WILLIAM J. BUCKLEY, JR., P.E.
DIRECTOR OF PUBLIC WORKS / CITY ENGINEER

August 17, 2004

Honorable Mark D. Boughton
Common Council
City of Danbury
155 Deer Hill Avenue
Danbury, CT 06810

Dear Mayor Boughton and Common Council Members:

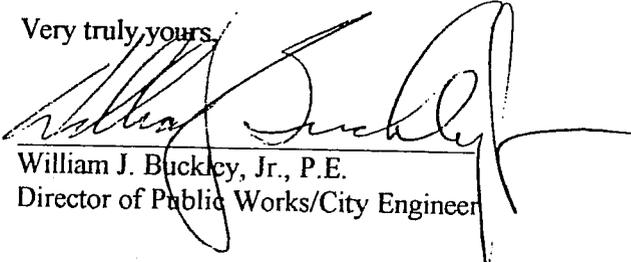

11 Virginia Avenue (Construction Consultants, LLC)
Fire Hydrant

At the August 3, 2004 Common Council meeting, the July 12, 2004 letter from Michael J. Mazzucco, P.E. requesting that the Common Council accept a fire hydrant that will be installed as part of the above noted development was forwarded to our office for a report within thirty days (reference is made to item 28 of the meeting minutes).

The Public Works Department supports the installation of this new fire hydrant on Virginia Avenue and recommends that the Common Council approve its installation within the street right of way as well as the transfer of title to the fire hydrant and its appurtenances to the City conditional on the proper installation of said fire hydrant and the submittal of a Bill of Sale and any other legal documents deemed warranted by the Corporation Counsel's office.

If you have any questions, please feel free to give me a call.

Very truly yours,

William J. Buckley, Jr., P.E.
Director of Public Works/City Engineer
