Re: Request for release of funds from Bear Mountain Reserve

I have attached a memo request to the Danbury Common Council from the Chairman of the Conservation commission for funds from the Bear Mountain reserve fund to subsidize mowing of the meadows in 2006. This request is specifically to transfer \$6000 in the Reserve account to the Conservation Commission budget for outside services.

This request, if authorized by the Council would provide us with enough lead time to select a landscaping contractor to provide the annual mowing services in the next few months, so that the trails can be cut during the summer 2006 season along with a complete mowing of the meadows in the fall.

Please let me know if you have any questions regarding this request. If not, I will submit the attached letter to the Common Council, on behalf of the Conservation Commission, for their April, 2006 meeting.

Thank you.

CONSERVATION COMMISSION

March 20, 2006

Honorable Mayor Mark Boughton and Members of the Danbury Common Council  
155 Deer Hill Avenue  
Danbury, Connecticut

Dear Mayor Boughton and Members of the Common Council:

Consistent with our funding activities from prior years for stewardship over Bear Mountain Reserve, the Danbury Conservation Commission respectfully requests the release of \$6000 from the Reserve Account for Conservation Improvements. The use of this funding will be for a transfer to the Conservation Commission's "Outside Services" account, to arrange for the mowing of the meadow trails at Bear Mountain Reservation. This mowing service will allow hiker access through the meadow trails and will protect hikers from tick-infested grass. The full mowing at the end of the season will also allow the long-term maintenance of the meadow to prevent its loss to a woodland.

Thank you for your consideration of this request.

Respectfully Yours,

Matt Antonetti

Chairman
