**RE: Proposed Service Driveway  
Wiedel Property (Tax ID No J24015), Long Ridge Road, Danbury, CT**

Dear Members:

As the agent for Monique W. Wiedel Trustee owner of 64± acres of property off the designated "Scenic Road" Long Ridge Road I respectfully request permission on Mrs. Wiedel behalf to construct a service driveway along said scenic road.

The proposed driveway is needed for the safe and proper access onto the property for both recreational use of the property and maintenance of the property. Although no new structures are proposed at this time, we have shown on the plan a possible house or barn location.

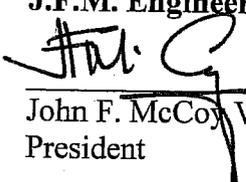

In order to provide the appropriate sightlines for vehicles exiting the new driveway, slight modifications to the existing banks on either side of the driveway shall be required. These modifications are primarily regrading of the banks requiring no tree removal within the road right-of-way, and no stone wall removal. The new banks shall be planted with a flowering meadow mix as suggested in the "Scenic Road" guidelines.

We have enclosed three (3) copies of the design drawings along with two (2) copies of the drainage report for your use and review.

We look forward to discussing this matter with you, and welcome any questions or comments you might have.

Thank you for your assistance and consideration in this matter

Sincerely  
**J.F.M. Engineering, Inc.**

  
John F. McCoy VII, P.E.
