COMMON COUNCIL

## REPORT

July 6, 2005

Mayor Mark D. Boughton  
Members of the Common Council

Re: **Water Extension at 45 Woodside Avenue**

The Common Council Committee appointed to review the request for water extension at 45 Woodside Avenue met on June 16, 2005 at 6:15 P.M. in the Third Floor Caucus Room in City Hall. In attendance were committee members Basso, Esposito and Saadi. Also in attendance were Director of Public Works William Buckley, Cesar Lopes and Council Member Stanley, ex-officio.

Mrs. Basso noted that there was a positive report from the Planning Commission. Mr. Buckley stated that the petitioner would have preferred a well, but with the option of bringing water up, they agreed that he would do the work and the City would provide the materials upon approval by the Common Council. A ninth step, in addition to the normal eight steps, would be necessary stating that the City will provide the material necessary to proceed with the extension. Other existing water customers will benefit.

Mr. Saadi made a motion to recommend approval of the proposed water extension subject to the required eight steps, with an additional ninth step stating that the City will provide the materials necessary to proceed with the extension with the work done by the petitioner. Seconded by Mr. Esposito. Motion carried unanimously.

Respectfully submitted,
