155 DEER HILL AVENUE

DANBURY, CONNECTICUT 06810

COMMON COUNCIL

REPORT

February 7, 2006

Mayor Mark D. Boughton
Members of the Common Council

Re: **Towing Ordinance**

The Common Council met as a committee of the whole immediately following a public hearing on January 9, 2006 in the Common Council Chambers.

Attorney Gottschalk stated that the key changes are the level of insurance protection has been raised, licensing fees, types of lists, service levels, the need for rotation towers to clean up accident sites, the right of access to contents of stored vehicles and tow truck driver qualifications.

Mr. Cavo asked the Police Chief if he is happy with the revised ordinance. Chief Baker said he is very happy with it and it will improve service.

Mr. Trombetta made a motion to recommend adoption of the towing ordinance. Seconded by Mr. Visconti. Motion carried unanimously.

Respectfully submitted,

VINCENT P. NOLAN, JR.
Chairman
