792 Ridgebury Road
Ridgefield, Ct 06877
Request for a water hook up

Common Council
155 Deer Hill Road
Danbury, Ct. 06810
Dear Common Council:

I live at the 792 Ridgebury Road which borders Danbury. I have struggled with a well that is non-producing for some time and all solutions have failed. I have received a great deal of support and advice on acquiring water from the line that runs outside my home from the engineers and water managers in Danbury and you should know that they have all been incredible. You are well represented. I am sending this letter requesting permission to gain access to water. We are presently working with bottled water so an approval would be greatly appreciated.

Sincerely,
Michael V. Reitano
