Gentlemen:

Boehringer Ingelheim Pharmaceuticals, Inc. respectfully requests permission and a license to replace an existing Company directional sign, in the City's Right-of-Way, on the southeast corner of Old Ridgebury Rd. and Briar Ridge Rd. Enclosed is a site plan of this location, along with photos and a proposed signage drawing. The current sign has been in place for the last several years but may not have had all the required approvals to install it at this location.

The replacement will serve two purposes:

- Update the Company's graphic identification design.
- Provide a more visible and clearer direction to our site, since as we've grown there are more visitors.

Preliminary discussions were held with the City Engineer's office, Traffic Engineer, Zoning Enforcement Officer, Corporation Counsel and Highway Department. The Company recognizes its responsibility to maintain the sign and any landscaping around it and to relocate it if any City improvements so dictate.

Sincerely,

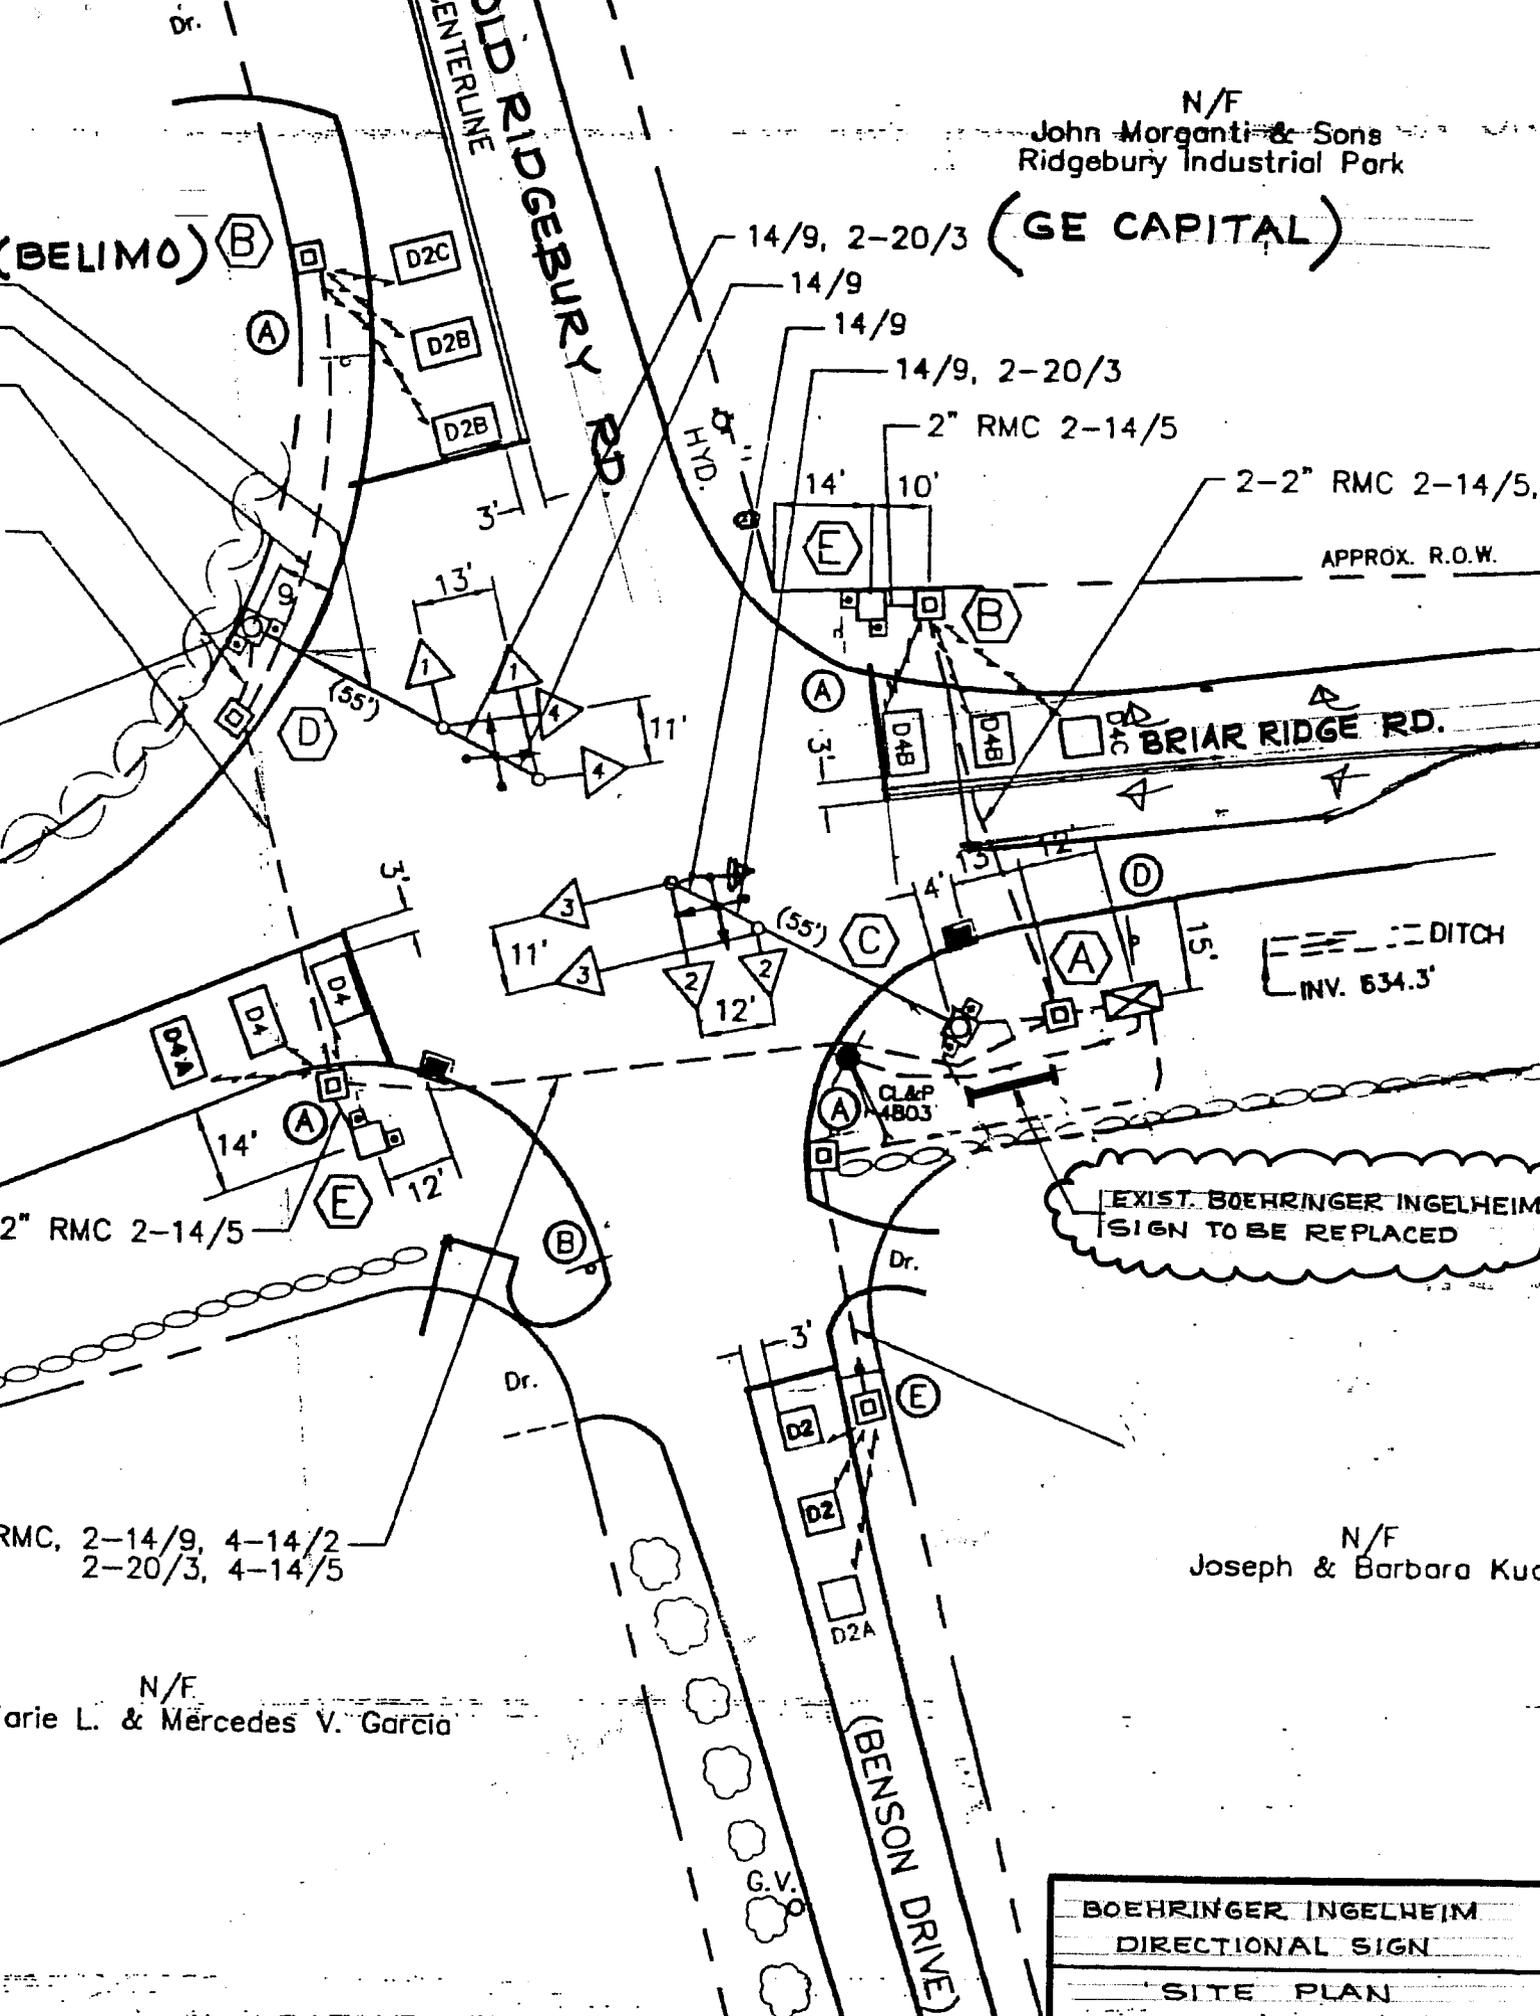

A handwritten signature in cursive script, appearing to read "John M. Wyshynski".
