Re: Building Use Policy, Senior Center

Dear Mr. Nolan and Fellow Council Members:

Due to the receipt of numerous constituent complaints, I would like to request an ad hoc committee to evaluate the effectiveness of the current building use policy with respect to the use of the senior center.

I would like this committee to include the Superintendent of Public Buildings, the Director of Finance and the Director of the Senior Center.

Please place this item on the January Agenda.

Sincerely,

Mary G. Saracino
Council at Large
