Re: Inter Local Agreement
Bethel – Danbury

Dear Council Members,

At the April 4, 2005 meeting of the Bethel Public Utilities Commission, I was directed to contact you in an effort to create an Inter Local Agreement Committee to draft an agreement between the Town of Bethel and the City of Danbury, concerning the inter-connection of our respective water systems in the Baker Residential project which straddles the municipal boundary.

As you know, this project will bring water lines from both municipalities relatively close together and Baker Residential has expressed a willingness to assist both municipalities with this inter-connection.

Upon your consideration and agreement to establish such a committee, please contact either of the officials listed below.

Alice Hutchinson
First Selectman
Town of Bethel
1 School Street
Bethel, CT 06801
(203) 794-8501

Martin Lawlor Esq.
99 Greenwood Avenue
Bethel, CT 06801
(203) 790-9398

Should you have any questions, please contact the undersigned.

Very truly yours,

BETHEL UTILITIES
