Subject: Resignation

Dear Mayor Boughton & President Nolan,

It is with great sorrow and difficulty that I send in my resignation from my post as councilwoman for the second ward.

This decision was very hard to arrive at. I have recently started my bachelor's degree and with the combination of work and school I am finding it very challenging to make it to the council meetings.

I feel that this position needs to be filled with individuals who can afford to give the amount of hours required for the public. I had enjoyed the time that I had on the council and thank you Mayor Boughton for the opportunity.

If you could let me know how I can turn in my laptop and what else would need to be done I would appreciate it.

Respectfully Submitted,

Georgette M. Burns
