**Re: Common Council Application for Sewer Extension  
Honda of Danbury, 102 Federal Road  
Map L10, Lot # 9**

Dear Ms. Natale:

On behalf of the Applicant, Danbury Auto Partnership, please accept this application for the proposed sewer extension associated with the proposed improvements located at the existing Honda facility on Federal Road. The Applicant wishes to extend the existing sewer main which currently terminates at the front of the existing Harley Davidson facility located at the intersection of International Drive and Federal Road. This sewer main extension proposal will entail approximately 1,800 linear feet of 8-inch sewer main as required by the City and as shown on the outlined plans that have been included with this submittal package.

It is our understanding that the City of Danbury has reviewed proposals similar to this for extending sewer in this proximity, which has been confirmed to be physically feasible and that the City would be in favor of such a proposition. It is also our understanding that by submitting this application and material to you at least fourteen (14) days prior to the upcoming Common Council meeting, that this application will be reviewed and accepted at the June 5, 2007 Common Council meeting.

Should you have any questions, comments or require further information, please do not hesitate to contact me at 508-480-9900.

Very truly yours,

**BOHLER ENGINEERING, P.C.**
