CTDEPT order at FD, City Hall and Airport (\$0.08 million), septic system at Airport and conduct environmental study at Roberts Avenue School as mandated (\$0.1 million).
- The adopted FY 2011-2012 Capital Budget includes borrowing of \$3.0 million for the following projects which have been deemed necessary at this time: Turf replacement at DHS and school repairs (\$1.0 million) replacement of underground storage tanks as required by CT DEP (\$0.5), Highway Street/Drainage/Bridge/Intersection Improvements and Equipment (\$1.0 million); and 2012 Revaluation (\$0.5 million).

Contingency

The Adopted Budget includes a contingency totaling \$450,000 for unanticipated expenses throughout the year.

SEWER AND WATER FUNDS

- Expenses in the Sewer Fund for FY 2011-2012 are expected to be \$10.75 million, a decrease of \$264,620, or -2.4%. The service contract with Veolia, which increases annually based upon an index, is expected to increase by \$137,155. Debt service will also increase by nearly \$486,000. A decrease of \$1,015,000 in the state mandated purchase of nitrogen credits will allow the Sewer Fund to absorb other expenditure increases while keeping the usage rates flat for the upcoming year.
- Expenses in the Water Fund for FY 2011-2012 are expected to be \$7.9 million, a decrease of \$272,311, or -3.3%. Much like the General Fund, most expenditures lines have been held to flat or slight decrease to offset any other increases such as debt, +57,225, and payment in lieu of taxes, +13,000. This conservative approach will allow the usage rates to remain flat for the upcoming year.

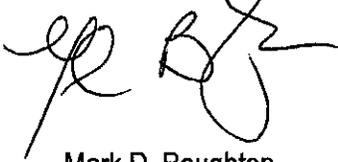

CONCLUSION

The FY 11-12 Adopted Budget has been the most challenging budget I have ever presented in my tenure as your Mayor. Many difficult choices and sacrifices have been made and will continue to be made by all City departments in order to present a balanced plan of operations designed to continue essential municipal services and selected quality of life initiatives most needed in the City's neighborhoods. The finances for the City of Danbury remain strong because of the sacrifices we are willing to make. The FY 11-12 Adopted Budget plan includes only what is needed to preserve Danbury's quality of life and nothing more. I have presented a finely tuned plan, which meets the City's service needs, reorders our priorities where appropriate, and challenges all of our employees to deliver public services more efficiently. Moreover, the plan places the minimum burden possible on our taxpayers consistent with sound financial practices. Most assuredly, this economic crisis will eventually pass, but I firmly believe that Danbury will emerge leaner, wiser, and stronger as a community because of what we have shared together.

I appreciate the incredible efforts by my staff to control costs and recognize that they have been feeling the squeeze of the budgetary pressures of doing more with less but oftentimes a lack of money arouses creativity and can foster positive and productive partnerships which may never typically be considered under normal circumstances. I maintain that this is the time to remain vigilant in our fiscal restraint, and I view these times as a tremendous opportunity for all of us, especially in government, to think "outside the box" to find extraordinary solutions to deal with extraordinary problems and situations without adding any more burden than absolutely necessary to the taxpayer who is already struggling during this economic recessions.

I would like to thank all of the department heads and other City staff involved in the budget preparation process for the many long hours that they have put into developing the budget. I would like to thank the City Council who spent several weeks working diligently on the budget. And most of all, I would like to express my sincere gratitude to the citizens of Danbury who have provided me with many valuable insights and suggestions, which we have incorporated into the adopted plan.

Respectfully Submitted,

MAY 3, A.D. 2011

RESOLVED BY THE CITY COUNCIL OF THE CITY OF DANBURY

A RESOLUTION LEVYING THE PROPERTY TAX FOR THE FISCAL YEAR

BEGINNING JULY 1, 2011 AND ENDING JUNE 30, 2012

SECTION 1. The sum of \$170,171,244 representing the gross appropriation for the City of Danbury of \$215,919,397 for the fiscal year of July 1, 2011 and ending June 30, 2012, minus Indirect Revenue of \$43,598,153, minus use of fund balance of \$2,400,000, minus operating transfer in of \$750,000, plus \$1,000,000 for uncollected taxes/tax appeals, is hereby levied and assessed on all taxable property in the City of Danbury as set forth on the annual Grand List as of October 1, 2010.

SECTION 2. Accordingly, the General Fund Tax Rate for the fiscal year beginning July 1, 2011 and ending June 30, 2012 shall be as follows:

TAX RATE: 21.69 MILLS

SECTION 3. The taxes levied and assessed as hereinafter provided shall be payable in quarterly installments on July 1, 2011, October 1, 2011, January 1, 2012, and April 1, 2012 except for taxes levied and assessed on mobile homes, motor vehicles and where not in excess of One Hundred Dollars (\$100.00), which taxes shall be paid on July 1, 2011, in accordance with the General Statutes of the State of Connecticut, unless said dates shall have lapsed before the effective date of this resolution, in which case the Tax Collector shall fix the dates and installments as if said dates had not been fixed herein as provided by law.

SECTION 4. The Tax Collector shall cause the said taxes above levied and assessed to be inserted on the tax rolls for the fiscal year beginning July 1, 2011 and ending June 30, 2012.

PERFORMANCE MEASUREMENT

The City of Danbury's mission is to ensure a superior quality of life for its citizens by providing the most cost effective municipal services while preserving the cultural, historical and natural resources of the City. We are committed to working with citizens to enhance Danbury's position as a premier place to live, work and raise a family in a traditional yet progressive community.

The City of Danbury began using performance measurements as a strategy to sustain our service levels, strive for excellence, and continue improvement of meeting the City's mission statement. Implementing performance measurement is a process, which has evolved over several years. The City of Danbury began with the introduction of the "Statement of Mission, Accomplishments and Major Objectives" in the 2004-2005 budget. For the 2007-2008 budget, department heads were asked to provide a logic model for one program or service within their department. A logic model is a learning and improvement tool that will help managers to focus on what they want to accomplish and how they will reach their goals. For the 2008-2009 budget, key performance measures were provided for major departments. The 2011-2012 budget expands on these performance measures along with measurable goals for the current fiscal year.

Performance measures provide a road map of the annual expectations for each department and can provide key decision-makers with valuable information for resource allocation, process improvements and goal setting. They also provide the City Council with comprehensive data on each department's primary operating functions. Through the use of performance measures, citizens can understand "what they get" in terms of service and results.

Performance Measurements will be used as a long term comprehensive program that will lead to better management of the City's resources, more accountability, more productivity, and specific goal setting.

REGISTRAR OF VOTERS

Mary Ann Doran

Margaret Gallo

Through the authority and guidance of State Statute, the Office of the Registrar is responsible for the processing and maintenance of all voter information. The Registrars must hire and train all election personnel as well as test all election equipment to make sure it is in perfect working order.

The department's goal is to have 100% error free elections by having well trained poll workers.

The office handles telephone calls, mail requests, and face to face voter inquiries each year and prides itself in dealing with these in a professional atmosphere.

Sustainable Danbury

The Office of the Registrars will continue to recognize and respect all individuals while providing the highest quality of service and conducting elections in a manner that protects the integrity of the electoral process.

TAX COLLECTOR

Scott M. Ferguson CCMC, Tax Collector

The Office of the Tax Collector is responsible for the processing and collection of 150,000 property tax, water/sewer usage and water/sewer assessment bills. The revenue from property tax collections accounts for over 75% of the city's budgeted revenue.

The department's goal is to collect as close to 100% of the current year tax levy and the budgeted property tax revenue as possible. Current and delinquent collection methods are governed by Connecticut State Statutes. The Tax Collector will make use of these methods in an effort to recover delinquent taxes. We are planning on rolling out electronic check payment options during the fiscal year.

The office handles thousands of telephone and face to face taxpayer inquiries each year, and prides itself in dealing with these in a professional atmosphere. Proactive measures are taken to ensure taxpayers can resolve any issues and have their payments processed in a timely and efficient manner.

TOWN CLERK

Lori A. Kaback, CCTC, Town Clerk

The Town Clerk’s Office serves as Danbury’s Keeper of the Records for all documents that pertain to the City of Danbury and its residents. The Town Clerk’s Office follows the State of Connecticut Statutes to efficiently maintain all land records, maps, trade names, vital records, military discharges, and minutes of all Commission meetings. The Office issues and maintains a variety of licenses and plays a major role in elections and primaries, including the issuance of absentee ballots and certification of elections results.

All land records are indexed, scanned, and placed into volumes. Additional copies of land records are stored off site in the event of loss or damage to the current records. The land record indexes have been made available via the City website. This office provides certified copies of any land records filed into the Danbury Land Records. The Town Clerk’s Office also serves as the Registrar of Vital Statistics where you can obtain certified copies of vital records, such as birth, marriage, or death which occurs in the City of Danbury. All records in the Town Clerk’s Office are public with the exception of birth certificates and veterans’ discharges.

The Town Clerk acts as the guardian of the City Seal, affixing only to proper and valid municipal documents.

Sustainable Danbury

The department will maintain its level of efficiency by continuing to take advantage of the technologies available for the Town Clerk’s Office. Everyday this office continues to provide excellent customer service to each and every person who visits this office. We will continue to strive to create a friendly environment where the resident always comes first.

DEPARTMENT OF PERMIT COORDINATION

Sean P. Hearty CAZEO, Director/ZEO

The Department of Permit Coordination receives and processes applications and permits for all construction activities. It tracks and closes permitting actions for all departments as it pertains to residential and commercial construction as determined by State statute, building/health codes and local ordinances/regulations. The department staff strives to educate the public regarding the permit process.

The City of Danbury, through its Permit Center, will be recognized as a leader in developing a customer friendly, technology based, permit process. By clarifying the path for property owners to improve their properties, we will encourage economic growth and allow for quality development in Danbury. The Permit Center is committed to centralizing all permit and enforcement activities to a single location, eliminating redundant reviews and pooling City resources to enable the most cost effective application of all Codes and Ordinances.

The Permit Center plays a critical role in ultimately adding to the grand list for the City. We are the first contact for residents and developers undertaking any new developments, additions or opening a new business. We pride ourselves in taking an ombudsman role with every client we serve.

The Danbury Police Department will deliver the best community oriented police services to the people of Danbury. In partnership with the community, we will prevent and deter crime, enforce laws, maintain order and safety, solve problems, and be visible and accessible.

FIRE DEPARTMENT
Geoffrey Herald, Chief

The primary mission of the Danbury Fire Department is to protect the life, property, and environment of all citizens in the most efficient and safe manner possible.

The department's goal is to reduce the incident of fire and accident through education, building inspections, and emergency response.

The department handles thousands of emergency responses and face to face citizen interactions each year. The department prides itself in providing excellent customer service. Throughout the year, the department is proactive through our education efforts in the schools, our fire code enforcement inspections and preconstruction plan review process. Emergency responses and related activities complete the efforts to ensure our citizens and visitors to Danbury a safe and secure environment.

OFFICE OF NEIGHBORHOOD ASSISTANCE: UNIT
Shawn Stillman, UNIT Coordinator

Preserving the quality and character of Danbury's neighborhoods is a top priority for the Office of Neighborhood Assistance. The Unified Neighborhood Inspection Team (UNIT) has become the State's model in combating Health, Housing, Zoning, Police and Fire code violations. The UNIT is responsible for resolving various neighborhood concerns ranging from illegal dumping, blight, parking violations, neighborhood nuisances, overcrowded and unsafe living conditions. The team focuses on blight remediation, code compliance, safety and quality of life issues and strives to enhance Danbury's position as a premier place to live, work, and raise a family.

The UNIT performs ACTION (Active Commitment Towards Improving Our Neighborhoods) on a routine basis. This is a method in which the UNIT proactively patrols the neighborhoods and performs visual inspections on properties, as well as interacts with the residents to ensure that quality of life issues are being maintained. Additionally, the UNIT hosts neighborhood meetings for our residents and educates Danbury's residents about community standards of health and safety, as well as zoning rules and regulations. Nearly 50% of all UNIT activity is a direct result of ACTION.

Danbury's residents take pride in the preservation of their neighborhoods; therefore it is essential for our team to respond quickly and efficiently to their concerns. The team works diligently with the property owners to come to a quick resolution. It is also a common practice for the department to follow up and give updates to Danbury's residents that alert the UNIT of their concerns.

Residents continue to express their gratitude for the hard work of the UNIT and we appreciate the support in helping to maintain and improve the quality of life for all residents of Danbury.

Sustainable Danbury:

The UNIT prides itself on its proactive, relentless pursuit of preserving our neighborhoods and our community. Nearly 50% of all UNIT activity is a direct result of ACTION. Additionally, the department has partnered with the Danbury Police to allow it to issue tickets for specific parking violations. As a result, in 2010, the UNIT issued over \$14,000 in citations. We will continue to look for ways to expand these efforts and increase our exposure in neighborhoods.

The UNIT also coordinates and participates in seasonal cleanups of locations around town prone to garbage accumulation. Ranging from loose litter scattered across city streets to large pieces of furniture dumped down ravines; one of the UNIT's top priorities is to maintain the cleanliness of Danbury.

The UNIT continues to investigate illegal dumping around the City and has issued tickets to past offenders. Residents, who witness illegal dumping, are encouraged to note the type of vehicle and license plate and notify our department or the Danbury Police immediately.

The UNIT appreciates and relies on the participation of the community. Residents are encouraged to report any concerns in their neighborhood by contacting City Line 311. Simply dial 311 from your home phone, or 203-744-4311 from out of town or cell phones. Additionally, visit the City's webpage, www.ci.danbury.ct.us, click on the City Line 311 link, and register a complaint/question at your convenience.

HEALTH & HUMAN SERVICES/ENVIRONMENTAL HEALTH DIVISION
Scott T. LeRoy, MPH, MS, Director of Health

The Environmental Health Division provides the improvement and enhancement of environmental resources in Danbury.

The Environmental Division provided land use inspections and permitting of on-site septic systems, well water supplies, erosion controls, recreational and beach sampling & inspection, inspection of hazardous material storage in manufacturing facilities, improving public health response to all hazards and working on the Public Health Preparedness Grant, and provided staffing for the Environmental Impact Commission.

Sustainable Danbury

The Environmental Health Division will maintain the level of productivity by continuing outreach measures, inspection and enforcement efforts to promote environmental health services to improve the environmental quality and quality of life.

HEALTH & HUMAN SERVICES/SCHOOL-BASED HEALTH CENTERS

Melanie Bonjour, Health Promotion/School-Based Health Center Clinic Administrator

The City's school based health centers are freestanding medical centers, licensed by the State of Connecticut as outpatient clinics, located on the grounds of Broadview and Rogers Park Middle Schools and Danbury High School. The SBHCs promote the physical and mental health of children and youth to ensure their access to comprehensive primary and preventive health care. SBHCs emphasize early identification of physical and mental health concerns and the prevention of more serious problems through early intervention. Through improved access to care, children and adolescents will know and adopt behaviors that promote their health and well being and experience reduced morbidity and mortality through early identification intervention.

Sustainable Danbury

The school based health centers will maintain their level of productivity by continuing outreach measures to students and families to promote the availability of the health services to medically underserved and to boost enrollment figures. Advocacy efforts will be carried out to sustain current State funding and to secure federal dollars to support the program budget. Billing practices, including the advancement to EMR systems, will be maximized to support operational budgets and to assure that access to health care is available when needed.

WELFARE DEPARTMENT

Susan Zaborowski, Social Services Manager

The Welfare section of the Health and Human Services Department provides access to housing and supportive services including entitlement benefits. Various duties provided to the general public include emergency prescriptions, entitlement eligibility, counseling, insurance(s) eligibility, application assistance and advocacy, back rent assistance program, landlord mediation, eviction prevention programs, housing voucher assistance, and assisted housing search for those individuals and families who are homeless or at risk of being homeless.

The Welfare Department also manages the City's Emergency Shelter, which offers a 20 bed facility for men, women, and veterans experiencing homelessness. The facility is open 365 days and provides not only decent, safe and clean temporary housing, but also operates a Day Center that provides showers, laundry services, hot meals, case management including supportive social service aid, and employment and financial assistance.

The Department incorporates and facilitates all measures outlined in the Mayor's Ten Year Plan to End Homelessness in our local community.

Sustainable Danbury

The Emergency Shelter and Day Center will continue to serve individuals and families as economic conditions increase the number of visits to the Emergency Shelter, the Day Center and the Welfare Department to access local, state and federal resources.

DEPARTMENT OF ELDERLY SERVICES

Susan M. Tomanio, LCSW, Director

The Department of Elderly Services seeks to increase the quality of life of Danbury area citizens who are age 60 and up by utilizing the Elmwood Hall Senior Center, the Municipal Agents Office for the Elderly, the Van Transportation Program, and the SeniorNet Computer Learning Center. Although emphasis is placed on reaching out to those most vulnerable and in need with providing resources and referrals, the department serves all of Danbury's aging population by developing programs that help them to continue to thrive and lead enriched lives.

*New statistical software implemented 2nd Quarter 2010 to track data on programs/services and clients.

Sustainable Danbury

The department will maintain its level of service and number of clients served by providing a welcoming environment where one can participate in recreational/social programs, as well as receive vital information about benefits and resources available to seniors. Additionally, we will continue to provide free transportation for Danbury seniors to and from our programs, as well as provide cutting edge computer and technology education. This combination of services will continue to create an improved quality of life experience for Danbury's age 60 plus population.

DANBURY LIBRARY

Mark P. Hasskarl, MLS, Library Director

As an essential city asset, the Danbury Library is committed to being: a welcoming destination, a convenient gateway to the best sources of information, cultural enrichment and possibility, and responsive to the varied needs of our City's diverse population. The library provides free materials and resources for learners of all ages, including print and non-print items, databases, and programs.

Sustainable Danbury

Our goal is to increase the number of Danbury residents with active library cards (used at least once, in the library or online, in the previous 18 months) by 5% before the end of the 2011-2012 fiscal year. As a result of this projected increase, we also anticipate increasing total circulation by 3% and program attendance by 1%.

DEPARTMENT OF RECREATION
Nicholas Kaplanis, Director

The Danbury Recreation Department is committed to providing high quality and diverse recreational programs and services while working in cooperation with Danbury's youth and adult athletic organizations as well as City agencies. We will constantly seek new opportunities to expand our offerings as we try to meet the varied needs of our ever changing community as well as making improvements where needed.

The department's goal is to offer a variety of recreational programs to meet the needs of the residents of the City of Danbury from the young to seniors and those with disabilities. Develop scheduling that will maintain maximum facility utilization and to monitor all park assets. We will strive to maintain participation in all programs and continue to provide training for our summer employees.

Sustainable Danbury

The Department of Recreation will continue to promote awareness of all services available through the use of the City of Danbury web site, Danbury Board of Education, distribution of flyers and any other forms of media available to improve communications. In addition, we will develop outreach efforts with a focus on our diverse population to attain more integration of our youth in public and private recreation programs.

UNITED WAY OF WESTERN CONNECTICUT, INC.*

This was the second year that the City of Danbury and UWWC worked together in this unique collaborative arrangement. The City determined how many dollars would be allocated to each service area in advance of distributing the funds to organizations. Education received \$112,500, Health received \$157,000 and Income received \$180,000. Due to the continuing difficult economic climate in our country, the majority of available funds were put into the Income category. The Income category represented programs that support City residents' efforts to achieve financial self-sufficiency and meet their basic economic needs.

As administrator of the grant process, UWWC recruited and trained 27 City residents to serve as volunteers to review the grant applications and make recommendations to the City on the appropriate distribution of the funds. Volunteer reviewers were only eligible if they were a Danbury resident and attested to having no conflicts of interest with the agencies being reviewed. The volunteers spent several weeks reading agency proposals, listening to agency presentations and, through considerable discussion and debate, arrived at a final funding recommendation, which the City approved.

Applications were evaluated using a scoring tool based on:

- Need for service in the community
- Organization's effectiveness and capacity in delivering the services.
- Organization's financial stability.
- Outcome measurements of its programs.

Volunteers generally rated highly those agencies that demonstrated very clear, focused missions and strong performance outcome measurements. Volunteers considered agencies' financial stability, as well as how the agency anticipated allocating (or had historically allocated) grant funds. They also examined the role of the organizations' board, including the longevity and level of involvement of board members.

The following pages contain the 2010 "City Grants" Report provided by United Way of Western Connecticut, Inc.

UNITED WAY OF WESTERN CT, INC.
2010 City of Danbury Agency Accomplishment Summary
(Time period measured July 1, 2010 – December 31, 2010)

Grants awarded for the 2010-2011 year covered three broad areas:

Education: It is important for Danbury's children to be able to grow and succeed, and this includes ensuring that families have the skills and resources needed for their children to succeed in school and life. Agencies funded helped improve parenting skills, provided after school care and advocated on behalf of children with educational disabilities. Danbury invested \$112,500 in five agencies this past grant cycle

Health: Whether it is a sudden illness or ongoing prevention, health is important to Danbury residents. Poor health can affect our families and individuals socially, emotionally and financially. Agencies funded with "Health" dollars provided a variety of services, including drug & alcohol rehabilitation, home health care, preventive and emergency care for under or uninsured and care for the elderly or dying. Danbury invested \$157,500 to support 11 agencies focusing on the health of Danbury residents.

Income: A thriving community is a financially stable community. Whether it is job training, providing for emergency services such as utility payments, or helping people transition from homelessness to stable housing, these agencies work to lift people out of poverty into a more sustainable environment. Danbury invested \$180,000 in nine agencies during 2010.

Focus Area: Education

Danbury Children First - \$21,381

Mission: To involve, empower and support parents to improve the lives of children. Services include early literacy programs, parent leadership programs and informational services.

Accomplishments: With regard to a six week early literacy program, 80% of parents continued to read more to their children after completing the program, 92% of parents continued to talk more with their children after completing the program and 80% of the parents that graduated from the program continue to go to the library with their children. The parent leadership program helped parent leaders sponsor a literacy program at an elementary school, work with school staff at Stadley Rough Elementary School to grow and maintain a community garden, participate in Danbury's 3Rs Early Childhood Plan and implementation and help to develop and provide workshops for parents for the DRA (Developmental Reading Assessment). The information services provided a Parent to Parent Newsletter focused on education and information resource directories were updated and expanded to include information on basic needs and health.

Danbury Residents Served: 7,614, includes 52 adults and 40 children in the Early Literacy Programs, 10 adults and 12 children in the Parent Leadership Programs and 7,500 residents served through information services.

Danbury Regional Child Advocacy Center, Inc. - \$31,534

Mission: Protecting children by supporting families. Services include Parent Aide, Child Protection Teams, COPES, ParentNet, and Volunteer Mentor.

Accomplishments: Eighty percent of 308 clients receiving in-home services through Family Enrichment Services achieved goals set during this time. Ninety percent of 14 clients receiving in-home support with a Volunteer Mentor have achieved their agreed upon goals. These goals are related to safe and effective discipline, education regarding developmentally appropriate behaviors, household management and positive and nurturing communication. Child protection teams provided a venue allowing for community providers, school personnel and other primary and secondary supports to effectively discuss with the family unmet needs to maintain children safely in their home. Teams included teachers, social workers, doctors, lawyers, mental health professionals, child protection workers and day care providers. The team's staff forensically interviewed 10 children who had disclosed sexual abuse. The COPES (Communication of Parent Effectiveness Skills) program and ParentNet program provided group based parent education to 72 parents, of which 80 % self report learning and incorporating new parenting skills. Groups were offered in English and Spanish and child care and transportation was provided.

Danbury Residents Served: 432

Families Network of Western CT - \$22,451

Mission: To ensure that all families receive the support they may need in order to get their children off to a safe and healthy start. Services include new parent hospital visitation services, at home visitation services, phone support services, parent support groups and community events and health fairs.

Accomplishments: Danbury residents in the program one and two years made significant gains in education, employment and independent living as reported by Center for Social Research at the University of Hartford (program evaluation). Data from the Community Life Skills Scale (measurement tool used to survey parents annually) showed that families became more knowledgeable about community resources and how to access them. Participating Danbury parents also reduced their rigid parenting attitudes significantly after participating in the program one and two years. During this reporting period (and program history), there has been no injury to a child in the program in spite of the family being identified as "high risk". Only one family out of the 31 participating Danbury families was involved with the State Department of Children & Families, and their participation was categorized as receiving "voluntary services" due to the special needs of the child.

Danbury Residents Served: Fifty-six new parents were visited in the hospital, 60 parents received phone support services, 31 families (consisting of 78 individuals; parents, infants and children) received home visitation services, one parenting group series was conducted (consisting of 18 individuals; 8 parents and 10 children) and hundreds of other Danbury residents received general awareness and education through community wide events and health fairs.

Regional YMCA of Western CT – Escape to the Arts Program - \$13,607

Mission: To provide high quality arts education to culturally and economically diverse families of the region, enabling participants to explore creativity, learn artistic technique, build self esteem, and develop academic, cognitive, and problem solving skills. Services include a five day a week, after school program with transportation provided from Rogers Park and Broadview Middle Schools to Escape and home at 6:00 p.m.

Accomplishments: The Escape to the Arts Program balanced fine arts education based on the CT Standards for Arts Education and Language Arts through programs including Power Hour (literacy appreciation) and homework assistance. Each student also participated in drawing & painting, ceramics & pottery, group projects, nature & art, recyclable arts, hip hop dance, swimming, basketball and team building programs. Through this program, we instilled positive values, provided emotional and motivational support, fostered a commitment to lifelong learning, developed social competencies, provided a safe environment for students to make positive choices, provided access to caring and supportive adults, and built upon their in-school learning. Surveys conducted showed 75% of students liked being able to do homework at the program, 88% of students believe it is important to do well in Middle School, 68% of students regularly exhibited positive behavior at the program, 83% think it is important to give back to the community, 93% of students have a healthy view of themselves, 81% of students enjoy their art classes and 71% of students visited a museum or cultural program.

Danbury Residents Served: Seventy-seven Danbury students were served through the program from City of Danbury funding. Additionally, 554 youth (a majority of whom are Danbury residents) were served through other programs not funded by the City of Danbury.

WeCAHR - \$23,527

Mission: To advocate for the civil and human rights of people with disabilities and work to create and promote personal success, independence and community involvement for children and adults with disabilities. Services include advocacy services.

Accomplishments: Provided advocacy services for information and referrals for matters pertaining to housing, employment, income/finances, education and training, entitlement issues, rights and responsibilities and abuse and neglect. Ensured people with disabilities have adequate food, clothing, shelter and transportation, safe and legal housing and are economically stable. Advocates addressed housing issues, including living arrangements, homelessness and homelessness prevention, financial support and appropriate benefits and supports. Advocates developed 243 action plans and attended 310 Interdisciplinary Team Meetings. Eighty-five percent of adults served have safe and decent housing, 80% obtained appropriate day programs, 75% followed through on information received from WeCAHR and 85% of adults served attended team meetings and had direct input in their own service plans.

Danbury Residents Served: 192

Focus Area: Health

AIDS Project Greater Danbury - \$9,719

Mission: To advocate for and provide supportive services to people living with HIV/AIDS, their families and loved ones and to actively promote AIDS education and prevention in the community. Services include HIV Prevention and Education Services.

Accomplishments: Individuals were tested for HIV and STD's. Individuals participated in educational presentations at Midwestern CT Council on Alcoholism, Even Start, Sobering Center, City Shelter, Western CT State University, Interlude and Christian Community Outreach Ministries. Participated in four health fairs at Western CT State University, World Aids Day, Project Homeless Connect and The Hispanic Center of Greater Danbury.

Danbury Residents Served: One hundred sixty-eight individuals tested for HIV, 132 individuals tested for STD's, 676 individuals participated in educational presentations and over 500 individuals served at health fairs. Ten individuals were referred to substance abuse treatment.

American Red Cross - \$4,860

Mission: To provide relief to victims of disasters and help people prevent, prepare for, and respond to emergencies. Services include disaster planning and preparedness, response and relief and community disaster education.

Accomplishments: The Red Cross participated in two exercises with the City of Danbury to test emergency response plans. An after-action evaluation was conducted to identify strengths and areas that needed improvement and these exercises led to a better understanding of how we all can communicate more effectively during disasters. Red Cross also responded to incidents and provided assistance to Danbury residents. First responders now have the support of a Red Cross Emergency Response vehicle to provide canteen and casework services on the site of disasters. Red Cross also provided financial assistance and referral services to the families affected. Red Cross also provided community disaster presentations to residents with materials through local health fairs and other events. Red Cross also assisted families with SAF emergency communications, and Danbury residents were reached with "Get to Know Us Before You Need Us" presentations geared for service members, who are about to be deployed, and their family members. Red Cross reached out to Danbury residents in relation to their relatives in Haiti.

Danbury Residents Served: A total of 6,470 Danbury residents served, of which 10 residents participated in training exercises, 50 residents received disaster services, 30 residents participated in free disaster volunteer training, 6,228 residents received Community Disaster Education information, 140 residents were assisted with services to the Armed forces and 3 residents were assisted in relation to their relatives in Haiti.

AmeriCares Danbury Free Clinic - \$16,522

Mission: To provide free, quality health care to low income, uninsured residents of greater Danbury, while protecting each patient's sense of dignity and self-respect. Services include healthcare.

Accomplishments: The AmeriCares Free Clinic of Danbury provided health care in the form of life saving medication and specialty care visits. Also 3,900 laboratory tests and 650 diagnostic tests were provided through our ongoing partnership with Danbury Hospital. With patients suffering from diabetes, 88% of patients showed an improvement in hyperglycemic control. In addition to this, AmeriCares recruited an ophthalmologist to come to the onsite Danbury clinic monthly to provide critical sight-saving exams (annual eye exams are required for diabetic patients). According to our patient satisfaction survey, there was constructive learning about the positive effect of scheduling our patients by appointment as opposed to a "walk-in" arrangement.

Danbury Residents Served: 1,069 patients served

Child & Family Institute of Fairfield County - \$14,579

Mission: To provide the necessary programs for children, adolescents with attention, learning, emotional and behavioral disorders to succeed in home, school, work and community settings through family-centered counseling and experienced education. Services include the B.O.O.S.T program, liaison and advocacy services.

Accomplishments: Scholarships were provided in the amount of \$20,575 to Danbury youth to participate in the B.O.O.S.T. program, a four week intensive therapeutic program. Participants in the B.O.O.S.T. program were provided an opportunity to learn healthy coping and life skills, learned how to identify and manage emotions more effectively, and learned appropriate social and interactions skills, experienced success academically through hands on experiential educational activities, experienced improved self confidence and self esteem. An additional \$6,500 in scholarships was provided to Danbury residents to receive intensive liaison and advocacy services. As a result of receiving these services, participants experienced improved academic performance, improved community involvement, and improved family functioning.

Danbury Residents Served: Twelve Danbury residents served in B.O.O.S.T program, and 22 Danbury children received intensive liaison and advocacy services.

Danbury Visiting Nurse Association - \$50,539

Mission: To enhance the health and well being of the communities we serve by employing the most advanced knowledge about causes and prevention of disease, illness management and health maximization. Services Include Pediatric & Adult Healthcare and WOW (Wellness on Wheels).

Accomplishments: WOW van was utilized to provide free visits to patients receiving care. Funding dollars supported nurse practitioners, RN's and clerical/outreach staffing hours as well as patient education and teaching materials provided to patients. Thirty-three WOW clinic sessions were held. Ready access to high-quality medically necessary care was achieved. Provision of medically necessary care to all age groups of patients, for sick care, well care and immunizations was accomplished. All patients seen on WOW were uninsured or underinsured, and 74% of all patients were racial/ethnic minorities. By providing WOW services to 527 minority patients, we were successful in achieving an improvement in racial/ethnic disparities in child and adult health in Danbury.

Danbury Residents Served: 714

Hispanic Center of Greater Danbury - \$9,719

Mission: To assist the Hispanic population to enter and succeed in the social and economic mainstream of Danbury. Services include facilitation of acculturation to the United States, basic health services, legal and referral services and advocating on behalf of the Hispanic Community.

Accomplishments: The Bilingual Health Prevention Program uses community outreach as a catalyst for alleviating health disparities in the Danbury community. Funding awarded allowed us to cover the staff salary for the Bilingual Health Prevention specialist, who through the use of community outreach and education, increased knowledge, awareness and self-care on breast and prostate cancer, diabetes, obesity, cholesterol and cardiovascular disease. We also increased access to primary care, preventive screenings, mammograms and follow up appointments. We were able to offer bilingual support groups and education and outreach to community providers and physicians.

Danbury Residents Served: 350

Interfaith AIDS Ministry of Greater Danbury - \$15,550

Mission: To offer critical support services to families faced with the nutritional, physical and spiritual challenges of living with HIV/AIDS while providing vital education programs that respond to the greater community. Services include a Living Pantry's Nutritionist.

Accomplishments: Through the Living Pantry's Nutritionist program, a nutritionist accompanied clients through the aisles assisting clients in making healthy choices of food to help compliment the medications they are taking for medical conditions. We also conducted 26 food demonstrations to help clients become familiar with different foods that are available at the pantry and healthy for them. Also hosted monthly luncheons for 175 individuals, conducted 32 client assessments and 12 home visits. The Back to School program distributed 52 backpacks filled with school supplies including flash drives and calculators. In addition, 93 clients and their families received Thanksgiving Baskets as well as holiday wishes and a holiday meal. Also, participated in many community outreach events for continued education in the community. The YRTA (Youth Reacting to AIDS Program) program has flourished and has recruited students to become peer educators for the prevention of AIDS through training sessions, holiday parties and activities.

Danbury Residents Served: 301

Midwestern CT Council on Alcoholism (MCCA) - \$22,402

Mission: To provide help and instill hope for individuals, families and organizations working to overcome and prevent addictions. Services include the Sobering Center.

Accomplishments: The Sobering Center provided temporary alcohol and drug-free housing, case management services, medical, dental and psychiatric assessment and treatment referrals to homeless individuals with varying degrees of substance abuse and co-occurring mental health disorders for those individuals who were awaiting transfer to either more formal treatment programs or permanent housing situations. The Sobering Center offered a five-day per week, three hours per day Intensive Outpatient Program (IOP,) and staff provided daily transportation to and from treatment. One hundred forty-nine Sobering Center Clients were placed in long term treatment programs, and 37 Sobering Center Clients were placed in permanent housing after successful completion of treatment.

Danbury Residents Served: 186 Danbury residents received 1,150 service days at the Sobering Center.

Northwest Regional Mental Health Board - \$975

Mission: Dedicated to improving the quality of life for individuals who need support in their recovery from mental illness and/or addictions. Services include Mental Health, Outpatient, and Educational services.

Accomplishments: The City of Danbury funding was used to study and evaluate the delivery of mental health services in the area. The following programs were reviewed and evaluated for effectiveness, efficiency and appropriateness in keeping with the principles of results-based accountability; New Milford Hospital Outpatient Services, Catholic Charities Homeless Service, Mental Health Association of CT Residential Services, Danbury Hospital Crisis Services, Western CT Mental Health Network, Guardian Ad Litem Services, WCMHN-D Shelter Plus Care, Center for Human Development PILOTS program, Catholic Charities Case Management Services, Acquired Brain Injury Program and WCMHN-D Outpatient services. Needs assessments were performed, which includes the assessment of met and unmet needs, a review of quarterly critical incident reports and a formal needs assessment and priority planning process were conducted. In addition, we have conducted an annual library/community education project which includes providing information to the public library on a variety of mental illnesses.

Danbury Residents Served: 1,492

Regional Hospice of Western CT – Healing Hearts Center - \$4,374

Mission: To provide care, comfort and compassion for those touched by life-limiting illness and loss. Services include bereavement groups and referral services.

Accomplishments: All of our surveys given out at our adult and children's bereavement groups last fiscal year indicated that people would both recommend the program and that they benefitted from participation. Our agency continues to provide the right amount of spiritual and religious contact for hospice patients and families at a rate higher than the National and Connecticut averages – nearly 100%. Participation in Healing Hearts programs increased 23% in Fiscal Year 2010.

Danbury Residents Served: 194 (includes both adults and children)

Regional Hospice of Western CT – Special Patients Fund - \$8,261

Mission: To provide care, comfort and compassion for those touched by life-limiting illness and loss. Services include patient care; including hospice consultations and bereavement visits.

Accomplishments: Regional Hospice provides unreimbursed care to those in need. During the fiscal year of 2010, our agency provided \$39,264 in subsidized patient care and \$133,500 in free hospice consultations and bereavement visits. As a result of our outstanding clinical team, Regional Hospice continues to have 100% of patients who say they would recommend our agency to others in need of end-of-life care. Our agency demonstrates quality care by consistently outperforming national and Connecticut survey results. With an increased emphasis on outreach and education, the average time patients receive care reached 39 days – an increase of 30% over last year.

Danbury Residents Served: Eighty-four Danbury residents received hospice and homecare services and 24 Danbury hospital patients received hospice and homecare services.

Focus Area: Income

Amos House - \$23,083

Mission: Dedicated to ensuring that individuals and families have the opportunity to achieve the competency and productivity required for permanent, self-sufficient independent living. Services include job training, job skills identification, resume writing, budgeting skills, housing assistance, and basic living skills.

Accomplishments: Short term goals were identified as clients learned what is necessary to complete educational/vocational goals and attend school. Clients learned what is necessary to apply for, get and hold a job, and clients learned what is necessary to obtain and maintain housing. Long term goals were identified as 75% of clients complete school/training, 75% of clients obtain employment, 50% of clients obtain stable housing. For clients with an identified goal of furthering their education, 100% completed their educational/vocational goals. For clients with an identified goal of obtaining/maintaining employment 100% were employed.

Danbury Residents Served: 5 households and 12 individuals

Association of Religious Communities - Dream Homes - \$60,744

Mission: To build interfaith cooperation in greater Danbury to alleviate the causes of violence, suffering and hate while advancing peace, justice and human dignity. Provided services to prevent and end homelessness.

Accomplishments: Provided information and referral to help link people to resources for basic necessities. Helped homeless individuals successfully secure housing. Also, provided screening for candidates for Vet House and screened clients for local landlords. Provided financial assistance to end homelessness for people staying in the City Shelter or elsewhere and to prevent homelessness for at risk centers. As part of eligibility requirements for financial assistance, all beneficiaries were screened and received case management to identify their "Rent Reasonableness" a measure which helps ensure people have the necessary income to sustain their housing. All families also received follow-up case management for three months, to develop payment plans and otherwise address unexpected challenges to ensure housing was sustained even when there was a drop in income or increase in expenses.

Danbury Residents Served: A total of 360 people, of which 232 were Danbury residents. Also served 737 people by providing them with resources in order to obtain the basic necessities.

Association of Religious Communities - Emergency Aid Network - \$12,465

Mission: To build interfaith cooperation in greater Danbury to alleviate the causes of violence, suffering and hate while advancing peace, justice and human dignity. Provide services to prevent and end homelessness.

Accomplishments: The Emergency Aid Network program provided emergency aid grants which assisted a total of 585 people. By providing emergency aid grants, beneficiaries were able to make their monthly rent payment to sustain their housing. Nearly 100% of beneficiaries were either unemployed, under-employed, or had a least one disability. By providing emergency aid during a short-term crisis, beneficiaries were able to make household payments and guard against falling into bad credit. Of the people served, 42% were referred to the program by case managers at other City agencies.

Community Action Committee of Danbury - \$42,641

Mission: To enable low-income families and individuals to overcome poverty and improve self-sufficiency. Services include early childcare center, food pantry, and energy assistance programs.

Accomplishments: The Early Childcare Center offered high quality daycare services to 125 low-income families through Action Early Learning Center; its NAEYC accredited early childcare education facility and helped prepare its students for kindergarten. During the period, the daycare center provided \$812,500 of services to 125 children of Danbury who attended the program. The food pantry provided 13,149 emergency free meals to 1,461 citizens of Danbury worth \$49,572 helping them to stave off hunger. Energy assistance helped people stay warm by assisting them in avoiding utility terminations or fuel crises by making agency payments. The value of service to the 1,432 Danbury households was \$1,403,360.

Danbury Residents Served: 2,397 Danbury households

Community Action Committee of Danbury – Retired Senior Volunteer Program - \$975

Mission: To match the skills and talents of adults age 55 and over with a wide variety of volunteer opportunities in our community. Services include volunteer services.

Accomplishments: The Retired Senior Volunteer Program provided 14,600 hours of volunteer service, worth \$394,492 using a rate of \$27.02 per hour for a Connecticut volunteer. Some of the impact areas they served included medical transportation, reading to elementary age children, mentoring youth, food distribution/pantry, computer instruction and delivery of health services, i.e. volunteering at blood drives.

Danbury Residents Served: 164

Family and Children's Aid – Harmony House - \$4,374

Mission: To offer high quality, innovative and responsive programs and services to heal and support children and families in crisis. Services include the Harmony House Shelter.

Accomplishments: The Harmony House Shelter provided 24/7 shelter for 21 homeless mothers and their children. Eighty-five percent of the mothers found permanent, stable housing within 120 days of admission to Harmony House, 80% of the mothers found employment. FCA believes these accomplishments fall within Community Impact Area of Income by assuring that "people have adequate food, shelter, clothing and transportation and the ability to obtain safe legal housing." We also meet the Impact Area of Education by assuring that "all children and families live in safe and nurturing environments." Harmony House is much more than a shelter for homeless mothers and their children. The wide array of services our Agency provides to the mothers and children in our community through over 22 programs makes Harmony House a stop along the way in making the lives of these children and families successful and healthy. The case managers' active and daily assistance included housing search, job searches and connecting the mothers to other community resources to help achieve those goals.

Danbury Residents Served: 15

Interlude - \$9,719

Mission: To provide housing, support services and advocacy to people with mental illness to help them become more independent in their community. Services include residential and community services.

Accomplishments: Interlude's Condo program helped clients to become productive members of our community. Staff created several on-site groups to help clients develop skills that will enable them to have increased confidence and motivation to integrate further into their community. We were able to hire additional staff to support the program's expansion from serving 10 to 16 clients. We have added the following groups to our services; non-violent communication, men and women's groups, relaxation group and money management group. All groups except the latter are held weekly. Money management group is held bi-weekly. During these individual meetings, staff teaches individuals how to budget their money, pay bills and learn to monitor checking accounts. They are also encouraged to put money away into a savings account; ambivalence about doing this is explored. Individuals are now given more education about work incentives and frequently asked how they feel about either returning to work, or becoming gainfully employed for the first time. There has been an increased focus on working collaboratively with vocational and educational providers. Since this has occurred, three more individuals now have a job coach; other individuals have moved forward in their stage of contemplation with regards to the goal of working. Active communications with the coaches and more frequent team meetings which include the vocational provider have proven very beneficial.

Literacy Volunteers of America – Danbury - \$13,850

Mission: To enable a diverse population to improve their English language and other academic skills needed to realize their full potential as successful community members. Service includes literacy training.

Accomplishments: The City of Danbury funding was used to provide English as a Second Language and academic studies classes and tutorials for 346 Danbury residents in fiscal 2010. We provided classes in two sessions, mornings from 9 AM until 2 PM and evenings from 6 PM until 9 PM, Monday through Thursday. We offered our sessions at five levels, ranging from Beginner to Advanced. In addition, we offered individual tutorials for students studying for a particular purpose. These included the certified nurse aid exam, the citizenship test, the high school equivalency (GED) test, and college and/or college credit exams. Students responded favorably to our standard questionnaire regarding their experience with us. They reported success in further study as well as employment. Eighty-two percent reported feeling more confident in their ability to communicate at work. Sixty-five percent indicated a desire/intention to pursue further training, either academic or vocational.

Danbury Residents Served: 346

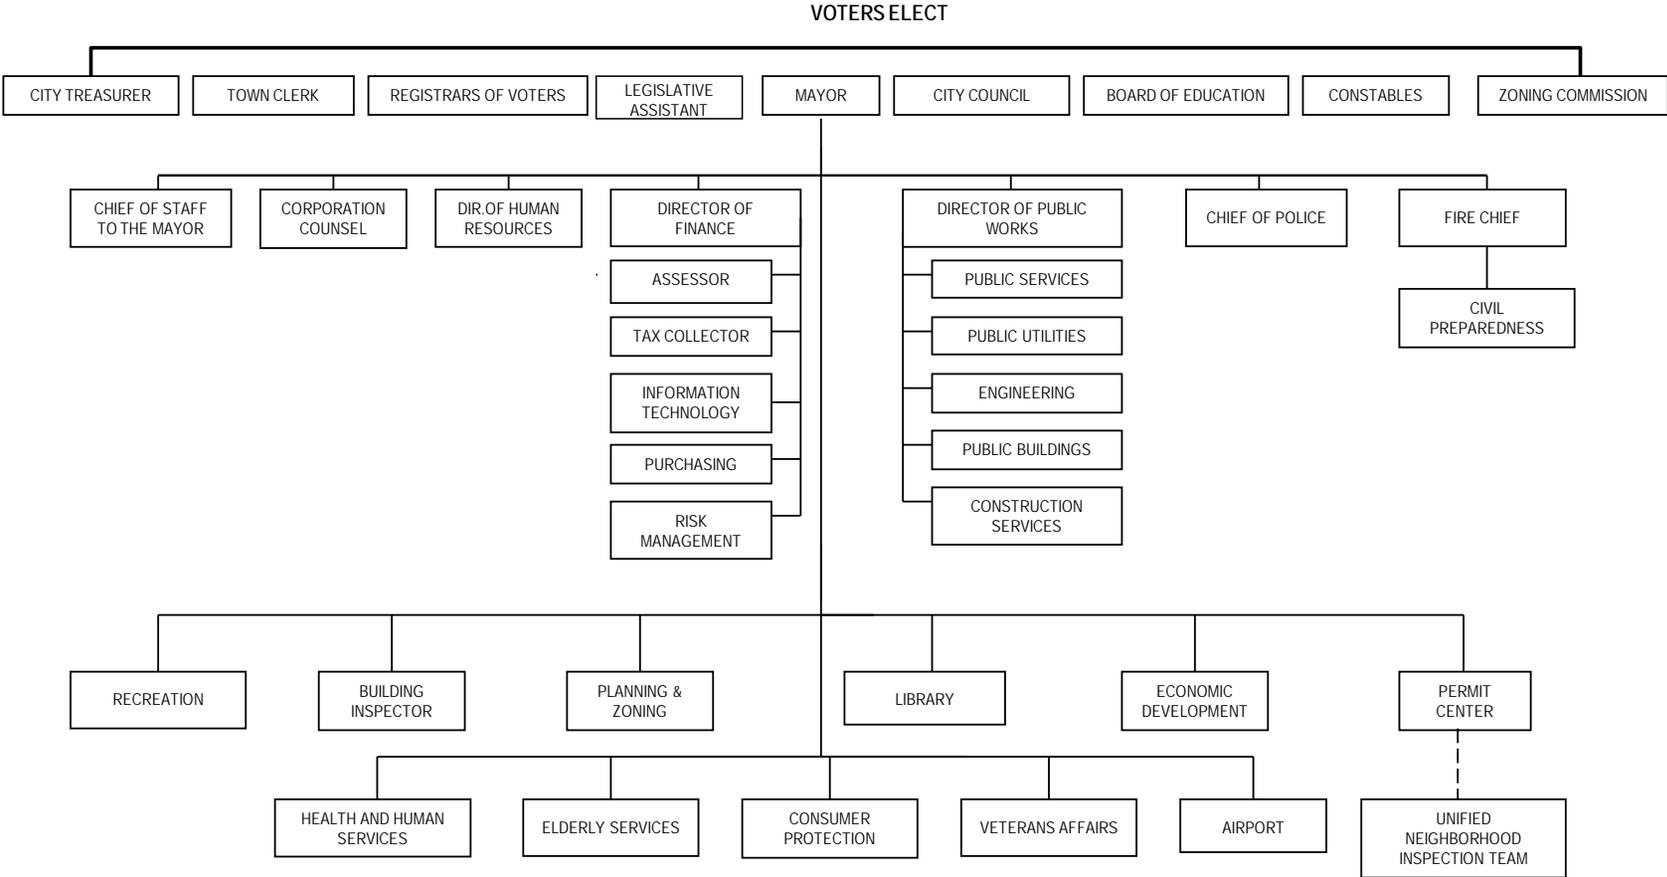

TBICO - \$12,149

Mission: To provide training and support to individuals to achieve economic self sufficiency so that they may forge positive changes in their lives. Services include career counseling, adult basic skills education, occupational/vocational training, job readiness workshops, job search assistant, financial literacy education, and employment related support services..

Accomplishments: The majority of services provided involved employment-related training since it is vital for unemployed people to get into training quickly, so their skills don't erode. Once people become unemployed for long periods of time, they start seeing a serious depreciation or reduction in their skill levels--in the human capital that they carry. Enrolling in a training program such as TBICO's, not only gives an individual new skills, it gives them a new purpose and a sense of being in control of their future. This is especially true of the long-term unemployed who recognize the importance of keeping their skills current and doing all they can to look and feel job-ready when the openings do eventually come back. In addition, The CTWorks new location lacks sufficient space to host the Danbury Networking Job Club, held bi-weekly and attended by at least thirty-five to fifty participants at every meeting. TBICO has offered to host the meetings at its new location on Eagle Road. On February 1, 2011, TBICO moved to its new location at 22 Eagle Road in Danbury. This location will enable program expansion and will give TBICO increased access to additional businesses and individuals who need and can benefit from TBICO's services. Concurrent with the move to the new facility, TBICO will introduce a fully revamped employment training curriculum that is updated and more closely aligned with the expectations of Danbury area employers. The curriculum will expand opportunities for self-directed learning, as well as enhanced technology components, and additional opportunities to develop problem-solving skills, all identified by employers as critical needs.

CITY OF DANBURY
ANNUAL OPERATING BUDGET PROCEDURES
BUDGET PROCESS

The City is required to present a balanced budget for each fund. The budget is balanced when budgeted revenues, plus appropriated fund balance and transfers equal appropriations which must be itemized for each program and/or department within each fund.

The planned use of appropriated fund balance and transfers has historically been a strategic tool to balance the budget. Upon approval by the City Council, appropriations for impromptu matters may come directly from fund balance, such as special litigation court settlements, asset purchases, significant non-routine unplanned capital expenditures, etc. As a matter of practice, the City generally strives to absorb these impromptu matters into its current operating budget whenever possible. Regardless of such unplanned financial expenses, the unappropriated fund balance has remained strong and steady at a level of about 9% of the ensuing year's budget – well within the City's goal of 5-10%.

Pursuing the fairest and most appropriate method for revenue enhancement has always been a challenge during any budget process. The City continues to review its rates and fee structure. Distinguishing between basic community services, which may already be included in a citizen's tax bill and those which may require a higher level of service and subject to a fee based charge, continues to be open for discussion and may offer additional revenue opportunities. We remain focused on protecting the interests of tax "payers" by aggressively defending the grand list and vigorously pursuing delinquent receivables of all types, i.e. tax, special services, utility, etc. The City will continue to review all assets to ensure that they are "active" and will sell, dispose, or donate inactive assets. In a sense, we are "spring cleaning" throughout the entire year. Such strategies have helped close the past revenue/expenditure gaps in prior fiscal years and will continue to strengthen the City's financial position in this fiscal year and into the next. As a conservative budgetary practice, certain offset provisions have been considered so as not to be excessively dependent on these "one-time" revenues when included within a budget. The offset provisions may be included within the expenditures, other revenues and/or through strategic management of the balance sheet. With so many uncertainties facing our nation and the City for the next few years, it is vitally important that we remain prepared for the unpredictable fluctuations which may occur in revenues associated with property taxes, state revenue, and housing market transactions.

Preparing the proposed budget for presentation takes several months of collaborative efforts with departments to understand their needs and objectives for the remainder of this year and the next year. Often during this process, additional needs and saving opportunities arise especially as their historical spending trends are being reviewed. By using 10 years of empirical data of revenues and expenditures, a cross analysis was performed examining historical trends, initially by each account for the entire city, then by division and lastly, by department. After the departments submitted their requested amount (needs) and justifications, the analysis was performed again to compare the account, division, and department requests with the historical trends. The process enabled the Finance Department to discuss with the departments their goals as compared to their financial requests and certain notable trends for their division and citywide. Additionally, this process ensures that the savings which may have been previously achieved across many departments directly or indirectly was not needlessly funded in the new budget and as such, could be reallocated. In short, funds were reprioritized and any excess was squeezed out.

The City continues to impose a deep budget freeze. The Finance Department budget task force remains committed to finding cost saving opportunities and evaluating cost avoidance plans. Once again, such strategies helped close the revenue/current expenditure gap for the 10-11 fiscal year and will continue to strengthen the City's financial position this fiscal year and into the next.

The Planning Director distributes the Capital Improvement Program forms and guidelines to department heads in early-November. Departments are required to return their requests to the Planning Director within one month.

Traditionally, the budget "kick-off" meeting is held the first week in December. However, this year the "kick-off" meeting was held in mid-November. The Mayor and Director of Finance distributed the budget calendar, forms, and instructions to City department heads and representatives of the City's outside agencies and authorities/commissions. An overview of economic conditions, trends and expectations was presented to provide a guideline for preparation of the next fiscal year's budget. Department heads were required to submit their budget to the Director of Finance no later than December 21.

Budget submissions are reviewed, and a meeting is held with each department head during January to discuss justification of the budget submitted and any changes that need to be made. If necessary, additional discussions with department heads and outside agencies are scheduled throughout the month of February. During the month of March, the Mayor and Director of Finance finalize the budget, which is presented to the City Council at its April meeting. According to Danbury's City Charter, the Mayor must present a budget to the Council no later than April 7, which allows the Mayor the option of submitting the budget earlier than the April meeting.

During the month of April, the City Council reviews the Proposed Operating Budget. This budget is divided into four subdivisions – General Government I, General Government II, Public Works, and Health & Human Services, Public Safety and Social Services. Each is reviewed by a subcommittee composed of members of the City Council. Public hearings are held so that the citizens of Danbury may ask questions and voice their opinion of the proposed budget. The last date that the budget can be adopted is May 15. However, the City Council usually approves an Adopted Budget at its regularly scheduled May meeting (the first Tuesday of the month). The Budget Ordinance and Tax Resolution are formalized. The Adopted Budget is printed and is ready for distribution and posting on the City's web site on July 1.

FORMAL BUDGET PROCEDURES AS OUTLINED BY CITY CHARTER

General Form of Budget Presentation - Section 7.1

The Mayor shall require each department, office or agency of the City, supported wholly or in part by any funds, or for which a specific City appropriation is made, including the Board of Education, to set forth in narrative or such other form as the Mayor may prescribe, a program or programs, showing services, activities and work accomplished during the current year and to be accomplished during the ensuing year with associated costs thereof and such other detailed information as the Mayor may require. The merit of a budget request shall stand the test of past and expected performance.

Department Estimates Section 7.2

The Mayor shall compile preliminary estimates for the annual budget. The head of each department, office or agency of the City, including the Board of Education, shall not later than February 15th, or the next business day, thereafter if February 15th shall not be a business day, file with the Mayor, on forms prescribed and provided by him, a detailed estimate of the expenditures to be made by the department, office or agency and the revenue other than tax revenues to be collected thereby in the ensuing fiscal year and such other information as may be required by the Mayor or City Council.

Duties of the Mayor on the Budget Section 7.3

Not later than April 7th or the next business day thereafter if April 7th shall not be a business day, the Mayor shall present to the City Council a budget consisting of:

1. A **budget message** outlining the financial policy of the City government and describing in connection therewith the important features of the budget plan indicating any major changes from the current fiscal year in financial policies, expenditures and revenues together with the reasons for such changes, and containing a clear general summary of its contents.
2. **Estimates of revenue**, presenting in parallel columns the itemized revenue collected in the last completed fiscal year, the receipts collected during the current fiscal year prior to the time of preparing the estimates, total revenue estimated to be collected during the current fiscal year, estimates of revenue, other than from the property tax, to be collected in the ensuing fiscal year, and a statement of an estimate of available surplus
3. **Itemized estimates of expenditures**, presenting in parallel columns the actual expenditures for each department, office, agency or activity for the last completed fiscal year and for the current fiscal year prior to the time of preparing the estimates, total expenditures as estimated for the current fiscal year, and the Mayor's recommendations of the amounts to be appropriated for the ensuing fiscal year for all items, and such other information as may be required by the City Council. The Mayor shall present reasons for his recommendations.
4. The Board of Education shall have the same duties and follow the same form and procedure with respect to the budget of the Board of Education as required of the Mayor for other departmental estimates.
5. As part of the budget, the Mayor shall present a program, previously considered and acted upon by the City Planning Commission in accordance with Section 8-24 of the General Statutes, as amended, concerning municipal improvements, of proposed capital projects for the ensuing fiscal year and for the five fiscal years thereafter. Estimates of the costs of such projects shall be submitted to each department, office or agency in the form and manner prescribed by the Mayor. The Mayor shall recommend to the City Council those projects to be undertaken during the ensuing fiscal year and the method of financing them.
6. As part of the budget, the Mayor shall present to the Council the data required to be presented to the Mayor under the "General Form of Budget Presentation" heading above.

Duties of the City Council on the Budget Section 7.4

The City Council shall hold one or more public hearings not later than May 1st or the next business day thereafter if May 1st shall not be a business day, at which any elector or taxpayer may have an opportunity to be heard regarding appropriations for the ensuing fiscal year. Following receipt of the estimates from the Mayor, the Council shall cause sufficient copies of said estimates to be made available for general distribution in the office of the Legislative Assistant and, at least five (5) days prior to the aforementioned public hearing, the Council shall cause to be published in a newspaper having a circulation in the City a notice of such public hearing and a summary of said proposed budget estimates showing anticipated revenues by major sources, and proposed expenditures by budgets or department, and shall also show the amounts to be raised by taxation. Not later than May 15th, or the next business day thereafter if May 15th shall not be a business day, the Council shall adopt a budget and file the same with the Legislative Assistant; provided, however, if the Council shall insert new amounts or programs in the budget, such changes shall be adopted by an affirmative vote of at least two-thirds (2/3) of all members of the Council. The ordinance adopting the budget may provide for appropriations by department or function, and such appropriations need not be in greater detail than to indicate the total appropriation for each department or function. At the time when the Council shall adopt the budget, together with a provision for uncollectible taxes reserve, it shall also fix the tax rate in mills, which shall be levied on the taxable property in the City for the ensuing fiscal year. Should the Council fail to adopt a budget within the time specified, the budget as transmitted by the Mayor, shall be deemed to have been finally adopted by said Council. The tax rate shall forthwith be fixed by the Mayor and thereafter expenditures shall be made in accordance with the budget so adopted.

Expenditures – Section 7.9, (subsections d, e, f, i, j)

- d. The several departments, commissions, officers and boards of the City shall not involve the City in any obligation to spend money for any purpose in excess of the amount appropriated therefore until the matter has been approved by the City Council.
- e. The Mayor may at any time transfer any unencumbered appropriation among programs within a department, office, board, commission or agency. Upon the request of the Mayor, but only within the last four (4) months of the fiscal year, the City Council may by resolution transfer any unencumbered appropriation, balance or portion thereof from one department, commission, board or office to another. No transfer shall be made from any appropriation for debt service and other statutory charges.
- f. Additional appropriations over and above the total budget may be made from time to time by resolution of the City Council, upon recommendation of the Mayor and certification from the Director of Finance that there are available unappropriated general fund resources in excess of the proposed additional appropriations.
- i. If at any time during the fiscal year the Mayor shall ascertain that revenues for the year and the general fund surplus from the preceding year will be less than the total appropriations, he shall review work programs and allotments to forestall the incurring of a deficit. He shall report to the City Council without delay, indicating the estimated amount of the deficit and his recommendations as to further action. The Council shall then take such action as may be necessary to prevent or reduce any deficit and for the purpose it may, by resolution, reduce one or more appropriations.

Expenditures (cont.)

- j. Whenever at the close of a fiscal year there shall appear a deficit in the current accounts of the City, it shall be mandatory to make an appropriation sufficient to cover such deficit in the next succeeding budget

Emergency Appropriations

For the purpose of meeting a public emergency threatening the lives, health or property of citizens, emergency appropriations may be made upon the recommendation of the Mayor and by an affirmative vote of not less than two-thirds (2/3) of the entire membership of the City Council, provided a public hearing, at which any elector or taxpayer of the City shall have an opportunity to be heard, shall be held prior to making such appropriation, notice of which hearing shall be given in a newspaper having circulation in the City not more than ten (10) nor less than five (5) days prior to such hearing. Such hearing and notice of hearing may be waived if the Council, by at least two-thirds (2/3) affirmative vote of its entire membership, shall decide that a delay in making the emergency appropriation would jeopardize the lives, health or property of citizens. Financing to meet said appropriations shall be provided in such manner, consistent with the provisions of the General Statutes as may be determine by the Council. Any borrowing ordinance adopted by the Council in order to meet said appropriations shall be adopted by an affirmative vote of at least two-thirds (2/3) of the entire membership and shall not be subject to referendum pursuant to either Sections 3-11 or 7-10 hereof.

CITY OF DANBURY

FINANCIAL STRUCTURE AND BASIS OF ACCOUNTING

FINANCIAL STRUCTURE

The accounts of the City of Danbury are organized on a fund basis, each of which is considered a separate accounting entity. The activities of each fund are accounted for with a distinct set of self-balancing accounts that includes expenditures, revenues, assets, liabilities and fund equity. Resources are allocated to and accounted for in individual funds based on the purposes for which they are to be expended and to maintain control and accountability.

All of the funds of the City of Danbury are divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds: The City of Danbury maintains 31 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures and changes in fund balances for the General Fund which is considered to be a major fund. Other funds considered to be Major Funds are Sewer, Water, and Internal Service. Non-major governmental funds are combined into a single, aggregated presentation as other governmental funds. Such funds include the School Lunch Program Fund, the Community Development Block Grant Fund, the WIC Grant Fund, the Continuing Education Fund, the Animal Control Fund, the School-Based Health Center Grant Fund, the Ambulance Fund, the LOCIP Fund, Airport Projects Fund, State and Federal School Projects Fund, the Library Fund, the Railyard Parking Lease Fund, Open Space, Miscellaneous Special Revenue Fund, the Vision 21 and Vision 21–2 Bond Issues Fund, the City Projects Fund, the Danbury Neighborhood Bond Fund, the Head Start Bond Fund, the Farioly Permanent Fund, BIIP, NSP Grant, ARRA, Public Safety Bond, Century 21 PI Fund, and Special Litigation.

Governmental funds are used to finance the vast majority of the City's activities. Governmental funds include the General Fund, the Special Revenue Fund and Capital Projects Fund.

- General Fund – The General Fund is the general operating fund of the City government. All unrestricted sources, except those required to be accounted for in another fund, are included in this fund. General operating expenditures, fixed charges, principal and interest on long term debt, and some capital improvements costs are paid from this fund.
- Special Revenue Funds – The Special Revenue Funds are used to account for the proceeds of the 52 small grant programs that are either required by law or administrative action to be accounted for in a separate fund. Special Revenue Funds appropriated in the budget include the Ambulance Fund, the Animal Control Fund, and the Local Capital Improvement Program (LOCIP). Other special revenue funds maintained by the City of Danbury are not subject to appropriation, and information on these funds is not included in this document, but is included in the City's Comprehensive Annual Financial Report (CAFR).

- Capital Projects Fund – The Capital Projects Fund is used to account for resources related to the acquisition and/or construction/renovation/significant repair of capital facilities.

Proprietary Funds: These funds are used to account for activities similar to those funds in the private sector where the determination of net income is necessary or useful to sound financial administration. The City maintains two different types of proprietary funds, both of which are subject to budgetary control and appropriation. The Enterprise types consist of the Water and Sewer Funds, which account for activities related to the provision of water services and wastewater treatment. The Internal Service Fund accounts for employee benefits, liability insurance, worker's compensation, heart and hypertension claims, and retiree benefits.

Fiduciary Funds: Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to provide services to the City constituency. The City has six pension fund trust funds, one private purpose fund and six agency funds. The accounting used for fiduciary funds is much like that used for proprietary funds. The funds are not subject to budgetary appropriation.

ACCOUNTING AND BUDGETARY BASIS

The Annual Fiscal Year Adopted Budget and the Comprehensive Annual Financial Report (CAFR) strive to communicate to interested parties (the public) a detailed summary of the financial health and an overview of the future plans of the City. At first glance, there may appear to be a slight disconnect between the two reports. However, disparities between the GAAP basis of accounting and the basis of budgeting do often occur because regulations governing budgeting (e.g., laws or local ordinances) differ from GAAP. Some of the more common differences between GAAP and the budgetary basis of budgeting are as follows:

- Encumbered amounts are commonly treated as expenditures under the basis of budgeting, while encumbrances are never classified as expenditures under the GAAP basis of accounting.
- Budgetary revenues and expenditures may include items classified as "other financing sources" and "other financing uses" under the GAAP basis of accounting.
- The fund structure used in GAAP financial statements may differ from the fund structure used for budgetary purposes (e.g., debt service payments may be accounted for in the general fund for budgetary purpose, but may be reported in a debt service fund in the GAAP financial statements).
- The government's budget document may not include all of the component units and funds incorporated into the GAAP financial statements (e.g., Danbury Parking Authority, Richter Park Authority, Danbury Museum and Historical Society Authority, Ives Authority for the Performing Arts and Tarrywile Park Authority included in the GAAP financial statements may not be incorporated into the budget).

- Under the GAAP basis of accounting used in proprietary funds, the receipt of long term debt proceeds, capital outlays, and debt service principal payments are not reported in operations, but allocations for depreciation and amortization expense are recorded. Often the opposite is true under the basis of budgeting.
- Under GAAP basis of accounting, on-behalf revenues and expenditures must be reported. They are generally not included under the basis of budgeting (e.g., payments by the state to a pension plan for the government's employees).¹

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. The City of Danbury relies on two methods in its accounting and budgetary systems to account for revenues and expenditures.

Modified Accrual Basis of Accounting: Under the modified accrual basis of accounting, revenues are recognized when they are both measurable and available to finance current operations. These revenue items consist primarily of property taxes, special assessments and interest on investments. Fines, permits and charges for services are not susceptible to accrual as they are not measurable until the cash is received. Expenditures are generally recognized under the modified accrual basis of accounting when the liability is incurred. Exceptions to this policy are: (1) principal and interest on long-term debt, which is recognized when paid; and (2) compensated absences, claims and landfill closure costs, which are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Accrual Basis of Accounting: The accrual basis of accounting is used for pension funds, internal service funds and non-expendable trust funds with revenues recorded when earned and expenses when incurred.

¹GFOA recommended practice on "Relationship Between Budgetary and Financial Statement Information" (1999)

The **budgetary basis** follows the modified accrual basis of accounting except:

Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order is issued, and accordingly, encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year but are shown as reservation of fund balance on a GAAP basis.

As provided by Public Act 09-1, approximately \$3.3 million as originally budgeted for Education expenditures and Education Cost Sharing grant revenues were paid directly to the Board of Education and accounted for in a separate special revenue fund for FY 2009-2010 and FY 2010-2011. The funds were paid as part of the Federal ARRA State Fiscal Stabilization Funds passed through to the State of Connecticut Board of Education. The original budget was not revised by the Public Act. Although ARRA funds are no longer available, the State will be funding the entire \$3,261,030 amount through Education Cost Sharing. For illustrative purposes, ARRA funds have been included.

Revenue Overview

Property Taxes:

The principal source of revenue for the City of Danbury is local property taxes. Local taxes, which comprise 78.3% of the City's revenue, are levied annually to cover the operating expenses of City government. The following four factors determine the level of taxes that must be raised each year to meet the needs of City government:

Gross Expenditures – The size of the City's operating budget is a key determinant of the amount of money that must be raised through taxes each year. Since the City is required to operate with a balanced budget, when all other factors are equal, the larger the operating budget, the more money that must be raised through taxation.

Other Revenue Sources – The City of Danbury also receives revenue from sources other than taxation. These revenue sources include intergovernmental revenue, licenses and permits, charges for services, investment income, and fines and penalties. Stronger revenue collections from these sources can reduce the amount of revenue that must be raised through taxation.

Grand List – The Grand List is the assessed value of all auto, real estate, and personal property. The Grand List, before adjusting for phase-in, for FY 2011-2012 is \$8,514,559,512, a slight decrease of \$10,763,856 or 0.1% from the current year.

Tax Collection Rate – In the past, the budget assumed to collect 100% of the tax levy amount in the current year. The actual tax revenue has been more than the budget in most years as a result of not specifically budgeting for other property tax revenues that occur during the year like supplemental auto taxes and prior year collections. Such fiscally prudent practices have served the City well and will continue to keep us on sound financial footing.

Historically, collections have been in excess of 98% of the current year levy. However, we are challenged by the recessionary impacts on our collections levels, and the impact of commercial tax appeals resulting from the 2007 revaluation, but we have been aggressively taking steps towards maintaining the budgeted tax revenues for this year and next. The following initiatives to maximize property tax revenues have been taken: a new tax collection agency specializing in municipal tax collections has been rehired; vehicles that are unregistered or have unpaid taxes are aggressively being pursued through a boot program; receivables are being evaluated for sale; a mailing service will be assisting us in finding current billing addresses; and on-line and scheduled payments through Sallie Mae will be allowed and encouraged.

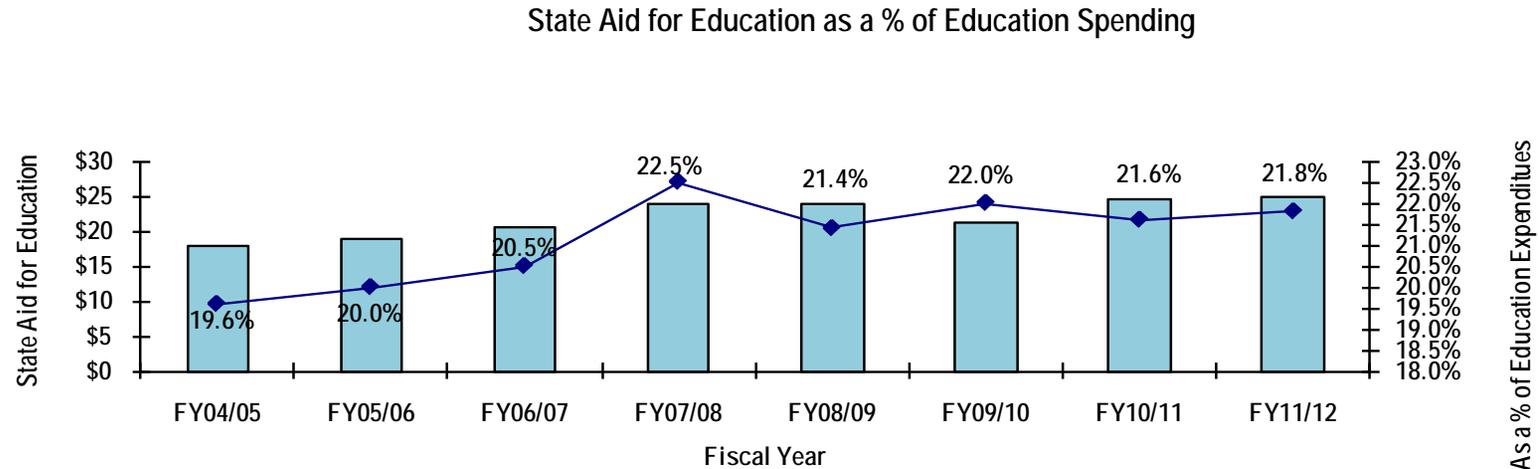

Although we are optimistic about maintaining the collection levels of the past with our initiatives, the FY 2011-2012 Budget will have an uncollected tax allowance of \$1,000,000 to help offset the anticipated reduction of collections and losses on tax appeals.

Intergovernmental Revenue:

The receipts from this revenue source are expected to increase by \$144,790 or 0.4%.

Education spending excludes federal & state grants designated for specific programs

Education - Revenues in this category are subsidies to local governments designed to offset the cost of education and are formula driven. They include education equalization, transportation, special education and reimbursement for school construction projects. For FY 2011-2012, education revenues are budgeted at \$25,633,793, an increase of \$371,454 or 1.5% from the FY 2010-2011 Budget.

Public Works – State revenues received for the Department of Public Works include grants for State Aid for Highways and State Road Maintenance. These revenues are budgeted at \$437,616, the same level as the current budget year.

Payment in Lieu of Taxes (PILOTS) – These payments represent a partial reimbursement for foregone property tax revenues from State owned property and hospitals, tax relief for the elderly and tax exemptions for veterans. Also included is a reimbursement program for machinery and equipment located in a manufacturing facility and grant proceeds from State agreements with gaming facilities located in Connecticut. Revenue from these sources is budgeted at \$5,298,345, a decrease of \$1,454,382 or 22.9% from the FY 2010-2011 budget. This is mainly due to the Governor’s proposal to cut all funding for the manufacturing machinery and equipment PILOT program.

Other – The City of Danbury receives other types of revenue that help fund various programs throughout the City. These include reimbursements for boat registrations and public safety programs. These revenues are budgeted at \$1,273,033, an increase of \$1,227,718 or 270.9%.

Licenses & Permits

The City of Danbury derives revenue through the assessment of charges permitting individuals and businesses to either operate a business, undertake construction or convey property. Revenues in this category include building permits, conveyance tax, recording fees, Health and Human Services licenses and permits, and street opening fees.

Building Department – Permit fees are charged to any person or business that desires to either renovate existing structures or to undertake new development either commercial or residential. The FY 2011-2012 Budget for Building Permit revenues will increase to \$1,550,000. A couple of major expansion and renovation projects at the Danbury Hospital and the Danbury Mall will ensure that the budgetary levels are achieved for Building Permit revenues.

Town Clerk – The Town Clerk collects revenue through the conveyance of property and vital statistics. Pursuant to recommended changes to local share for conveyance taxes in the Governor's Budget and other projected increases, the Town Clerk's budgeted revenues increased \$765,887 or 55.5% to \$2,145,887.

Health & Human Services– Health & Human Services issues certificates of occupancy and issues permits for septic sewage, rooming houses and restaurants. Due to rate structure changes and projected activity, Health and Human Services revenue is budgeted at \$261,700, an increase of \$143,325 or 121.1%.

Public Safety – Revenue in this category includes alarm registrations and permits issued by the Police Department. For FY 2011-2012 revenue is budgeted at \$17,400, an increase of \$6,900, or 65.7%.

Public Works – The Department of Public Works issues street opening permits for excavation work in the City. For FY 2011-2012 revenue is budgeted at \$11,000, the same level as the current budget year.

Fines, Penalties & Interest:

The City of Danbury derives revenue from parking violations, state court fines, and interest and lien fees on delinquent taxes.

Delinquent Taxes – Interest on delinquent taxes is set at the rate of 18% per annum and is mandated by State legislation. Penalty fees for late payment are also mandated by State legislation. Penalty charges include lien fees, warrant fees, and returned check charges. Revenue in this category is budgeted at \$1,150,000, an increase of \$50,000 or 4.5% from 2010-2011.

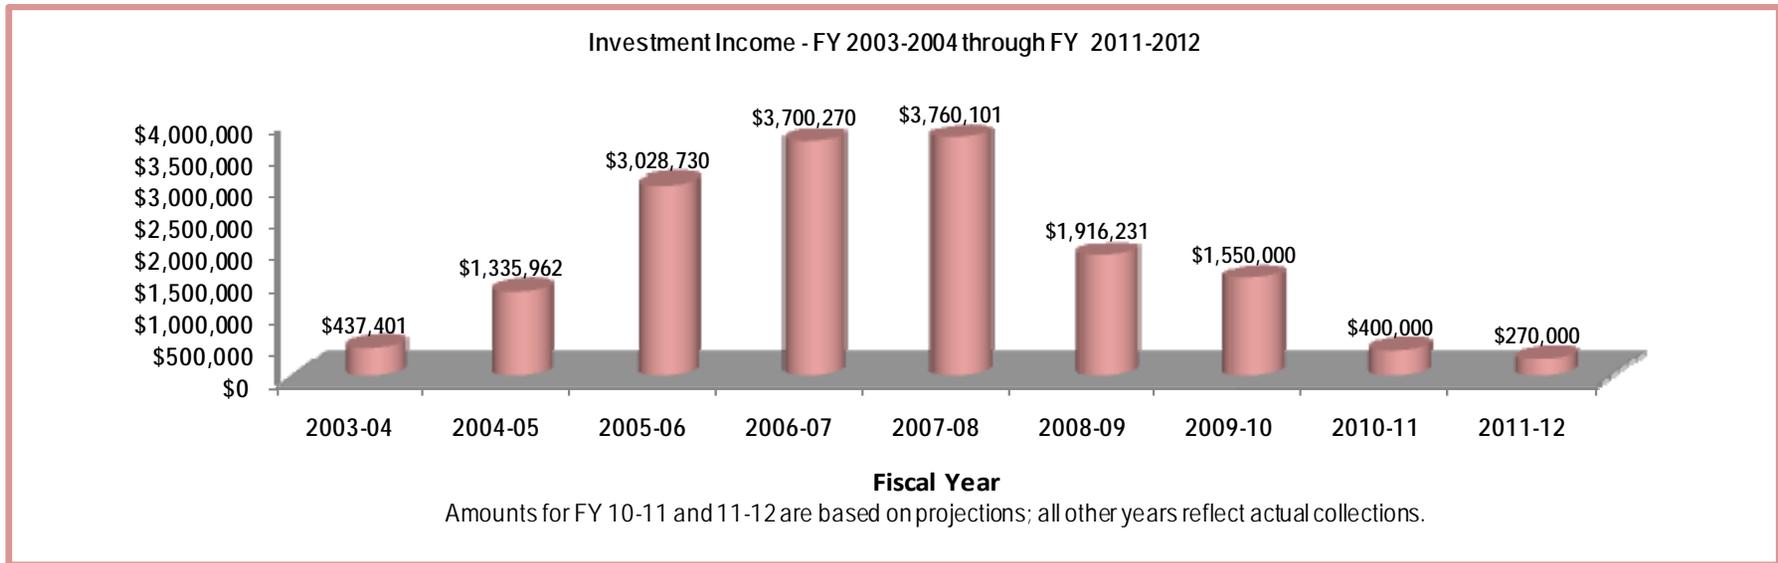

Public Safety – The Police Department issues parking violations throughout the City, excluding those issued by the Parking Authority. The Police also issues parking violations during snow emergencies and other similar situations. The City has recently contracted with a collection agency to pursue violations receivable accounts. Additionally, the City receives revenue from the State of Connecticut for other traffic violations. Included in this category are false alarm fines. Total revenue for FY 2011-2012 is budgeted at \$307,000, an increase of \$17,000 or 5.9%.

Investment Income:

Investment income is derived through the investment of cash on a short-term basis in highly liquid investments to meet the cash flow needs of the City. The FY 2011-2012 Budget is projecting continued low rates of return on certificates of deposit and money market investments. Investment income has been reduced significantly as interest rates dropped to historic lows. Also, as the capital projects are completed, less cash is available to invest, further reducing our income from investments.

Charges for Services:

Service charges are individual fees charged specifically for the use of a particular City service or activity.

Planning & Zoning – The Planning Department and its various boards and commissions assess fees related to development in the City. Budgeted revenues for FY 2011-2012 total \$210,250, an increase of \$55,250 or 3.6%.

Public Works – The Water and Sewer Funds reimburse the General Fund for services provided on their behalf. In addition, this category includes a fee for site plan reviews performed by the Engineering Department. Revenues for FY 2011-2012 total \$403,530, an increase of \$3,000 or 0.7%.

Public Safety – Both the Police and Fire Departments assess fees for various activities, including extra duty and fire watch services and finger prints, police reports and permits. This category also includes fees for Fire Marshal inspections and permits and fees for weights and measures inspections. Budgeted revenues for FY 2011-2012 total \$120,650, an increase of \$1,750 or 1.5%.

Education – Revenues are from tuition reimbursements and reimbursements for services provided on behalf of the City to the Danbury Public Schools. Revenues are budgeted at \$468,845, the same as the current budget year.

Transportation – The City operates a municipal airport through which a majority of these revenues are derived. In addition, the City receives reimbursement for Housatonic Area Regional Transit (HART), which provides bus and trolley services in Danbury. Revenues for FY 2011-2012 are budgeted at \$727,000, an increase of \$67,000 or 10.2%.

Parks and Recreation – The Department of Parks and Recreation charges fees to City residents to participate in recreational activities throughout the City. FY 2011-2012 budgeted revenues in this category total \$186,000, an increase of \$29,000 or 18.5% from FY 2011-2012.

Other - Other revenues include the sale and rental of land, civil service test fees, welfare reimbursement, grant administration, class fees from the senior center, copying charges from various departments, the sale of surplus property, data technology services and other miscellaneous reimbursements from various sources. Revenues from this category are budgeted at \$5,242,379, an increase of \$549,599 mostly due to the anticipated sale of surplus property.

DIRECTOR OF FINANCE

STATEMENT OF MISSION, ACCOMPLISHMENTS AND MAJOR OBJECTIVES

<p>STATEMENT OF MISSION</p>	<p>The Finance Department is responsible for safeguarding the City's assets by keeping account of all financial transactions and reporting the financial condition of the City on a periodic basis. The Director of Finance strives to maintain the tax rates at reasonable levels without adversely impacting the quality of City services by employing best practices related to debt, cash, and financial management.</p>
<p>FISCAL YEAR 2010-2011 ACCOMPLISHMENTS</p>	<ul style="list-style-type: none"> ◆ The Finance Department effectively worked with departments to prioritize their needs in controlling expenditures while planning for the future during these difficult economic times. Such strategy has helped minimize the adverse impact to the unreserved fund balance thus allowing the City to maintain the minimum target level of approximately 10% as recommended by the GFOA. ◆ The Finance Department has been spearheading efforts to implement a citywide Constituent Relationship Management (CRM) software solution system which will upgrade and fully integrate the City's systems to provide a more efficient and effective business operation. The CRM is intended to dramatically improve internal business operations and improve constituent accessibility to city services. ◆ For the 23rd consecutive year, the Government Finance Officers Associations (GFOA) has awarded the City's Finance Department with the Certificate of Achievement, which is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports. The Finance Department has also received the Distinguished Budget Presentation Award from the GFOA for the last 7 consecutive years.
<p>MAJOR OBJECTIVES 2011-2012</p>	<ul style="list-style-type: none"> ◆ To be awarded the Certificate of Achievement and Distinguish Budget Presentation Award from the GFOA. ◆ To select and implement a CRM system (systems) and related hardware within the existing departmental budgets via lease/purchase arrangements. ◆ To seek out creative solutions with the City's business partners and others, i.e. BOE, Grant Agencies, Commissions, and Danbury Hospital to save taxpayers' dollars by minimizing duplicate services while ensuring that such services are being delivered efficiently and effectively..

CORPORATION COUNSEL

STATEMENT OF MISSION, ACCOMPLISHMENTS AND MAJOR OBJECTIVES

STATEMENT OF MISSION	To provide excellent and cost effective legal advice, counsel and other legal services to Danbury municipal government officials and employees.
FISCAL YEAR 2010-2011 ACCOMPLISHMENTS	<ul style="list-style-type: none"> ◆ Resolved significant tax appeals brought against the City of Danbury for revaluation claims for 2007 & 2008. In 2010, as a result of significant negotiation through court procedure, and followed by ratification of the City Council, approximately twelve to fifteen 2007 and 2008 tax appeals were favorably settled. ◆ Successfully settled major labor and contract litigation claims, largely involving claims for money and benefits, based on contractual claims and claimed violations of law or past practice. ◆ Office established regular inter-department sessions to prepare for and identify issues in matters reviewed by City Council and its committees. These permitted an efficient and comprehensive way to resolve concerns and anticipate questions on issues to come.
MAJOR OBJECTIVES 2011-2012	<ul style="list-style-type: none"> ◆ Continue to recommend and adopt provisions of law toward increase in City revenues through collection, fee structure and other recovery methods. These may include more aggressive defense stances or cooperative efforts with insurance counsel on defense matters that could result in loss of revenues. ◆ Continue the trend of resolving tax appeals and related litigation at reduced legal and outside costs. The office will continue to secure favorable settlements, with lower legal costs and reduction of time spent in matters which can be concluded quickly and reasonably. ◆ Continue to identify and acquire significant open space properties in accordance with 2008 Open Space bond approval, and to further advise the City Council of the comprehensive plans to so acquire or condemn.

**CORPORATION COUNSEL ADOPTED BUDGET

PERMIT COORDINATION

STATEMENT OF MISSION, ACCOMPLISHMENTS AND MAJOR OBJECTIVES

STATEMENT OF MISSION	<p>The Permit Center is committed to centralizing all permit and enforcement activities to a single location, eliminating redundant reviews and coordinating City resources to enable the cost effective application of all Codes and Ordinances. By simplifying the path for perspective/existing property owners, we will encourage economic growth and allow for quality development in Danbury. The City of Danbury, through its Permit Center, will be recognized as a leader in developing a customer friendly, technology based permitting process.</p>
FISCAL YEAR 2010-2011 ACCOMPLISHMENTS	<ul style="list-style-type: none"> ◆ Upgraded current permitting software to windows based viewer and trained staff. This allows for quicker over view of submitted application that results in review and approval. ◆ Continue to educate the public as to the advantages and ease of permitting home improvement projects. ◆ Develop partnership with the Fire Marshal's Office in continuing to produce and implementing a comprehensive inspection and collection plan for places of assembly, liquor. ◆ Applied new technology to streamline permit process: We have added capability of scanning documents such as applications into existing software. This has allowed city review staff to view submitted applications and limited plans from their workstations. We will continue to expand this project city wide in our goal to become a paperless. This will result in cost savings on staff time and paper.
MAJOR OBJECTIVES 2011-2012	<ul style="list-style-type: none"> ◆ Permit hourly inspection scheduling. Post daily inspections on website to allow residents and contractors of times and locations. ◆ Implement application review fee. This will ensure that project review performed by city staff will result in the construction. Reduction in dead applications and improve quality of application submissions. ◆ Expand GIS programs to aid our residence and business owners in building projects. ◆ Continue to streamline existing permitting process. Apply new technologies to aid in this goal.

OFFICE OF ECONOMIC DEVELOPMENT

STATEMENT OF MISSION, ACCOMPLISHMENTS AND MAJOR OBJECTIVES

STATEMENT OF MISSION	<p>The Office of Economic Development will lead marketing efforts to businesses interested in relocating to Danbury and will deliver a variety of services designed to stimulate business and community development. Recognizing the importance of Danbury's existing businesses, OED will provide support services designed to expand local business opportunities, thereby helping to create and retain jobs, enhance the local tax base, and revitalize distressed portions of the City. OED will communicate the message that Danbury is a premier place to live, work, and raise a family in a traditional yet progressive community. OED will work in concert with, but not exclusively for, the newly-formed CityCenter Danbury Partnership</p>
FISCAL YEAR 2010-11 ACCOMPLISHMENTS	<ul style="list-style-type: none"> ◆ Initiated involvement in developing a 10-town Regional Comprehensive Economic Development Strategy Board, taking a leadership role along with Newtown and New Milford. This project gained HVCEO approval to continue formalization of a recognized CEDS to become eligible for federal economic development grants. ◆ Played a role in bringing Naugatuck Valley Community College expansion to Danbury through involvement on Workforce Investment Board of Directors and Executive Committee. ◆ Interacted regularly with City businesses with a significant effort toward retention. Tax deferral incentives are offered, with City Council approval, to qualifying businesses on their proposed expansion projects.
MAJOR OBJECTIVES 2011-2012	<ul style="list-style-type: none"> ◆ Play a role in developing brand recognition for our 10-town Comprehensive Economic Development Strategy region. Assist in seeking funds for this much needed CEDS. ◆ Play a role in implementing the Mayor's Main Street Renaissance Task Force recommendations. ◆ Focus on business retention by conducting regular on-site visits to our existing businesses.

**OFFICE OF ECONOMIC DEVELOPMENT ADOPTED BUDGET
FISCAL YEAR 2011-2012**

Office of Economic Development, under the direction of the Mayor, works to strategically attract new companies and promote business development in Danbury. The OED supports the City's existing economic base by providing support services to local businesses in areas of traditional economic development, including: business retention, workforce development, transportation and infrastructure improvements. In its capacity as the clearinghouse for economic development matters, the office acts as liaison between the private sector and state, regional and local economic development resource providers and assists and advises area businesses on available economic development resources. In addition, the Office of Economic Development seeks to develop new economic development initiatives through public-private partnerships and has responsibilities for grant writing, public and community relations, and legislative advocacy.

FAIR RENT COMMISSION

STATEMENT OF MISSION, ACCOMPLISHMENTS AND MAJOR OBJECTIVES

STATEMENT OF MISSION	The Fair Rent Commission of the City of Danbury was created for the purpose of maintaining reasonable rental rates and eliminating excessive rental charges on residential properties within the City of Danbury. The Fair Rent Commission will investigate and act on complaints, inquiries, and other communications concerning alleged excessive rental charges in housing accommodations in Danbury.
FISCAL YEAR 2010-11 ACCOMPLISHMENTS	<ul style="list-style-type: none"> ◆ The F.R.C. had a reported 24 plus inquiries made regarding excessive charges and affordable housing requested information. Questions on "notice to quit" and foreclosure information were prevalent. ◆ The F.R.C. had no hearing held in fiscal year 2009-2010. As of July, 2010 to the present, there are no cases. This may be attributed to landlord/tenant negotiating rental costs. ◆ The F.R.C. continues to meet on the third Thursday of every month. Not only are alleged excessive rental complaints addressed, but also foreclosures, security deposit information, affordable rentals availability, any type housing problems/issues are reviewed and processed.
MAJOR OBJECTIVES 2011-2012	<ul style="list-style-type: none"> ◆ Continue to focus on the affordability of rental housing in the City of Danbury. To assist those who now face possible homelessness due to increase harsh economic conditions. ◆ To provide educational/outreach assistance to the general public on affordable housing and related issues on rental housing within the City of Danbury. ◆ To assist the City of Danbury Unified Neighborhood Inspection Team (UNIT), to assist the Danbury Housing Partnership on promoting affordable housing, to assist social service agencies/organizations in the prevention of homelessness or to assist those individuals/families who have become homeless.

**FAIR RENT COMMISSION ADOPTED BUDGET
FISCAL YEAR 2011-2012**

Fair Rent Commission works to maintain reasonable rental rates and eliminate excessive rental charges on residential properties within the City. It investigates complaints and acts on inquiries regarding alleged excessive rental charges in housing accommodations.

CANDLEWOOD LAKE AUTHORITY

STATEMENT OF MISSION, ACCOMPLISHMENTS AND MAJOR OBJECTIVES

STATEMENT OF MISSION	The Candlewood Lake Authority provides lake, shoreline and watershed management to foster the preservation and enhancement of recreational, economic, scenic, public safety and environmental values of the Lake for the City of Danbury and the towns of Brookfield, New Fairfield, New Milford and Sherman in cooperation with the State of Connecticut and Northeast Utilities.
FISCAL YEAR 2010-2011 ACCOMPLISHMENTS	<ul style="list-style-type: none"> ◆ The CLA Marine Patrol successfully operated without a supervising law enforcement agency due to constraints on CT DEP EnCon Police. EnCon Police supervision was established in time for the 2010 boating season after bringing the matter to the CT DEP. ◆ The CLA partnered with WCSU in providing public seminars (e.g. on Eurasian watermilfoil-related issues & on boating recreation) and facilitated a number of research initiatives with students and faculty including milfoil weevil monitoring and drawdown related studies. ◆ Examined and reported on recreational pressures on the lake. This document was submitted into the FERC record as part of Shoreline Management Plan process and is available on our revised website.
MAJOR OBJECTIVES 2011-2012	<ul style="list-style-type: none"> ◆ The CLA will be developing and implementing a series of strategies to help local residents understand the Eurasian watermilfoil problem and the options available to address the problem. CLA will also lead in the development of a Zebra Mussel Task Force to help the Candlewood Lake and nearby lake communities address the aquatic invasive animal recently found in Lakes Lillinonah and Zoar. ◆ CLA will facilitate research initiatives including: the feasibility of milfoil weevils to manage Eurasian watermilfoil and the evaluation of effects of drawdown on lake ecology, while continuing our own annual lake water quality monitoring programs. ◆ CLA will work on developing a long-term agreement with the CT DEP for their oversight of our Lake Patrol.

DANBURY HOUSING AUTHORITY - ELDERLY TRANSPORTATION

STATEMENT OF MISSION, ACCOMPLISHMENTS AND MAJOR OBJECTIVES

STATEMENT OF MISSION	<p>The Danbury Housing Authority strives to provide decent, safe and sanitary housing opportunity to low and moderate income residents. The objective of this program is to provide free transportation to the poor and elderly residents of our housing complexes. This service makes it possible for the residents served to avoid having to own and drive a vehicle for their basic medical, food and religious needs. This program provides benefits to all the residents of Danbury in reduced traffic congestion, reduced auto emissions and safer drivers on the road.</p> <p>The City of Danbury currently provides a grant to the Housing Authority to defray a portion of the cost of the van driver program that provides door to door transportation to residents of Ives Manor, Crosby Manor, Wooster Manor, Putman Towers and Glen Apartments from their residences to shopping centers, medical appointments and religious services 52 weeks per year.</p>
FISCAL YEAR 2010-2011 ACCOMPLISHMENTS	<ul style="list-style-type: none"> ◆ The program provides each of the five developments with two weekly trips for grocery shopping to Stew Leonard's, Stop and Shop, C-Town, Super Food Market and Walmart. Residents are picked up at their homes and assisted with their packages upon returning home. Also, trips for religious services are performed on an "as requested" basis. Additional trips are provided to the polls on election day and to other community activities/holiday celebrations so that the residents can feel like a complete part of the community. This service accommodates approximately 50 to 70 riders per week.

Economics: Promoting financial stability and self-sufficiency – United Way creates opportunities for all people to secure safe and affordable housing, acquire skills and training to maintain employment and achieve financial stability leading toward independence. Programs and initiatives funded in this category include supportive housing, affordable housing, employability training, basic needs, and legal aid.

Education: Helping children, youth and their families achieve their potential – Programs supported in this category include early childhood education, afterschool care, academic completion programs and parent education programs. Education is the cornerstone of individual and community success. It's essential to getting and keeping a job with a livable wage and health benefits. And it is fundamental to a community's economic prosperity; a well-educated workforce attracts world-class jobs.

Health: Promoting health and wellness – United Way strives to make health care accessible and affordable in our communities. Illness can affect individuals and families not only physically, but emotionally and financially. Programs supported in this category include those that promote healthy lifestyles, provide counseling services, home health care, children's health clinics and drug and alcohol rehabilitation services.

The Volunteer Center continues its collaborative partnership with the City of Danbury as the administrator of Danbury's **S.A.V.E. (Seniors Adding Valuable Experience) Program**. **S.A.V.E.** connects seniors to volunteer service in City departments and nonprofit agencies. Financially qualifying seniors completing 100 hours of service are eligible to receive up to \$600 in property tax credits per household. For 2010-11 year, 48 **S.A.V.E.** participants will contribute over 4,800 hours to the Danbury community. Based upon the national average for estimated value of a volunteer's time, the total financial project impact of this year's participants will be a minimum of \$130,896. (The number of participants may increase until February 2011). Overall, the cost-effective **S.A.V.E.** Program is a wonderful success. Danbury senior homeowners are eligible for a tax reduction, and the City departments and nonprofits have the benefit of the seniors' skills as volunteers.

WATER FUND

STATEMENT OF MISSION, ACCOMPLISHMENTS AND MAJOR OBJECTIVES

STATEMENT OF MISSION	<p>The mission of the Danbury Water Department (DWD) is to provide our customers with adequate quantities of high quality water that meet or exceed the standards established for the protection of Public Health. The DWD is committed to operating and maintaining a water utility infrastructure that will serve the demands of homes and businesses as well as provide sufficient fire flows for the protection of public and private property both now and in the future.</p>
FISCAL YEAR 2010-2011 ACCOMPLISHMENTS	<ul style="list-style-type: none"> ◆ Continued Fire Hydrant Replacement Program. ◆ Formally updated 15 required OSHA Compliance Programs and performed associated training of Public Utilities employees. ◆ Performed structural inspection of 1.5 million gallon WestConn Water Storage Tank and evaluated rehabilitation and painting options versus tank replacement options.
MAJOR OBJECTIVES 2011-2012	<ul style="list-style-type: none"> ◆ Complete the replacement of all out of service City Fire Hydrants. ◆ Complete Water Meter Replacement Program. ◆ Obtain CT DEP approval to allow the proposed modifications to the existing water diversion permit for the purposes of increasing the safe yield of Danbury's water supply sources through the year round operation of the Kenosia Well Fields.

INTRODUCTION

The Capital Budget is the City's plan of capital projects and the means of financing them for a given fiscal year. The Planning Commission adopts a six-year capital improvement program and the City Council approves authorization for the first year of the program. The following section contains a summary of the City's Capital Budget and includes an explanation of the capital budget process, its relationship to the operating budget, and a brief description of the approved capital projects for 2011-12. This section also contains information on capital budget financing and debt administration in the City.

Capital Budget Overview

Capital improvement programming and budgeting involves the development of a long-term plan for capital expenditures of the City. Capital expenditures include costs for buildings, land, major maintenance items, equipment, and other commodities that are of significant value and have a useful life of many years.

The FY 11-12 Capital Budget Plan provides for making investments in schools, public safety, and in the City's infrastructure in addition to funding mandated projects such as the 2012 Property Revaluation and the replacement of the underground storage tanks. The FY 11-12 Capital Budget includes funding for the following: **Schools** – for energy efficiency projects, such as: replacement of boilers, windows and possible lighting upgrades in various buildings (Danbury HS, Broadview, Stadley Rough, King Street, etc.), and repair/waterproof interior masonry at Alternative School; **Public Safety** – funds have been provided for the Police Department for the annual Patrol/Detective Vehicle Replacement Program while the Fire Department will continue to receive funding for their Air Pac Replacement Program and to fund the lease of the two pumpers purchased last year; **Public Buildings** – replacement of the artificial turf at DHS Crotty Stadium, replacement of underground storage tanks as required by EPA at the Airport, Fire HQ, and City Hall, and new septic installation at the Danbury Airport; **Infrastructure** – paving, drainage, road improvement, highway equipment, airport taxiway rehabilitation, bridge improvements, Long Ridge Road Bridge Replacement and Germanton Road/Hospital Avenue intersection improvements; and **General Government** – funding for the mandated 2012 Property Revaluation. The Capital Budget includes a plan to implement a Constituent Relationship Management (CRM) System, which will provide for significant upgrades to the City's technology infrastructure, including the replacement of core business software systems and related equipment. However, these costs will be managed within the existing budget (internalized) by utilizing the current funding for our existing outdated hardware and software systems over the next several years via lease/license agreements. By implementing a CRM system, cost savings and cost avoidance will be immediately realized by significantly improving efficiency and effectiveness via paperless and electronic work flow processes and better internal/external (with the public) communication with the central data warehouse concept.

The total FY 11-12 Capital Budget is \$8,877,967 and shall be funded as follows: General Fund (\$1,100,000), Borrowing – Bonds/BANS (\$3,000,000), Federal/State grants (\$4,777,967), and LoCIP (\$500,000).

The City's Capital Improvement Program (CIP) lists proposed capital items to be undertaken over a six-year period, beginning with the ensuing fiscal year, and projecting expenditures for the following five years. Based on the CIP, summaries of capital activity can be prepared as well as summaries of future financial requirements, including bonds to be issued, grants to be secured, and general operating funds to be committed.

The annual Capital Budget is based on the CIP, though it may vary from the actual amount programmed in response to unanticipated revenue gains or losses. In either case, the CIP must be updated after the adoption of the Capital Budget to (1) make necessary adjustments in future programs resulting from changes in the current amount funded, and (2) add a year of programming to replace the current fiscal year.

The distinction between capital and operating items are determined by two criteria - cost and frequency. The minimum for any one item to be included on the CIP is set at \$25,000. In addition, items that occur every year (e.g. salaries, office supplies), regardless of cost, are not included.

Capital Budget Process

November – During the month of November, the Director of Planning distributes Capital Budget forms and guidelines to City departments and authorities.

December – January – During the month of December, the capital budget requests are returned to the Director of Planning. Departments are required to prioritize the projects in their requests through the use of a numbering system. The highest priority project is given a number one (1). In addition, projects may be given additional priority by ranking them as either “urgent” or “necessary”. Projects identified as “urgent” signifies that from a department’s perspective, operations may be impacted if not executed. Projects identified as “necessary” indicates that the project should be addressed at some point during the term of the capital improvement plan. The Planning Director meets with various City departments to review their requests and priorities. The Planning Director also meets with the Mayor and the Finance Director to review budget submissions. The Planning Director submits a proposed CIP to the Planning Commission for its consideration.

February – On or before February 15th, the Planning Commission forwards its recommended CIP to the Mayor.

March - The Mayor reviews the recommended CIP. During this phase, the Mayor may reduce or eliminate any department requests.

On or before April 7th – The Mayor transmits his recommended Capital Budget to the City Council.

April – The City Council may approve, reject or reduce any item in the Capital Budget by an affirmative vote of two-thirds of all the members of the City Council. Not later than May 1st, the City Council shall hold one or more public hearings, at which any taxpayer may have an opportunity to be heard regarding appropriations for the ensuing fiscal year.

May - Not later than May 15th, the City Council shall adopt the Capital Budget.

CAPITAL BUDGET FINANCING

Bonding

Section 7-10 of the Danbury City Charter gives the City Council the power to authorize indebtedness through the issuance of bonds or notes by an affirmative vote of at least two-thirds of the entire membership of the Council. Bonds shall not be issued for terms longer than the estimated life of the improvement for which they are issued, and in no event, for a term longer than twenty years.

Financing for these projects will include the use of Bond Anticipation Notes (BANS) and General Obligation Bonds. BANS will be used during the course of construction to provide the necessary cash to complete the projects. Funding for BAN interest is included in the referendum and is not paid out of the General Fund. Upon project completion, the BANS are permanently financed and long-term debt service is included in the General Fund budget. This financing strategy allows for better planning and stabilization of annual debt service costs. A combination of 10- and 20-year bonds is used to ensure that debt does not exceed the useful life of the improvement.

Bond Anticipation Notes

The capital budget may require financing through Bond Anticipation Notes. Notes are typically used to fund small, low cost projects that can be completed within 18-24 months. The BANS are never permanently financed and are paid down each year in the General Fund. Short-term interest on the BANS is included in the General Fund. This financing strategy allows for the completion of smaller projects without contributing to long-term debt service costs.

Local Capital Improvement Program (LOCIP)

The State of Connecticut's LOCIP program provides financial assistance to municipalities for eligible projects in the form of entitlement grants funded with State general obligation bonds. Eligible projects include road and sidewalk repairs, sewer and water projects, renovations to public buildings, bridges, dams, solid waste facilities and public housing, public park improvements, emergency communications systems, and the purchase of thermal imaging systems and defibrillators. The City of Danbury incorporates LOCIP funding into its Capital Budget to fund eligible projects. The use of LOCIP funds reduces the City's reliance on short and long-term debt.

Community Development Block Grant Funds (CDBG)

Each year the City of Danbury receives an entitlement grant from the CDBG program financed through the Federal Department of Housing and Urban Development. A portion of these funds can be used for public improvement projects that are either located in low to moderate-income neighborhoods or serve low to moderate-income persons. City projects that meet either of these criteria are included in the Capital Budget and reduce the City's reliance on short and long-term debt.

CITY INDEBTEDNESS AND DEBT LIMITS

Under Connecticut General Statutes, municipalities shall not incur indebtedness through the issuance of bonds that will cause aggregate indebtedness by class to exceed the following:

- General Purposes – 2.25 times annual receipts from taxation
- School Purposes – 4.5 times annual receipts from taxation
- Sewer Purposes – 3.75 times annual receipts from taxation
- Urban Renewal Purposes – 3.25 times annual receipts from taxation
- Unfunded Pension Liabilities – 3.0 times annual receipts from taxation

In no case, however, shall the total indebtedness exceed seven times the base.

The following schedule shows the computation of the statutory debt limit of the City of Danbury and the debt-incurring margin as of May 31, 2011.

GLOSSARY

Accrual Basis of Accounting

The method of accounting in which transactions are recorded at the time they are earned or incurred, as opposed to when the cash is received or spent.

Adopted Budget

The annual operating budget for the fiscal year approved by the City Council. City Charter mandates that the City Council must approve the budget no later than May 15.

Annual Report

A non-financial report that outlines the accomplishments and developments of the City departments over the past year. The report is published as an insert in the News-Times.

Appropriation

A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes.

Assessed Valuation

A valuation set upon real estate or other property by a government as a basis for levying taxes.

Audit

A systematic collection of the sufficient, competent evidential matter needed to attest to the fairness of management's assertions in the financial statements. It is also a procedure for evaluating whether management has efficiently and effectively carried out its responsibilities. The auditor obtains the evidential matter through observation, inspection, inquiries and confirmations with third parties.

Authority

A government or public agency created to perform a single function or a restricted group of related activities. Usually, such units are financed from service charges, fees and tolls and may be completely independent of other governments or be partially dependent upon other governments for its financing.

Balanced Budget

The City of Danbury is required to present and maintain a balanced budget which occurs when the sum of estimated net revenues and appropriated fund balance and transfers is equal to appropriations.

BANS (Bond Anticipation Notes)

Bond Anticipation Notes are short-term, interest bearing notes issued by a government in anticipation of bonds to be issued at a later date.

Basis of Accounting

A term used to refer to when revenues, expenditures, expenses and transfers, and the related assets and liabilities, are recognized in the accounts and reported in the financial statements.

Bonds Authorized and Unissued

Bonds that have been authorized legally but not issued and that can be issued and sold without further authorization.

Budget

An annual plan of financial operation embodying an estimate of proposed expenditures for the fiscal year and the proposed means of financing them.

Budget Message

A general discussion of the proposed and adopted budgets as presented in writing by the Mayor to the City Council and the citizens of Danbury.

CAFR (Comprehensive Annual Financial Report)

The Comprehensive Annual Financial Report is the official annual financial report of a government. It includes introductory material, financial statements, and supporting schedules to demonstrate legal compliance and statistical information.

Capital Budget

A plan for capital expenditures to be incurred each year over a fixed period of years. It sets forth each project and specifies the estimated resources available to finance the expenditures. The City Charter mandates a capital budget for the ensuing year and for the five fiscal years thereafter. The Capital Budget is not part of the City's annual operating budget.

Charges to Users

An amount levied against users of a service provided by the City (e.g., sewer and water charges).

City Council

The legislative body for the City of Danbury. The Council consists of 21 members, 2 from each of 7 wards and 7 at-large, all of whom serve a term of 2 years.

Collective Bargaining Agreement

A consent between the City of Danbury and the various employee bargaining groups, which defines working conditions, salary and benefits, and job categories.

Community Services

Community Services lists the non-profit organizations that have partnered with the City in providing much needed services for the community that would likely have been provided by the City Government but at a much higher cost to taxpayers if such an arrangement did not exist.

Contingency

Monies set aside in the annual operating budget to provide for unforeseen expenditures or for anticipated expenditures of uncertain amounts.

Continuing Appropriation

An appropriation that, once established, is automatically renewed without further legislative action, until altered or revoked.

Credit Rating

A rating set by an independent agency which reflects an entity's ability to repay debt resulting from the sale of bonds. Moody's Investor Service, Standard and Poors Corporation and Fitch Investor Service are the three major rating agencies in the United States.

Debt Ratios

Comparative statistics illustrating the relation between the City's outstanding debt and such factors as its tax base, income or population. These ratios often are used as part of the process of determining the credit ratings of an issue, especially with general obligation bonds.

Debt Service

Money placed in the operating budget to pay principal and interest on outstanding debt in full and on schedule.

Deferred Assessment

The City Charter allows a deferral of a tax assessment for up to 7 years for construction activity that enhances economic development.

Delinquent Taxes

Taxes remaining unpaid on and after the date to which a penalty for non-payment is attached.

Employee Service Benefits

Funds used to pay longevity, salary increases for non-union employees, vacant positions, and contractual sick leave payouts.

Encumbrance

Commitment of funds to be used for goods and services not yet delivered. Funds are usually reserved or set aside once a contractual obligation has been entered.

Expenditure

A payment, or an incurred liability to make a payment, for an asset or an expense.

Fiscal Year

A 12- month period to which the annual operating budget applies and at the end of which the City determines its financial position and the results of its operation. The fiscal year for the City of Danbury is from July 1 to June 30.

Fixed Assets

Long-lived tangible assets obtained or controlled as a result of past transactions, events or circumstances. Fixed assets include buildings, equipment, and improvements other than buildings and land.

Fund Accounting

An accounting practice which segregates assets and related liabilities and residual equities for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations and which operates as a separate fiscal entity with a self-balancing set of accounts.

Fund

A fiscal and accounting entity with a self-balancing set of accounts.

Fund Balance

The difference between assets and fund liabilities of governmental and similar trust funds.

GAAP (Generally Accepted Accounting Principles)

Uniform minimum standards and guidelines for financial accounting and reporting.

GASB (Governmental Accounting Standards Board)

The authoritative accounting and financial reporting standard setting body for government entities.

General Fund

The General Fund is the general operating fund of the City government. This fund accounts for all financial resources except those required to be accounted for in another fund.

General Obligation Bonds

Bonds for which payment is backed by the full faith and credit of government and is considered payable from taxes and other general revenues.

Grand List

The official list of the total assessed value of real estate, personal property and motor vehicles within City boundaries. The taxes are determined October 1 for the ensuing fiscal year in which they are due.

Grant Agency

Any private, non-profit agency, which receives funding from the City to provide services to its residents.

HVCEO

An acronym for the Housatonic Valley Council of Elected Officials, located in the Old Brookfield Town Hall building. It is a voluntary regional coordinating body maintained by ten municipalities in western Connecticut. Its mission is to make the region a better place in which to live, do business and visit.

Indirect Revenue

Any revenues received by the City other than from the property tax (tax revenues).

Internal Service Funds

Proprietary fund type that may be used to report any activity that provides goods or services to other funds, departments or agencies of the primary government and its component units, or on a cost reimbursement basis.

Intergovernmental Revenues

Revenues from other governments in the form of grants, entitlements, shared revenues or payment in lieu of taxes.

Line Item

Also called an account. A specific expenditure or revenue category within a departmental budget, e.g., postage, electric, travel, or fuel.

LoCIP

Local Capital Improvement Program.

Logic Model

A learning and improvement tool that will help department heads to focus on what they want to accomplish and how they will reach their goals.

Mayor's Proposed Budget

The annual budget presented to the City Council by the Mayor outlining the financial policy of the City government, providing estimates of revenue and itemized estimates of expenses and the Mayor's recommendation for the amounts to be appropriated. City Charter mandates that the budget be presented no later than April 7.

Mill

One one-thousandth of a dollar of assessed value.

Mill Rate

The rate used in calculating taxes based on the valuation of property, expressed in mills per dollar of property value.

Miscellaneous Appropriation Adjustment

To reflect adjustments required under GAAP as part of the City's year-end closing procedure.

Modified Accrual Accounting

A basis of accounting in which revenues are recorded when collected and expenditures are recorded when encumbered.

Net Bonded Debt

Gross bonded debt less any cash or other assets available and earmarked for its retirement and less all self-supporting debt (e.g., revenue bonds).

Operating Budget

A plan of current expenditures and the proposed means of financing them. The annual operating budget is the primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled. City Charter requires the adoption of an annual operating budget.

Operating Results

The amount by which actual revenues varied from budgeted revenues and actual expenditures varied from budgeted expenditures, aggregated in total, during a fiscal period.

Operating Transfers

Legally authorized transfers from a fund receiving revenue to the fund through which the resources are to be expended.

Ordinance

A formal legislative enactment by the governing body of a municipality. If it is not in conflict with any higher form of law, such as a state statute or constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which it applies. The difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal status. Ordinarily, the statutes or charter will specify or imply those legislative actions that must be by ordinance and those that may be by resolution. Revenue raising measures, such as the imposition of taxes, special assessments and service charges, universally require ordinances.

Performance Measurement

An indication of what a program or service is accomplishing and whether results are being achieved.

PILOT

An acronym for payment in lieu of taxes.

Property Tax

A tax levied on the value of real property set annually by the City Council to fund general government expenditures. The property tax is expressed as a dollar value per \$1,000 of assessed valuation.

Q-Alert

A software system used to track the action on requests submitted through City Line 311 or the City's website. Requests are tracked from submission to completion. The system also provides data and reports to aid managers in analyzing trends in requests and timeliness and effectiveness of service.

Recurring Costs

Expenditures occurring on an annual basis. Included in this category are FICA taxes, Insurance, Pension Benefits, Worker's Compensation, State Unemployment Compensation, Employee Service Benefit, Employee Health and Life Insurance and Union Welfare.

Refunding Bonds

Bonds issued at a lower interest rate to retire higher interest rate bonds already outstanding.

Resolution

A special temporary order of a legislative body; an order of legislative body requiring less legal formality than an ordinance or statute.

Risk Management

All the ways and means used to avoid accidental loss or to reduce its consequences if it does occur.

S.A.V.E.

An acronym for Seniors Adding Valuable Experience. This program allows seniors to qualify for a property tax credit through community service in Danbury.

Self-Insurance

The retention of a risk of loss arising out of the ownership of property or from some other case, instead of transferring that risk to an independent third party through the purchase of an insurance policy.

Special Revenue Fund

Special Revenue Funds are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

Statute

A written law enacted by a duly organized and constituted legislative body.

Tax Appeal

Taxpayers who disagree with the assessed value of their property can appeal their assessments to the Board of Assessment and Appeal for relief. Taxpayers may take their appeals to court if their efforts at the Board of Assessment and Appeal are unsuccessful.

Tax Collection Rate

The amount of taxes collected compared to the total taxes levied in a given fiscal year.

Tax Levy

The total amount of taxes imposed by a government to finance services performed for the common benefit.

Tax Liens

Claims governments have upon properties until the taxes levied against them have been paid. This term is sometimes limited to those delinquent taxes the government has taken legal action to collect through the filing of liens.

Tax Revenues

Moneys received from the assessment of real estate, personal property, and motor vehicles within the City of Danbury.

Transfers

Movement of funds from one distinct accounting entity to another.
