RE: West Side Sewer Interceptor – Phase I Easements

Dear Mayor Boughton and Common Council Members:

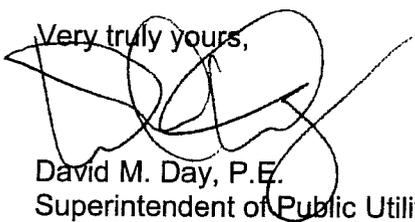

Enclosed please find copies of the proposed conceptual plan for the West Side Sewer Interceptor Phase I.

We have received verbal permission from the Housatonic Railroad to install the proposed sanitary sewer force main in their right-of-way. We have met with the Housatonic Railroad and agreed on the location of this proposed force main.

We request that you authorize the Corporation Counsel's office to negotiate and take the necessary steps to enter into a licensing agreement with Housatonic Railroad. This licensing agreement is required in order to install our sanitary sewer utility in the Housatonic Railroad right-of-way.

If you have any questions, please give me a call.

Very truly yours,

David M. Day, P.E.
Superintendent of Public Utilities
