City of Danbury Common Council
Attn: Secretary
Danbury City Hall
155 Deer Hill Avenue
Danbury, CT 06810

RE: City Sewer

Dear Common Council Secretary:

Enclosed are two signed petitions from the residence of Southern Blvd. and Ryders Lane. Petition #1 is a request for installation of city sewer. Petition #2 is a request for sidewalks.

It is my understanding that this is the next step in proceeding with our original request.

All of the residences along this area of Southern Blvd are for city sewer. If there becomes an issue because of residence on Ryders Lane, we ask that you assess the feasibility of the city sewer installation on the two roads independently.

Please feel free to contact me regarding anything I need to do in order to help further facilitate this matter.

Best Regards,

Lisa Chirco

Cc: Mr. Fred Visconti, 5th Ward Councilman
Mr. Bill Buckley, Public Works Department

Petition #2

Also, as part of the Tarrywile Park master plan approved by this Common Council, we are also petitioning the City for sidewalks from Rogers Park School to the main entrance of Immaculate High School opposite the main entrance of Tarrywile Park.
