January 29, 2007

Honorable Members of the Common Council
City of Danbury, Connecticut

Dear Common Council Members:

I am writing to ask for your endorsement of a responsible, environmentally-friendly initiative for Danbury's government - Clean Energy. I propose we begin purchasing clean energy for our public facilities with a goal of attaining 20% by 2010. This initiative is endorsed by the Connecticut Clean Energy Fund and will allow Danbury to qualify for clean energy grant awards.

I propose an Ad Hoc Committee of the Common Council consider adopting a resolution including the following Clean Energy ideals:

- A commitment to obtain 20% of the annual municipal electricity demand from clean, renewable sources by the year 2010, beginning with a purchase in the near term and increasing over time to reach the target goal; and,
- Establishment of an Energy Task Force to research and make recommendations as to how the City of Danbury can achieve its clean energy goals; and,
- Education and encouragement of Danbury residents, businesses and institutions to support clean energy.

Thank you for your attention to this matter.

Sincerely,

Mark D. Boughton
Mayor
