

To Whom it concerns,

On the following page please find a Survey/ Petition of the residents of Alexander D Ave for the request of Sewer Service in our neighborhood. The Engineering has been done for this project and we would like to see it followed thru. Recently, there was a Sewer Line ran down Richmond Ave., which intersects with Alexander D, only to stop 40ft short of our neighborhood, this Sewer System was installed to service 2 homes!!, why can't the residents of Alexander D Ave. also have a system?. Our Septic systems are 50+ years old and will soon be in dire need of replacements, we'd rather put our dollars toward a Sewer System rather than a Septic System. Please keep in mind that we also have Well Systems that may be contaminated when these aged Septic Systems start to fail. Thank You -Richard Ferreira 5 Alexander D Ave.
