Re: The Home Depot
114 Federal Road
Danbury, CT

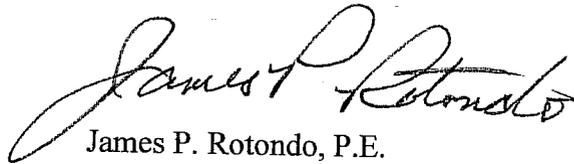

Dear Ms. Samaha:

The Home Depot USA is in the process of obtaining approvals for the expansion of their existing store located at 114 Federal Road. The proposed work requires the relocation of an existing water main and sanitary sewer along with the respective easement. On behalf of The Home Depot, we request that this matter be scheduled with the Common Council for approval. Attached is a sketch of the proposed relocation.

Please call with any questions. Thank you.

Very truly yours,
