Re: Water Line and Sewer Line Acceptance, 23 Scuppo Road, Danbury, CT

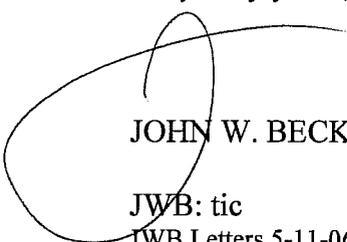

Dear Common Council Members:

On May 1, 2006 this firm sent to you a letter petitioning the Common Council for approval and acceptance of the water line and fire hydrants located on the above referenced site. We'd like to amend that letter by also petitioning the Common Council for approval and acceptance of the sewer line on the above referenced site as well. The purpose of the petition is to turn over both the water line and sewer line to the City for maintenance purposes.

I would appreciate it if you would put both of these matters down on the agenda for the Common Council's next regularly scheduled meeting.

If you have any questions, or require anything further, please do not hesitate to contact the undersigned.

Very truly yours,

JOHN W. BECK, Attorney for the Housing Authority of the City of Danbury
